Preventing Child Abuse and Neglect : a Guide for Staff in Residential Institutions Sharon A. Harrell,Reginald Calvert Orem,1980 **Residential Child Care** Andrew Kendrick,2007-09-15 Residential Child Care draws on the latest research to offer guidance for developing best practice policy and improved outcomes for children and young people Contributors examine important aspects of residential care work and address the concerns about the poor outcomes for young people leaving care *Another Kind of Home* Angus Skinner,Social Work Services Inspectorate for Scotland,1992 This report provides a strategic overview of the issues confronting residential child care services and at the same time

addresses some basic issues that affect the experience and quality of daily life of young people in residential care. The focus of the review has been the 154 homes and schools in Scotland which are either run by or registered with a local authority social work department and provide care for the purposes of the Social Work Scotland Act 1968. The emphasis throughout the report is on the young people's personal experience of their public service with its immediate and long term effects on individuals' lives.

Themes and Stories in Youthwork Practice Mark Krueger, 2012-12-06

Learn to follow the rhythms of building a relationship with youth at risk. Themes and Stories in Youth Work Practice takes a refreshing look at the creative possibilities of working with youth in a variety of group care and developmental settings. Author Mark Krueger presents an innovative approach to developing relationships through shared experiences that plays out like modern dance choreographed according to individual needs and strengths but always open to improvisations that follow the rhythms of life. The book also promotes a framework of understanding youth work through personal stories constructed alone and together by youth and youth workers. Themes and Stories in Youth Work Practice offers a unique perspective on theory and practice as it examines human interaction as an interpersonal, intersubjective and contextual process. The book recounts a day in the life of a youth worker, examines qualitative inquiries conducted by youth workers, recalls personal stories and addresses the ways youth workers' experiences influence their interactions with youth. Counselors working in community centers, group homes, treatment centers and community and group care programs will discover how to use the interactive dance between workers and youth at risk to create human compositions, advancing the story and getting a feel of where they are in moments of connection, discovery and empowerment. From the author: Youth work is like a modern dance. We bring ourselves to the moment and try to interact in synch with youth's rhythms for trusting and growing. As we interact, we are in a sense in and passing through youth. The challenge is to know ourselves so that we can know each other and this comes about in part through a constant exploration of our stories. It also comes about when we are in youth work with youth learning how to dance. Geared toward experienced youth workers but equally relevant for students and anyone new to the field, Themes and Stories in Youth Work Practice is an enlightening read for anyone working in or for residential treatment centers, group homes, shelters, foster care, juvenile justice programs, community-based youth serving organizations, after school programs, recreation programs, camps, churches and neighborhood centers.

Children and Residential Care in Europe Nicola Madge, 1994-05-01

What lessons can be learned from the different ways in which residential care is organised throughout Europe? Which countries' services meet children's needs most effectively? Originally published in 1994, this ebook looks broadly at children and child care services, especially residential child care in 13 European Union countries, to give an overview of national similarities and differences and identify key areas of change, development and concern. The European Children's Centre survey on which this report was based was commissioned by The Warner Inquiry into the selection, development and management of staff in children's homes.

Established in the United Kingdom in response to a number of widely publicised scandals in residential care the Inquiry recognised the value of looking to other European countries in order to learn from their successes and failures **Social Service Abstracts** ,1993 Residential Care Ronald G.
