Resisting Arrest A Novel:

Resisting Arrest Steven Phillips, 1980-01-01 *The Dictator Novel* Magalí Armillas-Tiseyra, 2019-07-15 Where there are dictators there are novels about dictators But dictator novels do not simply respond to the reality of dictatorship As this genre has developed and cohered it has acquired a self generating force distinct from its historical referents The dictator novel has become a space in which writers consider the difficulties of national consolidation explore the role of external and global forces in sustaining dictatorship and even interrogate the political functions of writing itself Literary representations of the dictator therefore provide ground for a self conscious and self critical theorization of the relationship between writing and politics itself The Dictator Novel positions novels about dictators as a vital genre in the literatures of the Global South Primarily identified with Latin America the dictator novel also has underacknowledged importance in the postcolonial literatures of francophone and anglophone Africa Although scholars have noted similarities this book is the first extensive comparative analysis of these traditions it includes discussions of authors including Gabriel García Márquez Ngũgĩ Thiong'o Alejo Carpentier Augusto Roa Bastos Domingo Faustino Sarmiento José Martí Esteban Echeverría Ousmane Sembène Chinua Achebe Aminata Sow Fall Henri Lopès Sony Labou Tansi and Ahmadou Kourouma This juxtaposition illuminates the internal dynamics of the dictator novel as a literary genre In so doing Armillas Tiseyra puts forward a comparative model relevant to scholars working across the Global South

Thackeray's Henry Esmond Dickens's Bleak House and Our Mutual Friend Gaskell's North and South and Eliot's Romola and an array of Victorian periodicals and political essays Morris analyzes just how actively novelists engaged in these social transformations Drawing on a wide range of literary cultural and historical thinkers Jürgen Habermas Michel Foucault Benedict Anderson Mary Poovey and Charles Tilly Morris makes an original and highly sophisticated contribution to our understanding of the complex and always contested processes of imagining social inclusiveness **Essential Western**

Nicola Wilson, 2016-03-09 Home in British Working Class Fiction offers a fresh take on British working class writing that turns away from a masculinist work based understanding of class in favour of home gender domestic labour and the family kitchen As Nicola Wilson shows the history of the British working classes has often been written from the outside with observers looking into the world of the inhabitants Here Wilson engages with the long cultural history of this gaze and asks how home is represented in the writing of authors who come from a working class background Her book explores the depiction of home as a key emotional and material site in working class writing from the Edwardian period through to the early 1990s Wilson presents new readings of classic texts including The Ragged Trousered Philanthropists Love on the Dole and Saturday Night and Sunday Morning analyzing them alongside works by authors including James Hanley Walter Brierley Lewis Grassie Gibbon Buchi Emecheta Pat Barker James Kelman and the rediscovered ex mill girl novelist Ethel Carnie Holdsworth Wilson's broad understanding of working class writing allows her to incorporate figures typically ignored in this context as she demonstrates the importance of home's role in the making and expression of class feeling and identity **The**
