Relaciones

internacionales en el siglo XXI Francisco Rojas Aravena, 2012 Los temas de caracter global que configuran la nueva agenda internacional obligan a las regiones y paises a disenar respuestas coordinadas entre los Estados y entre estos y los actores no estatales La region de America Latina y el Caribe no esta exenta de esto Para enfrentar estos nuevos procesos y sus consecuencias nacionales y regionales se requiere de la asociacion para la cooperacion Tanto en el ambito politico como en el economico el multilateralismo global continua en crisis La necesidad de mayor cooperacion demanda que deban

superarse estas deficiencias y que se establezcan normas básicas que busquen un bien común disminuyan el conflicto y potencien la participación de los países de la región. Los análisis que se presentan en este libro desean contribuir al conocimiento y la construcción de mejores formas de relacionamiento entre los países de América Latina y el Caribe a nivel intrarregional y entre estos y el sistema internacional partiendo de que la agenda latinoamericana en temas prioritarios es muy similar. Los temas globales forman parte esencial de la agenda regional y que muchos temas hemisféricos son intermesticos para todos aunque con consecuencias muy diferentes. Sin embargo la forma de resolverlos prevenirlos y a quien se acude para trabajarlos aun resulta muy

Paz y conflicto en el siglo XXI Luis Alberto Padilla, 2009 *América Latina y el Caribe: Relaciones Internacionales en el siglo XXI* Francisco Rojas Aravena, 2012

Frente a un nuevo contexto global con múltiples actores y sin un multilateralismo efectivo el sistema multilateral se encuentra hoy en día en crisis. Esto se debe en gran parte a la crisis económica financiera que se vive desde el 2008 a menor atención de los Estados Unidos hacia América Latina y otras regiones del mundo y su inercia unilateral al bloqueo en el sistema de Naciones Unidas y a la baja legitimidad de instituciones emergentes que no logran dar gobernabilidad global. En Occidente se constatan cambios profundos e importantes como lo es la profundización de las relaciones de América Latina particularmente de América del Sur con la región Asia Pacífico la consolidación de China como socio comercial estratégico relevante para América Latina desplazando a la Unión Europea entre otros. Además las revoluciones y cambios en los países rabe y los cambios en África reorientan prioridades y tendencias en Europa que sin duda repercuten en América Latina. Esta publicación recoge las ideas centrales expuestas por destacados académicos acerca de los cambios globales y las distintas visiones de países hegemónicos de la región y fuera de ella así como acerca de las diplomacias de Cumbres como la de APEC CELAC de las Américas y la Unión Europea y las ideas expuestas en torno a temas emergentes transnacionales como lo son el cambio climático la seguridad la gobernanza la gobernabilidad y la integración. A su vez se analizan los temas de seguridad y defensa de cara a los nuevos desafíos del siglo XXI y los actores relevantes en la política exterior hemisférica tales como Canadá los Estados Unidos México y Brasil. Finalmente esta publicación cuenta con una reflexión acerca de la visión sobre los cambios que se han dado que continúan ocurriendo en el Sistema Internacional.

Description in English Latin America and the Caribbean International Relations in the 21st Century Summit Diplomacy and Spaces of Regional and Global Agreement Faced with a new global context that has multiple actors but no effective multilateralism the multilateral system is now in crisis This is largely due to the economic and financial crisis underway since 2008 to the United States paying less attention to Latin America and other regions of the world and its unilateral inertia and to the deadlock in the United Nations system and the reduced legitimacy of emerging institutions which are unable to achieve global governability In the West profound and important changes are being witnessed such as the deepening of relations between Latin America particularly South America and the Asia Pacific region and China's consolidation as a significant strategic trading partner for Latin America supplanting

other partners like the European Union In addition the revolutions and transformations occurring in Arab countries and the changes taking place in Africa are reorienting priorities and trends in Europe that no doubt affect Latin America This publication brings together the main ideas presented by prominent academics with regard to these global changes and the different visions of hegemonic countries within and beyond the region and to summit diplomacies such as that of APEC CELAC the Americas and the EU as well as the ideas presented in relation to emerging transnational issues such as climate change security governance governability and integration In turn the issues of security and defense are analyzed in relation to the new challenges of the 21st century and the relevant actors within hemispheric foreign policy including Canada the United States Mexico and Brazil Lastly this work contains a reflection on this view of the changes that continue to take place within the International System
