Restless Conscience The:

The Soul of Doubt Dominic Erdozain,2016 It is widely assumed that science represents the enemy of religious faith The Soul of Doubt proposes an alternative cause of unbelief the Christian conscience Dominic Erdozain argues that the real solvents of orthodoxy in the modern period have been concepts of moral equity and personal freedom generated by Christianity itself **Our Recent Actors** Westland Marston,1888 On Germany Giles MacDonogh,2018-10-01 After the Second World War Germany was an international pariah Today it has become a beacon of the Western world But what makes this extraordinary nation tick On Germany tells the story of a country reborn from defeat in 1945 to the fall of the Berlin Wall the painstaking reunification of the two Germanies and the Republic's return to the world stage as an economic colossus and European leader Giles MacDonogh restores these momentous events of world history to their German context from the food and drink that accompanied them to the deep rooted provincialism behind the national story Full of vivid and often whimsical vignettes of German life this is a Germanophile's homage to the culture and people of a country he has known for decades

Germany Possessed H.G. Baynes, 2016-08-05 Originally published in 1941 the blurb read The aim of this work is to
 state and understand the psychological dynamics of the present conflict The author is a medical psychologist who has had
 unusual opportunities for studying German mentality He characterizes the condition of Germany as one of d monic
 possession and Hitler as the primitive medicine man who gained a magical ascendancy by playing the role of medium to the
 German unconscious He analyses the fundamental instability of the collective German psychology and relates this to the d
 monic outbreak The ambiguous personality of the F hrer is seen as the indispensable symbol of a deeply divided nation
 striving for unity Whereas the pagan Christian conflict in the soul of Christendom is urging individual consciousness to a new
 statement of human values it has produced in the soul of Germany a state of collective intoxication which is the negation of
 individuality This book is the first serious attempt to depict the invisible underground causes of the European catastrophe
 and to state the issue in terms of epochal transition It was German violence which started the conflagration but the fires of
 anti Christian revolt have long been smouldering in the general unconscious Material of a varied kind gathered from German
 myth and legend and from a number of contemporary witnesses has been pieced together into a comprehensive
 psychological survey embracing both the personal and the impersonal aspects of the German scene Hitler is discussed as
 personality as symbol and as a disease The influence of the Wagnerian German myth upon Hitler s inflammable imagination
 is discussed and the basic ideas of Hitlerism are traced to their source This is the attempt of psychology to elucidate the

irrational and unintelligible elements in the present chaos Today We're Alive Linden Wilkinson, 2016-04-26 By 1888 after 100 years of colonisation it is estimated that 95% of the Australian Aboriginal and Torres Strait islander population had disappeared Along with starvation disease dispossession and grief a further contributing factor to this decline was murder Massacres occurred sequentially as the line of first contact forged its way across a country that had been occupied cared for and loved for over 50 000 years by about 250 separate Aboriginal nations The concomitant brutality subsumed in the colonial narrative of zeal purpose and prosperity meant that massacres were shrouded in silence for generations denied ignored and under reported However one particular massacre remains an anomaly The massacre at Myall Creek occurred on June 10th 1838 in the fading light of a wintry Sunday afternoon It was perpetrated by eleven convicts under the leadership of one free born squatter s son they had hunted blacks together before They tethered twenty eight old men women and children Weraera people of the Kamilaroi nation led them away from their camp and then systematically butchered them all These details are available because this particular massacre went to trial One hundred and sixty two years later a group of Aboriginal and non Aboriginal people formed a committee and built a memorial to commemorate the only massacre in Australia s colonial history where some but not all of the perpetrators were punished Today We re Alive Generating Performance in a Cross Cultural Context an Australian Experience is a doctoral thesis which examines the multiple narratives embedded in colonial and recent history At the heart of this research is a verbatim play the interweaving of Aboriginal and non Aboriginal testimonies about Myall Creek and the memorial testimonies sourced from descendants of massacre survivors descendants of massacre perpetrators and involved others As a thesis it explores the possibilities offered by performance ethnography as a decolonizing methodology as a play the research seeks to find a reconciliation narrative a story that through performance addresses the past and recognises the possibilities of a shared future *The Columbia Guide to the Holocaust* Donald L.
