Italy and the Classical Tradition Bloomsbury Publishing, 2013-10-16 Italy's original fascination with its cultural origins in Greece and Rome first created what is now known as the Classical tradition the pervasive influence of ancient art and thought on later times In response to a growing interest in Classical reception this volume provides a timely reappraisal of the Greek and Roman legacies in Italian literary history There are fresh insights on the early study of Greek and Latin texts in post classical Italy and reassessments of the significance attached to ancient authors and ideas in the Renaissance as well as some innovative interpretations of canonical Italian authors including Dante Petrarch and Alberti in the light of their ancient influences and models The wide range of essays in this volume all by leading specialists should appeal to anyone with an interest in Italian literature or the Classical tradition Italy's early fascination with its Hellenic and Roman origins created what is now called the classical tradition This book focuses on the role of the Greek and Latin languages and texts in Italian humanist thought and Renaissance poetry how ancient languages were mastered and used and how ancient texts were acquired and appropriated Fresh perspectives on the influences of Aristotle Plutarch and Virgil accompany innovative interpretations of canonical Italian authors including Dante Petrarch and Alberti in the light of their classical models Treatments of more specialized forms of writing such as the cento and commentary and some opening chapters on linguistic history also prompt reassessment of Renaissance perceptions of both Greece and Rome in relation to early modern Latin and vernacular culture

The collection as a whole highlights the importance of Italy's unique legacy of antiquity for the history of ideas and philology as well as for literary history. The essays in this volume, all by leading specialists, are supplemented by a detailed introduction and a subject bibliography.

Death, Resurrection, and Human Destiny David Marshall, Lucinda Mosher, 2014-04-29
Death, Resurrection, and Human Destiny: Christian and Muslim Perspectives is a record of the 2012 Building Bridges seminar for leading Christian and Muslim scholars convened by Rowan Williams, then Archbishop of Canterbury. The essays in this volume explore what the Bible and Qur'an and the Christian and Islamic theological traditions have to say about death, resurrection, and human destiny. Special attention is given to the writings of al-Ghazali and Dante. Other essays explore the notion of the good death. Funeral practices of each tradition are explained. Relevant texts are included with commentary, as are personal reflections on death by several of the seminar participants. An account of the informal conversations at the seminar conveys a vivid sense of the lively, penetrating but respectful dialogue which took place. Three short pieces by Rowan Williams provide his opening comments at the seminar and his reflections on its proceedings. The volume also contains an analysis of the Building Bridges Seminar after a decade of his leadership.

Marx's Resurrection of Aristotle Norman Levine, 2021-01-24
This book seeks to show how Karl Marx's vision of communism was a continuation of Aristotle's classical humanist philosophy. Challenging the Engelsian distortion of Marx, it presents a negation of previous interpretations of Marx which present him in materialist terms. Engels proposed a picture of the highest stage of communist society as an economic egalitarianism, a vision which became an axiom of Leninist/Stalinist Soviet Communism. By contrast, here it is shown that Marx embraced the Aristotelian concept of distributive justice of proportionate equality. Spanning the works of Marx from his university education and doctoral dissertation on the differences between the Democritean and Epicurean philosophy of the atom to the study of his *Rheinische Zeitung* period and the persistence of classical humanism in Marx's defense of the freedom of the press, Levine skillfully reveals the gravitational pull between Marx and Aristotle. Showing how classical humanism is the dominant ethos in the communism of Marx, the book includes chapters on Hegel as a transition point between Aristotle and Marx. The links between Marx's theory of labor and Aristotle's idea of the constitutive subject located in *The Politics*. How the local methodologies of Aristotle and Hegel provided Marx with the social methodologies by which to interpret the functioning of capitalism. Marx's Resurrection of Aristotle is the culmination of Norman Levine's life-long work to establish the correct placement of Marx and Marx's communism within the classical humanist tradition.

From Here to Eternity: Reflections on Death, Immortality, and the Resurrection of the Body Randall B. Smith, 2023-01-27
Throughout history and across cultures, people have shared the hope and the belief that

somehow something about the human person survives death Indeed it seems that without a notion of life after death this life would seem meaningless If in the end everything we have strived for and all our love comes to naught and is simply swallowed up by nothingness then what was the point of it all In *From Here to Eternity* Randall Smith shows how the Christian doctrines regarding the resurrection of the body and the communion of saints provide an understanding of life after death as a meaningful fulfillment of this life not a negation of it

[Risen Indeed? Resurrection and Doubt in the Gospel of Mark](#) Austin Busch, 2022-08-05 *Risen Indeed* Resurrection and Doubt in the Gospel of Mark traces the literary dynamics and explores the theological dimensions of the Gospel of Mark's thematization of skepticism regarding resurrection In every place where it seems to depict resurrection Jesus's and others Mark evades the issue of whether resurrection actually occurs Austin Busch argues that despite Mark's abbreviated and ambiguous conclusion this gospel does not downplay resurrection but rather foregrounds it imagining Jesus's death and restoration to life as a divine plot to overcome Satan through cunning deception *Risen Indeed* constitutes a careful literary reading of Mark's Gospel as well as an assessment of Mark's impact on the traditions of Christian literature and theology that emerged in its wake

[Resurrection and Reception in Early Christianity](#) Richard C. Miller, 2014-12-17 This book offers an original interpretation of the origin and early reception of the most fundamental claim of Christianity Jesus resurrection Richard Miller contends that the earliest Christians would not have considered the New Testament accounts of Jesus resurrection to be literal or historical but instead would have recognized this narrative as an instance of the trope of divine translation common within the Hellenistic and Roman mythic traditions Given this framework Miller argues early Christians would have understood the resurrection story as fictitious rather than historical in nature By drawing connections between the Gospels and ancient Greek and Roman literature Miller makes the case that the narratives of the resurrection and ascension of Christ applied extensive and unmistakable structural and symbolic language common to Mediterranean translation fables stock story patterns derived particularly from the archetypal myths of Heracles and Romulus In the course of his argument the author applies a critical lens to the referential and mimetic nature of the Gospel stories and suggests that adapting the translation fable trope to accounts of Jesus resurrection functioned to exalt him to the level of the heroes demigods and emperors of the Hellenistic and Roman world Miller's contentions have significant implications for New

Testament scholarship and will provoke discussion among scholars of early Christianity and Classical studies

Theological and Philosophical Explorations of the Call of Literature David Lonsdale, Emilia Di Rocco, Brett H. Speakman, 2025-05-23 This book explores the call of literature for both writers and their audiences and reflects on how literary works have informed and drawn from and continue to inform and draw from theology philosophy and sacred scripture Key questions addressed include the following How do creative writers and critics conceive this call What does it mean to speak of a vocation to write and what have theologians and philosophers got to say on the matter Is the spirit of literature always or necessarily an angel of light Or is the call of literature a siren song The essays by an international and interdisciplinary range of contributors discuss the work and testimony of writers from William Blake Gerard Manley Hopkins and R S Thomas to James Joyce Virginia Woolf and Michel Houellebecq Also examined are the ideas and influence of figures such as John Henry Newman who wrote that the importance of literature stems from our very nature and God given powers as human beings especially language This latest volume from The Power of the Word Project will be of interest to scholars from theology philosophy and literature

Resurrection Row Anne Perry, 2011-06-14 Some bodies just won't stay buried For readers longing to be in 1890s London Perry's tales are just the ticket Chicago Tribune Lord Fitzroy Hammond of Resurrection Row has been dead and buried three weeks when he turns up sitting atop a hansom cab Grave robbing though a crime isn't Inspector Thomas Pitt's usual fare But when the macabre joke is repeated and the man's corpse is found sitting in the family pew the Sunday following his second interment Pitt begins to wonder if perhaps there's some message in it The case grows increasingly bizarre as other disinterred bodies appear A new mother Charlotte Pitt only takes a cursory interest in the grave robbing case until she hears Thomas mention the name of her late sister's husband Dominic Corde as a possible suspect As Pitt follows leads into the slums and rookeries Charlotte too is drawn into the politics and horrors of greed and exploitation For Pitt and Charlotte what begins as a mysterious case of musical corpses becomes a deadly pursuit through the London underworld of pornographic photographers brothels and sweatshops

[The Resurrection of Jesus](#) Michael R Licona, 2020-05-21 The question of the historicity of Jesus' resurrection has been repeatedly probed investigated and debated

And the results have varied widely Perhaps some now regard this issue as the burned over district of New Testament scholarship Could there be any new and promising approach to this problem Yes answers Michael Licona And he convincingly points us to a significant deficiency in approaching this question our historiographical orientation and practice So he opens this study with an extensive consideration of historiography and the particular problem of investigating claims of miracles This alone is a valuable contribution But then Licona carefully applies his principles and methods to the question of Jesus resurrection In addition to determining and working from the most reliable sources and bedrock historical evidence Licona critically weighs other prominent hypotheses His own argument is a challenging and closely argued case for the historicity of the resurrection of Jesus the Christ Any future approaches to dealing with this prize puzzle of New Testament study will need to be routed through The Resurrection of Jesus

Death and Resurrection in Art Enrico De Pascale, 2009 This book will examine the iconography of death as well as that of its symbolic opposite resurrection and rebirth Introduction

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Death, Resurrection, and Transporter Beams Silas N. Langley, 2014-08-22 What has Star Trek to do with eternal life It provides the perfect metaphor for understanding the main Christian views concerning what happens to us when we die In this book Silas Langley uses the Star Trek transporter beam to explain five main Christian views about life after death Each of us lives with some personal answer to the universal question of what comes after death Even among Christians views differ as to what exactly happens when we die Meanwhile the modern secular world increasingly challenges the possibility of life after death How can we live again after we die if much of science and philosophy suggests that all that we are dies with our bodies This book shows how each of these views responds to these challenges Death Resurrection and Transporter Beams sorts out these disagreements and their biblical grounding These differences matter since they bear on who we are

and how we are to live our lives Readers will come away with a clearer understanding of their own beliefs on this topic and with tools to enter into dialogue with people whose beliefs differ
