Resisting Hitler:

Resisting Hitler Shareen Blair Brysac, 2002-05-23 This gripping and heartbreaking narrative is the first full account of an American woman who gave her life in the struggle against the Nazi regime As members of a key resistance group Mildred Harnack and her husband Arvid assisted in the escape of German Jews and political dissidents and for years provided vital economic and military intelligence to both Washington and Moscow But in 1942 following a Soviet blunder the Gestapo arrested tortured and tried some four score members of the Harnacks group which the Nazis dubbed the Red Orchestra Mildred Fish Harnack was guillotined in Berlin on February 16 1943 on the personal instruction of Adolf Hitler she was the only American woman to be executed as an underground conspirator during World War II Yet as the war ended and the Cold War began her courage idealism and self sacrifice went largely unacknowledged in America and the democratic West and were distorted and sanitized in the Communist East Only now with the opening of long sealed archives from Germany the KGB the CIA and the FBI can the full story be told In this superbly told life of an unjustly forgotten woman Shareen Blair Brysac depicts the human side of a controversial resistance group that for too long has been portrayed as merely a Soviet espionage network

Defying Hitler Gordon Thomas, Greg Lewis, 2019 Nazi Germany is remembered as a nation of willing fanatics but countless Germans actively resisted Hitler No matter how small the act the danger was the same any display of defiance was met with arrest interrogation torture and even death Thomas and Lewis follow the underground network of Germans who believed standing against the Fuhrer to be more important than their own survival Their bravery is astonishing and the authors illuminate their struggles yielding an accessible narrative history with the pace and excitement of a thriller adapted from jacket

Red Orchestra Anne Nelson, 2023-08-24 For years the history of the anti Nazi resistance in Germany was hidden and distorted by Cold War politics Providing a much needed corrective Red Orchestra presents the dramatic story of a circle of German citizens who opposed Hitler from the start choosing to stay in Germany to resist Nazism and help its victims The book shines a light on this critical movement which was made up of academics theatre people and factory workers Protestants Catholics and Jews around 150 Germans all told and from all walks of life Drawing on archives memoirs and interviews with survivors award winning scholar and journalist Anne Nelson presents a compelling portrait of the men and women involved and the terrifying day to day decisions in their lives from the Nazi takeover in 1933 to their Gestapo arrest in 1942 Nelson traces the story of the Red Orchestra Rote Kapelle resistance movement within the context of German history showing the stages of the Nazi movement and regime from the 1920s to the end of the Second World War She also constructs the narrative around the life of Greta Kuckhoff and other female figures whose role in the anti Nazi resistance fight is too often unrecognised or under appreciated This revised edition includes A new introduction which explores elements of the Red Orchestra s experience that resonate with our times including the impact of new media technologies the dangers of political polarization and the way the judiciary can be shaped to further the ends of autocracy

Against the Third Reich Paul Tillich,1998-01-01 Paul Tillich one of the greatest Protestant theologians of modern times wrote more than one hundred radio addresses that were broadcast into Nazi Germany from March 1942 through May 1944 The broadcasts were passionate and political urging Germans to recognize the horror of Hitler and to reject a morally and spiritually bankrupt government Largely unknown in the United States the broadcasts have been translated into English for the first time and approximately half of them are presented in this book

Hitler's Banker Jean-François Bouchard,2023-07-04 1932 The economic crisis in Germany was unprecedented a severe recession 6 million unemployed and a collapse in the popularity of Chancellor Brüning who was criticized for his lack of foresight and who stubbornly focused on a single objective reducing public deficits and restoring the state's finances under pressure from other European countries All the while far right parties which would soon take power were experiencing an irrepressible rise How can one not be struck by the similarity between the economic and political situation in Germany in 1932 and that of some Western countries in 2022 In a fictionalized biography tracing the astonishing career of Hjalmar Schacht a German financial genius of the last century Jean François Bouchard indirectly highlights the interest in drawing inspiration from the economic methods that worked at that time With this perspective the current economic situation does not seem to be without a solution In 1933 Hitler appointed Hjalmar Schacht as Minister of the Economy A child from a modest background severely raised in the working class neighborhoods of the port of Elba brilliant at school but also mocked by his classmates he developed a distant haughty and arrogant personality very early on After studying philosophy and economics he wrote his thesis on mercantilism he climbed the ladder of power one step at a

time As currency commissioner of the Weimar Republic Hjalmar Schacht reduced inflation and stabilized the Mark with a miraculous initiative the creation of a transitional currency the Rentenmark backed by mortgages The population embraced the idea It was a masterly success For Schacht the savior of German currency devotion to his country was boundless He became close to the NSDAP and participated in Hitler's rise to power attracted by his economic program Quickly appointed president of the Reichsbank in a still very weak Germany he did not try to restore the balance of the state's accounts Quite the contrary Abolishing the dogma of balanced public finances he applied an economic policy close to the New Deal launching major works and implemented his own solutions repatriation of German capital limiting imports to only those raw materials necessary for rearmament organizing Germany's insolvency vis vis external creditors creating MEFO bills etc It was the end of unemployment that became the factor of social stabilization for Adolf Hitler and of consolidation of his power and of military hegemony In this regard sadly the incredible story of Hjalmar Schacht is the most painful demonstration of this process Jean François Bouchard began a classic executive career in 1986 after studying law with positions in the banking industry and at the corporate level He also taught financial analysis at the University of Toulon In 1995 he joined the Inspection Générale de la Banque de France From then on he carried out control missions in French and foreign banks France Europe the Caribbean and Africa as a specialist in banking supervision risk control and the fight against money laundering In 2005 he was resident advisor for two years to the National Bank of Romania where on behalf of the European Commission he piloted the upgrading program of this institution in view of Romania's admission to the European Union which took place on January 1 2007 He then went to Bulgaria to work on the preparation of that country's entry into the euro a project that did not materialize in the end due to the turbulence in the euro zone and the Bulgarian political authorities preferred to give up Back in France he was appointed head of mission at the Autorité de contrôle prudentiel he also headed the Lyon branch of the Banque de France for three years As head of mission he participated in the major European bank assessment exercise before the European Central Bank took over banking supervision in the framework of the Banking Union At the end of this large project he left in June 2014 as resident advisor to the International Monetary Fund in Libreville Gabon He is in charge of banking supervision for Central Africa i.e. the six countries of the CEMAC zone Gabon Cameroon Equatorial Guinea Central African Republic Congo Brazzaville and Chad as well as for the Democratic Republic of Congo Congo Kinshasa and Burundi

Why Civil Resistance Works Erica Chenoweth, Maria J. Stephan, 2011 Though it defies consensus between 1900 2006 campaigns of nonviolent resistance were more than twice as effective as violent struggles This study combines statistical analysis with case studies to debunk the myth that violence occurs because of structural environmental factors is necessary to achieve certain political goals **Resisting Hitler** Shareen Blair Brysac, 2000 The life and death of an American woman in Nazi Germany Jacket White Knights in the Black Orchestra Tom Dunkel, 2022-10-11 They were a small group of conspirators who risked their lives by plotting relentlessly to obstruct and destroy the Third Reich from within The Gestapo

nicknamed this shadowy confederation of traitors the Black Orchestra This is their tension filled story As the Final Solution unfolds a loose network of German military officers diplomats politicians and civilians are doing everything in their power to undermine the Third Reich from the inside reporting troop movements to the Allies feeding disinformation to the Nazi high command plotting to assassinate Adolf Hitler and more The Gestapo nicknames this shadowy confederation of traitors the Black Orchestra Its players include Dietrich Bonhoeffer a dissident Lutheran pastor and his brother in law Hans von Dohnanyi a staff attorney at the Abwehr the German military intelligence service In this tension filled narrative Tom Dunkel traces the perilous movements of these white knights as they and their families face constant danger of being exposed and executed Some act out of moral outrage and patriotism Some want to atone for their own Nazi sins When their treasonous activities are finally discovered Hitler s SS and the Gestapo are hell bent on taking bloody revenge as the end of the war rapidly approaches and lives hang in the balance White Knights in the Black Orchestra is a tautly written meticulously reported account of men and women heroically resisting Hitler s ruthless regime It packs the punch of the best espionage thrillers but the cat and mouse drama and plot twists are grounded firmly in fact This is a stirring story of people willing to risk all by doing the right thing in a country gone mad a story that may prompt readers to ask themselves What would I have done

Art and Resistance in Germany Deborah Ascher Barnstone, Elizabeth Otto, 2018-11-01 In light of the recent rise of right wing populism in numerous political contexts and in the face of resurgent nationalism racism misogyny homophobia and demagoguery this book investigates how historical and contemporary cultural producers have sought to resist confront confound mock or call out situations of political oppression in Germany a country which has seen a dramatic range of political extremes during the past century While the current turn to nationalist populism is global it is perhaps most disturbing in Germany given its history with its stormy first democracy in the interwar Weimar Republic its infamous National Socialist Nazi period of the 1930s and 1940s and its split Cold War existence with Marxist Leninist Totalitarianism in the German Democratic Republic and the Federal Republic of Germany s barely hidden ties to the Nazi past Equally important Germans have long considered art and culture critical to constructions of national identity which meant that they were frequently implicated in political action This book therefore examines a range of work by artists from the early twentieth century to the present work created in an array of contexts and media that demonstrates a wide range of possible resistance
