kind of comedy they wrote The survival of these plays in the repertoire offers an unusual opportunity to examine the theatrical double life of works by early women playwrights The lengthy production histories of these comedies placed them in dialogue with radically different ideas of appropriate and permissible behavior for both women and men The resulting productions alterations and adaptations included both feminist reinterpretations and recuperations of the plays challenges to dominant meanings of gender This book will be of interest to scholars and students of dramatic literature theatre and women s studies     Reports of Patent, Design and Trade Mark Cases (London, England : 1886) ,1921     **British Librarian** William Thomas Lowndes,1839     Stream Hydrology Nancy D.
