Aphrodite's Tears Hannah Fielding,2018-01-25 In ancient Greece one of the twelve labours of Heracles was to bring back a golden apple from the Garden of Hesperides To archaeologist Oriel Anderson joining a team of Greek divers on the island of Helios seems like the golden apple of her dreams Yet the dream becomes a nightmare when she meets the devilish owner of the island Damian Lekkas In shocked recognition she is flooded with the memory of a romantic night in a stranger s arms six summers ago A very different man stands before her now and Oriel senses that the sardonic Greek autocrat is hell bent on playing a cat and mouse game with her As they cross swords and passions mount Oriel is aware that malevolent eyes watch her from the shadows Dark rumours are whispered about the Lekkas family What dangers lie in Helios a bewitching land

where ancient rituals are still enacted to appease the gods young men risk their lives in the treacherous depths of the Ionian Sea and the volatile earth can erupt at any moment Will Oriel find the hidden treasures she seeks Or will Damian s tragic past catch up with them threatening to engulf them both

Aphrodite's Tears Andrew Vaillencourt,2018-02-13 Roland Tankowicz hates Venus The last time he went there he died So no one could really blame him if he never went back Nevertheless when a squad of Venusian assassins ruins date night everybody s least favorite Army surplus cyborg decides to take a trip to Earth s sister planet and have a sit down with an infamous group of terrorists Perhaps it s because he really likes date night Maybe he just wants to keep the promise he once made to a troubled young man It is even conceivable that he might still have a heap of unresolved issues with the separatists who blew his body apart years ago For whatever reason the big man and his motley crew of misfits strap on their guns and hurl themselves into murky world of interplanetary terrorism To his dismay Roland discovers that Venus has changed since his last visit The black and white politics of the fanatics and governments he remembers have now merged into complicated shades of gray Cyborg killers walk the halls without fear and the soldiers stationed there seem no better than the thugs they fight The sweltering underworld of Venus holds terrors and trials that will test the old soldier in ways he is not prepared for while a crafty assassin stalks them all from shadows both real and imagined The team must to walk a narrow path between terrorists soldiers and their own dark pasts if they expect to get out of this one alive Is The Fixer strong enough to pull an entire population from the ashes of civil war If he isn t they may all drown in a flood of APHRODITE S TEARS

sources the author shows that full veiling of the head and face was commonplace He analyses the elaborate Greek vocabulary for veiling and explores what the veil meant to achieve He shows that the veil was a conscious extension of the house and was often referred to as tegidion literally a little roof Veiling was thus an ingenuous compromise it allowed women to circulate in public while maintaining the ideal of a house bound existence Alert to the different types of veil used the author uses Greek and more modern evidence mostly from the Arab world to show how women could exploit and subvert the veil as a means of eloquent sometimes emotional communication First published in 2003 and reissued as a paperback in 2010
