Anyangwe, 2010-10-08 A remarkable feature of the collapse of the British Empire is that the British departed from almost every single one of their colonial territories invariably leaving behind a messy situation and an agenda of serious problems that in most cases still haunt those territories to this day One such territory is the Southern British Cameroons There the British Government took the official view that the territory and its people were expendable It opposed for selfish economic

reasons sovereign statehood for the territory in clear violation of the UN Charter and the norm of self determination It transferred the Southern Cameroons to a new colonial overlord and hurriedly left the territory The British Governments bad faith duplicity deception wheeling and dealing and betrayal of the people of the Southern Cameroons is incredible and defies good sense Ample evidence of this is provided by the declassified documents in this book Among the material are treaties concluded by Britain with Southern Cameroons coastal Kings and Chiefs and the boundary treaties of the Southern Cameroons treaties defining the frontiers with Nigeria to the west and the frontier with Cameroun Republic to the east The book contains documents that attest to the Southern Cameroons as a fully self governing country ready for sovereign statehood These include debates in the Southern Cameroons House of Assembly and the various Constitutions of the Southern Cameroons The book also reproduces British declassified documents on the Southern Cameroons covering the three critical years from 1959 to 1961 documents which speak to the inglorious stewardship of Great Britain in the Southern Cameroons This book removes lingering doubts in some quarters that the people of the Southern Cameroons were cheated of independence Its contents are further evidence of their inalienable right and sacred duty to assert their independence No one who reads this book can possibly be indifferent to the just struggle of the Southern Cameroons for sovereign statehood

Financial Cryptography Matt Blaze, 2007-07-21 The Sixth International Financial Cryptography Conference was held during March 11-14 2002 in Southampton Bermuda As is customary at FC these proceedings represent final versions of the papers presented revised to take into account comments and discussions from the conference Submissions to the conference were strong with 74 papers submitted and 19 accepted for presentation and publication Regrettably three of the submitted papers had to be summarily rejected after it was discovered that they had been improperly submitted in parallel to other conferences The small program committee worked very hard under a tight schedule working through Christmas day to select the program No program chair could ask for a better committee my thanks to everyone for their hard work and dedication In addition to the refereed papers the program included a welcome from the Minister of Telecommunications and e Commerce Renee Webb a keynote address by Nigel Hickson and a panel on privacy tradeoffs chaired by Rebecca Wright with panelists Ian Goldberg Ron Rivest and Graham Wood The traditional Tuesday evening rump session was skillfully officiated by Markus Jakobsson My job as program chair was made much much easier by the excellent work of our general chair Nicko van Someren who performed the miracle of hiding from me any evidence of the innumerable logistical nightmares associated with conducting this conference I have no idea how he did it but it must have involved many sleepless nights

Unionists and Confederates continued The bitterness and rancor resulting from the collapse of the Confederacy spurred an ongoing cycle of hostility and bloodshed that made the Reconstruction period a violent era of transition The violence was so pervasive that the federal government deployed units of the U S Army in North Carolina and other southern states to maintain law and order and protect blacks and Unionists Bluecoats and Tar Heels Soldiers and Civilians in Reconstruction North Carolina tells the story of the army s twelve year occupation of North Carolina a time of political instability and social unrest Author Mark Bradley details the complex interaction between the federal soldiers and the North Carolina civilians during this tumultuous period The federal troops attempted an impossible juggling act protecting the social and political rights of the newly freed black North Carolinians while conciliating their former enemies the ex Confederates The officers sought to minimize violence and unrest during the lengthy transition from war to peace but they ultimately proved far more successful in promoting sectional reconciliation than in protecting the freedpeople Bradley s exhaustive study examines the military efforts to stabilize the region in the face of opposition from both ordinary citizens and dangerous outlaws such as the Regulators and the Ku Klux Klan By 1872 the widespread organized violence that had plagued North Carolina since the close of the war had ceased enabling the bluecoats and the ex Confederates to participate in public rituals and social events that served as symbols of sectional reconciliation This rapprochement has been largely forgotten lost amidst the postbellum barrage of Lost Cause rhetoric causing many historians to believe that the process of national reunion did not begin until after Reconstruction Rectifying this misconception Bluecoats and Tar Heels illuminates the U S Army s significant role in an understudied aspect of Civil War reconciliation
