**Restorative Justice and Family Violence** Heather Strang, John Braithwaite, 2002-07-08 This 2002 book addresses one of the most controversial topics in restorative justice its potential for dealing with conflicts within families Most restorative justice programs specifically exclude family violence as an appropriate offence to be dealt with this way This book focuses on the issues in family violence that may warrant special caution about restorative justice in particular feminist and indigenous concerns At the same time it looks for ways of designing a place for restorative interventions that respond to these concerns Further it asks whether there are ways that restorative processes can contribute to reducing and preventing family violence to healing its survivors and to confronting the wellsprings of this violence The book discusses the shortcomings of the present

criminal justice response to family violence It suggests that these shortcomings require us to explore other ways of addressing this apparently intractable problem A Restorative Approach to Family Violence Joan Pennell,2022-07-08 A Restorative Approach to Family Violence looks back at an early and successful demonstration of a family and culturally based model to stop severe family violence This conferencing model called family group decision making was applied by three diverse Canadian communities Inuit rural and urban to the benefit of child and adult family members Narrative inquiry identifies how engaging the family and relatives resets the narrative from misrecognition to recognition of their competence and caring Family violence poses some of the most long term and controversial questions in restorative justice Should we use a restorative approach to stop gendered and intergenerational harm Or will bringing together those who have been harmed those causing harm and their supporters only incite more violence Underlying these questions is a profound distrust of families and their cultural networks This distrust has stalled turning away from carceral interventions that particularly harm minoritized communities Moving forward in time the volume identifies blocks to trusting families and their cultural networks and means of circumventing these blocks The book offers a theory of feminist kin making to comprehend the restorative process and gives practical guidance to restorative participants practitioners policy makers and researchers **Restorative Justice and Family Violence** Joan Pennell,2025-09 Restorative justice with gendered and intergenerational violence is disputed in response this anthology delves into over twenty years of research and practice to identify how it can be used safely and reflects on why it generates peaceful and just relations **Restorative Justice and Violence Against Women** James Ptacek,2009-11-16 Controversial and forward thinking this volume presents a much needed analysis of restorative justice practices in cases of violence against women Advocates community activists and scholars will find the theoretical perspectives and vivid case descriptions presented here to be invaluable tools for creating new ways for abused women to find justice Restorative Justice and Family Violence Joan Pennell,2025-09-25 By engaging families in taking charge of their affairs restorative justice can reverse family violence But the expansion of restorative programming into family violence is stymied by fears of setting family members at risk and heightening agency liability if harm results How does this anthology counter these fears In response it provides two decades of studies documenting successes of a restorative approach with gendered and intergenerational violence It offers feminist frameworks to explain how these successes are achieved And finally the author turns to cultural and religious messages from her own upbringing as a Quaker Religious Society of Friends to explain why a restorative approach makes lasting and just peace in homes The aim is to encourage others to identify such principles in their own backgrounds to safely and confidently expand the use of restorative programming to safeguard children and adults in the home A Restorative Approach to Family Violence Anne Hayden,Loraine Gelsthorpe,Allison Morris,2016-03-16 This volume provides an essential update on current thinking practice and research into the use of restorative justice in the area of family violence It contains contemporary empirical theoretical and practical perspectives on

the use of restorative justice for intimate partner and family violence including sexual violence and elder abuse Whilst raising issues relating to the implications of reporting it provides a fresh look at victims issues as well as providing accounts of those who have participated in restorative justice processes and who have been victims of abusive relationships Contributions are included from a wide range of perspectives to provide a balanced approach that is not simply polemic or advocating Rather the book genuinely raises the issue for debate with the advantage of bringing into the open new research which has not been widely published previously Given its unique experience in the development of restorative justice the book includes empirical studies relating to New Zealand contextualized within the global situation by the inclusion of perspectives on practices in the UK Australia and North America This book will be key reading for people who work with violent offending of a family nature as well as for those who are interested in the study of family violence

**Decriminalizing Domestic Violence** Leigh Goodmark, 2018-10-01 Decriminalizing Domestic Violence asks the crucial yet often overlooked question of why and how the criminal legal system became the primary response to intimate partner

violence in the United States It introduces readers both new and well versed in the subject to the ways in which the criminal legal system harms rather than helps those who are subjected to abuse and violence in their homes and communities and shares how it drives rather than deters intimate partner violence The book examines how social legal and financial resources are diverted into a criminal legal apparatus that is often unable to deliver justice or safety to victims or to prevent intimate partner violence in the first place Envisioned for both courses and research topics in domestic violence family violence gender and law and sociology of law the book challenges readers to understand intimate partner violence not solely or even primarily as a criminal law concern but as an economic public health community and human rights problem It also argues that only by viewing intimate partner violence through these lenses can we develop a balanced policy agenda for addressing it At a moment when we are examining our national addiction to punishment Decriminalizing Domestic Violence offers a thoughtful pragmatic roadmap to real reform

Comparative Dispute Resolution Maria F. Moscati, Michael Palmer, Marian Roberts, 2020-12-25 Comparative Dispute Resolution offers an original wide ranging and invaluable corpus of chapters on dispute resolution Enriched by a broad comparative vision and a focus on the processes used to handle disputes this study adds significantly to the discourse around comparative legal studies Chapters present new understandings of theoretical comparative and transnational dimensions of the manner in which societies and their legal systems respond to difficulties in social relations

**Restorative Justice** Theo Gavrielides, 2017-09-19 The legitimacy and performance of the traditional criminal justice system is the subject of intense scrutiny as the world economic crisis continues to put pressure on governments to cut the costs of the criminal justice system This volume brings together the leading work on restorative justice to achieve two objectives to construct a comprehensive and up to date conceptual framework for restorative justice suitable even for newcomers and to challenge the barriers of restorative justice in the hope of taking its theory and practice a step further The selected articles start by answering some fundamental questions about restorative justice regarding its historical and philosophical origins and challenge the concept by bringing into the debate the human rights and equality discourses Also included is material based on empirical testing of restorative justice claims especially those impacting on reoffending rates victim satisfaction and reintegration The volume concludes with a critique of restorative justice as well as with analytical thinking that aims to push its barriers It is hoped that the investigations offered by this volume not only offer hope for a

better system for abolitionists and reformists but also new and convincing evidence to persuade the sceptics in the debate over restorative justice
