Through Lapland with Skis & Reindeer Frank Hedges Butler,1917 **Santa's Silly Sleigh Ride** Emily M,2024-12-08 Santa s Silly Sleigh Ride Join Santa Claus and his playful team of elves on a whimsical adventure in the North Pole with Santa s Silly Sleigh Ride This delightful children s book is filled with fun laughter and magical mishaps that will warm hearts and spark imaginations As Christmas Eve approaches the North Pole is bustling with activity Elves are busy crafting toys wrapping presents and preparing for the most magical night of the year But amidst the festive preparations a series of hilarious events unfolds From the Great Cookie Catastrophe where bouncing cookies wreak havoc in the workshop to the Reindeer Rebellion where Santa s reindeer play the silliest pranks each chapter is a new adventure Young readers will giggle and cheer as they follow the elves through wacky wrapping contests enchanted mistletoe mishaps and a high flying rescue mission And when the singing stockings burst into song the whole North Pole joins in for a festive concert that fills the air with joy At the heart of Santa s Silly Sleigh Ride is a message of friendship teamwork and the true spirit of Christmas With captivating illustrations and enchanting storytelling this book is perfect for reading aloud and sharing the magic of the holiday season with children of all ages **Beyond the Moon Crater Myth** Katherine Johnson Ringsmuth,2007 **The Alien Reindeer's Joy** Sonia Nova,Starr Huntress,2019-11-14 Dashing through the snow is no fun when you re running for your life For reindeer shifter Kaelar Christmas means a lot more than caroling and hot chocolate Without him and his fellow reindeer working for Santa excess joy would go to waste instead of into the hearts of children who need it Kaelar is committed to the season and the work that comes with it even when it means working against evil aliens whose mission is to vacuum away all the joy the reindeer fight to keep alive With the happiness of hundreds of children on his shoulders

murderous reindeer hunters on his tail and a group of vicious aliens stealing joy finding a mate is the last thing on Kaelar's mind. Until he meets her, Chloe is a doctor at a children's hospital and while she wants to fall in love and have a family, her patients are her priority so it feels like a gift when a mysterious reindeer shows up at the hospital and brings happiness to the children seemingly by magic. Could the visitor be connected to the handsome reindeer costumed man who's been cheering up children around town? The man Chloe can't stop thinking about. All Chloe knows is that the man seems to be counteracting a strange joylessness that has shrouded the town. Can Kaelar save Chloe's town before it's too late? Or will Christmas be ruined forever.

American Illustrated Magazine, 1877 **American Magazine**, 1926 The History of Montgomery County, Ohio, Containing a History of the County, 1882 *Everything for Winter* Kathy Charner, 1997

Reenergize winter classrooms with these fun-filled activities for December, January, and February. The Alien Reindeer's Bounty Nancey Cummings, Starr Huntress, 2019-11-13

Mads Odessa 4EVA Except forever ended when Mads kissed Odessa, bit her, and then ghosted her. Twelve years later, he's back and looking to pick up where they left off. Um, no, thank you. Odessa has more to think about than her own heart. She's now a single mom and can't afford to get involved with a man with a track record of vanishing. It doesn't matter that he's haunted her dreams for years. Or that when they're together, she feels like she can finally breathe. And it certainly doesn't matter that her traitorous body craves his touch. Besides, Mads hoards secrets like they're made of chocolate. One, he's an alien shifter. Like, he turns into a reindeer with antlers and everything. Two, that bite made them bonded mates. And the third secret is the most dangerous of all. How can they have a second chance at love when the sins of the past threaten to tear them apart?

The authors of Starr Huntress were given a challenge: give readers a reindeer shifter in your holiday story. We all agreed to call our shifters *reilendeer* and decided they bring good cheer to the world around them, and then we went crazy. You might notice differences about the world and abilities of the *reilendeer* from story to story, and that's because each author has put her own spin on the challenge. Now it's time to grab your eggnog, cuddle up by the fire, and enjoy these steamy alien shifters.

The marvels of the polar world, tr. by R. Routledge Eugène Lesbazeilles, 1884 **American Cookery**, 1927 **Bulletin** American Game Protective Association, 1919 *Evenki microcosm* Tatiana Safonova, Sántha István, 2019-11-14

This experimental book is about the Evenki hunter-gatherers of Siberia. Through innovative visual methodology, it reveals that despite an old stereotype of that lifestyle being part of the humanity's past, it is probably in humanity's future. In six chapters filled with a flow of photographs that cover such topics as shamanic rituals, hunting, foraging, reindeer herding, the application of new technologies, and jade mining, the authors show that hunter-gathering is not a primitive way of survival but a complex and open to change philosophy of life that is embodied in everyday practices. Photographs allow readers to immerse themselves in the most profound layers of human experiences, and astute ethnographic and analytic summaries help them navigate the world of the taiga where people are neither conquerors of natural forces nor passive consumers of resources. The book will be of interest both to social anthropologists

and general readers curious about life in unfamiliar places **The Koryak** Waldemar Jochelson, 2016-04-26 Since the 18th century researchers and scientists have traveled the peninsula of Kamchatka in the Russian Far East Many of them were of German origin and had been commissioned by the Russian government to perform specific tasks Their exhaustive descriptions and detailed reports are still considered some of the most valuable documents on the ethnography of the indigenous peoples of that part of the world These works inform us about living conditions and particular ways of natural resource use at various times and provide us with valuable background information for current assessment As the first profound anthropological descriptions of that region the publications of the Jesup North Pacific Expedition undertaken in the first years of the 20th century marked the beginning of a new era of research in Russia They represented a shift of the already existing transnational research networks toward North America Jochelson's work *The Koryak* was an important milestone for Russian and North American anthropology that provides to this day a unique contribution to thoroughly understanding the cultures of the North Pacific rim **The Christmas Book - A Treasury of Festive Facts** Patrick Harding, 2009-11-02 During the long cold December weeks leading up to Christmas as we spend our time frantically panicking about the financial side of the festive season it's all too easy to forget the traditional nativity story The real meaning of Christmas and the traditions that have existed for generations are shunted aside as we worry about how many shopping days we have left and how we're going to fit that monster turkey into the oven In this charming book Patrick Harding breathes new life into the traditions of Christmas unravelling myths and mysteries surrounding our favourite time of year *The Christmas Book* is a treasure chest of fascinating facts and tasty morsels all in one delightful and handy volume From setting the record straight about Jesus' birth to explaining what a genuine Yule log is to tracking the evolution of the Christmas card there's something in here to entertain everyone young and old alike The fascinating read is guaranteed to add some much needed spice to the festive season and will shake the Scrooge out of even the most cynical reader **Who Owns the Stock?** Anatoly M. Khazanov, Günther Schlee, 2012-08-01 The issue of collective and multiple property rights in animals such as cattle camels or reindeers among pastoralists has never been a subject of special cross cultural and comparative study Focusing on pastoralist societies in East and West Africa the Far North and Siberia and the Eurasian steppes this volume addresses the issue of property rights and the changes these societies have undergone due to the direct or indirect influence of modernization and globalization processes The contributors also investigate the interplay of older sets of rights and modern marketing policies political ecological and economic effects of collectivization and de collectivization the existence of collective and private property in the Soviet Union and its successor states state taxation and destocking measures in African dry lands and the effects of quarantine as well as import and export regulations The rich and well researched ethnographic historical and economic data in these chapters provides new theoretical insights into the matter of property rights in animals
