Riley, 1866 What the Rabbis Said Naomi W. Cohen, 2008-05-17 What the Rabbis Said examines a relatively unexplored facet of the rich social history of nineteenth century American Jews Based on sources that have heretofore been largely neglected it traces the sermons and other public statements of rabbis both Traditionalists and Reformers on a host of matters that engaged the Jewish community before 1900 Reminding the reader of the complexities and diversity that characterized the religious congregations in nineteenth century America Cohen offers insight into the primary concerns of both the religious leaders and the laity full acculturation to American society modernization of the Jewish religious tradition and insistence on the recognized equality of a non Christian minority She also discusses the evolution of denominationalism with the split between Traditionalism and Reform the threat of antisemitism the origins of American Zionism and interreligious dialogue The book concludes with a chapter on the professionalization of the rabbinate and the legacy bequeathed to the next century On all those key issues rabbis spoke out individually or in debates with other rabbis From the evidence presented the congregational rabbi emerges as a pioneer the leader of a congregation as well as spokesman for the Jews in the larger society forging an independence from his European counterparts and laboring for the preservation of the Jewish faith and heritage in an unfamiliar environment **Restoring the Fortunes of Zion** Rob Yule, 2017-09-20 Restoring the Fortunes of

Zion tells the dramatic story of the reemergence of Israel onto the stage of modern history from the genocidal fury of the Holocaust to its extraordinary survival in face of regional hostility and global contempt. It shows how the return of the Jewish people from two millennia of exile realizes with uncanny accuracy the visions of the biblical prophets and explores what this signifies for the future. Rob Yule brings together accessible scholarship, biblical, historical, geographical, political, and theological, with strong advocacy to create a book that I found riveting and moving. I commend *Restoring the Fortunes of Zion* to all those who wish for a clearer sense of Israel, its emergence from desolation to vitality, and those who helped and hindered its progress. It is an exceptionally valuable resource.

Dame Lesley Max Auckland: The publication of *Restoring the Fortunes of Zion* is extraordinarily timely and vital for our understanding of current world events. It enables us to better understand from a biblical perspective what has happened in Israel's past, what is happening in Israel today, as well as what is going to happen to Israel in the future.

Revd Murray Dixon, Palmerston North: Rob Yule's book weaves together a carefully researched, erudite, scholarly but eminently readable and fascinating account of Israel. He intertwines and interprets the history, politics, military strategy, theology, and culture of the region in the past, present, and future. The sweep of his vision is as breath-taking as the intriguing subject matter that he covers.

Revd Owen Hoskin, Auckland: [Restoring the Jews to Their Homeland](#)

Joseph Adler, 1997: The rebirth of Jewish nationalism, *lovers of Zion* provides a well-rounded overview.

**The Holocaust and Israel Restored**

Monty Noam Penkower, 2025-07-29: The chapters in this volume examine facets in the drama of Jewish existence in the tumultuous years of the Twentieth Century and beyond. They include Theodor Herzl as Zionism's driven prophet; James G. McDonald's valiant effort to alert the world to the Nazi menace; the darkening shadow of the swastika in the 1930s across the European Continent; the Revisionist Zionist campaign for a Jewish Army in World War II; a debate on Zionism and Jewish survival after the Shoah; the 1947 legal brief for a Jewish State; Poland's distortion of the Holocaust; and *The Jews Were Expendable* forty years later. Joining extensive archival research and a limpid prose, Professor Monty Noam Penkower again displays a definitive mastery of his craft.

When the Disciples of Alexander Campbell and the Christians of Barton Warren Stone joined forces early in the 19th century, the first indigenous ecumenical movement in the United States came into being.
