**The Rest of the Story** Arthur Laurents, 2012-09-01 Applause Books Best known for the hit musicals *West Side Story* and *Gypsy* Arthur Laurents began his career writing socially minded plays such as *Home of the Brave* and *Time of the Cuckoo*. He also garnered impressive credits as a screenwriter *The Way We Were* and stage director *La Cage aux Folles*. Such a varied professional life makes for absorbing reading as unleashed in his lively 2000 autobiography *Original Story*. By Laurents passed away early in 2011 but not before writing *The Rest of the Story* in which he revealed all that had happened in his life since *Original Story*. By filled with the wisdom he gained in growing older and a new perspective brought on by Laurents experience of deep personal loss including the death of his longtime companion Tom Hatcher. Laurents style remains engrossing and brutally honest. His voice is still highly intelligent, loving, generous, and gracious. He remained committed to his artistic vision to the very end as captured in the epilogue which he completed only days before his death. The book ends with a loving and insightful coda by Laurent's good friend and the editor of this book David Saint. **The Rest of the Story**

Howard Henderson, 2005-11 Compiled for them by their family *The Rest of the Story: Branches From Our Tree* is a collection of family lineage photographs and memories. Howard and Jean have always made it a priority to share stories and experiences from their past with their family. At various times family trees have been done, lineages recorded, and photographs have been saved. Howard has written his memoirs and Jean has captured so many special memories from her past as well. They have done so with such detail that it seemed very important to connect all of these pieces together and preserve them. Howard and Jean have three children, four grandchildren, and two great grandchildren that are so excited to have so much of their family's past recorded and documented. They feel it rare and quite a gift to know so much about *The Rest of the Story*.

*Chernobyl: The Rest Of The Story* Edward A. Warman, 2021-08-10 *Chernobyl: The Rest of the Story*. This book is intended to serve as a fact-based sourcebook on the Chernobyl disaster. It covers the accident, its causes, and effects, especially the radiological consequences including the health effects and the international assistance to enclose the radioactive remains in a safe state. Above all else, it provides reliable information and data for both the specialist and layperson alike. Special attention is devoted to the health effects which were dramatized in the recent made-for-TV miniseries *Chernobyl* and likely dominate most people's knowledge of the disaster. A significant part addresses the fate of the Liquidators who cleaned up the mess. Considerable information and data are included on what was released in the accident and what remains, what is referred to as the Fuel Containing Material that needs to be kept safely for a very long time. It is comprised of a compendium of excerpts from cited authoritative published reports and journal articles quoted without alteration and brief summaries of the development and implementation of the Shelter Implementation Plan leading to the New Safe Confinement. Some informed perspectives and editorial observations are included based on a quarter-century personal involvement in the international community response to Chernobyl's challenges.
