## **Resurrection Of The Body:**

**The Resurrection of the Body in Western Christianity, 200-1336** Caroline Walker Bynum, 1995 Examining those periods between the late second and fourteenth centuries in which discussions of the body were central to Western conceptions of death and resurrection she suggests that the attitudes toward the body emerging from these discussions still undergird our modern conceptions of personal identity and the individual

**The Resurrection Body "according to the Scriptures"** Wilbert Webster White, 1923

The Resurrection of the Body E W Bullinger, 2017-12-22 Each Easter time Christians celebrate the resurrection from the dead of our Lord Jesus Christ but the Bible has a lot to say about the resurrection of each Christian that is the resurrection of the body In fact it is the hope of each and every believer in Jesus Christ As Paul wrote in Philippians 3 20 21 But our citizenship is in heaven And we eagerly await a Saviour from there the Lord Jesus Christ who by the power that enables him to bring everything under his control will transform our lowly bodies so that they will be like his glorious body That being the case what does the Bible say about The Resurrection of the Body In this book Bullinger answers that question

**The Resurrection of the Dead** Calvin Kingsley, 1855

I Believe in the Resurrection of the Body Rubem A. Alves, 2003-09-08 I wrote these things as celebrations of the resurrection In the hope of the resurrection of the dead To exorcise death which we ourselves feed with our flesh Invocations of joy and beauty Whoever is joyful and loves beauty fights better Resurrected bodies are more beautiful warriors because they bring in their hands the colors of the rainbow And so bodies are transformed into seed which impregnates the earth so the future can be born

Anastasis, Or, The Doctrine of the Resurrection of the Body, Rationally and Scripturally Considered ... George Bush, 1845

**THE RESURRECTION BODY "According to the Scriptures"** Wilbert W White, 2021-02-23 The pivotal relation of the resurrection to the Christian system has been generally acknowledged It is the cardinal fact of Christianity In this book the author delves into the how and why of key points of the Resurrection a precursor to the Christian s resurrection He distinguishes between a resurrection and a resuscitation showing that Lazarus was resuscitated while Jesus was resurrected He counters the error of reincarnation and discusses why this is incompatible with the Scriptures Dealing with skeptics he thoroughly refutes the major theories that deny the resurrection the Theory of Fancy the Theory of Fraud and the Theory of Phantom One of the most significant points he brings out is that that the angel rolled away the stone from the door of the tomb to let the outsiders in not to let Jesus out In that tomb were evidences of the resurrection which it was desirable the disciples should see The winding sheets spoke as eloquently and convincingly of entrance into new life as the empty shell of the chrysalis speaks of the flight of the butterfly Lazarus brought the wrappings that were wound about him with him when he came from the grave Furthermore he converses the accounts of the Resurrection in each of the gospels and concludes with a homily on the power of the Resurrection and its first fruits for believers Homage is paid by the editor to the author s son a WWI flying ace who was killed in action defending a fellow pilot Certainly his son s heroic death must have been very

much on his mind and what comfort meditating on these truths must have brought the author

**The Doctrine of the Resurrection of the Body Asserted and Defended** Robert Wharton Landis, 1846

**The Lectionary Commentary: Theological Exegesis for Sunday's Texts, The Second Readings:** Roger E. Van Harn, 2005-09-09 Preaching pastors ministers and priests know how quickly Sundays come and go The Lectionary Commentary will not slow the pace of the weekly calendar but it will help assure that sermon preparation begins with a solid engagement with Scripture Designed to jump start the difficult task of sermon preparation this indispensable three volume work gathers exegetical essays on biblical texts from the Revised Common Lectionary Covering every Sunday of the three year liturgical cycle as well as Christmas Day Epiphany and Ascension Day the readings are arranged in canonical order so as to be of use to all preachers Seventy eight pastors priests and teachers from a variety of Christian traditions have contributed their insights to The Lectionary Commentary Designed to answer the question What does the preacher need to know about this text in order to preach a faithful sermon from it each of their essays closely considers its specific biblical text all the while remaining alert to the contemporary context in which the sermon will be spoken and heard The result is an invaluable resource that will aid in the difficult task of facilitating a meaningful encounter between Holy Scripture and our modern world This volume The Second Readings Acts and the Epistles provides exegetical commentary on the lectionary readings for the final selections from Act and for all of the New Testament Epistles from Romans to Revelation Also unique to this volume is an excellent essay by Colin E Gunton on preaching from the Letters Consulting Editors Richard A Burridge Thomas W Gillespie Colin E Gunton Robert W Jenson James F Kay Hughes Oliphant Old Fleming Rutledge Marguerite Shuster

**The Doctrine of the Resurrection of the Body, as Taught in Holy Scripture. Eight Sermons Preached Before the University of Oxford in the Year 1850, at the Lecture Founded by the Late Canon Bampton** Edward Meyrick Goulburn (Dean of Norwich.), 1850

**Body** Paula Gooder, 2016-05-19 The Body and the Spirit though roughly speaking being in the same place they are almost always separated from each other in Christian thought The body is painted as something bad frail coarsely corporeal and ruled by the flesh which is always pronounced with parental disdain as if it were a bad influence on an otherwise good child Whereas the Spirit is pure lofty and Good and that you can only really connect with God with what is inside But is it fair to separate Spirituality from the Body Following up Heaven her bestselling and highly praised look at how we see heaven and how the Bible depicts it Paula Gooder explores key Biblical concepts of the Body before moving on to examine what Paul taught in the New Testament That actually we need to take a different look at what is meant by the Body With careful scholarship thoughtful reflection on Biblical passages and an stylistic approach like that of Heaven which The Times Literary Supplement called a fine example of careful biblical scholarship made accessible and exciting Body isn't just a book for the brain Neither is it a book to feed the Spirit It's a book for the person The whole person

Heavenly Bodies Ola Sigurdson, 2016-07-30 Deep and wide study of 2 000 years of

Christian thought on the human body Does Christianity scorn our bodies Friedrich Nietzsche thought so and many others since him have thought the same Ola Sigurdson contends to the contrary that Christianity understood properly in fact affirms human embodiment Presenting his constructive contributions to theology in relation to both historical and contemporary conceptions of the body Sigurdson begins by investigating the anthropological implications of the doctrine of the incarnation He then delves into the concept of the gaze and discusses a specifically Christian gaze of faith that focuses on God embodied in Jesus Finally he weaves these strands into a contemporary Christian theology of embodiment Sigurdson s profound engagement with the whole history of Christian life and thought not only elucidates the spectrum of Christian perspectives on the body but also models a way of thinking historically and systematically that other theologians will find stimulating and challenging

**Sex and Uncertainty in the Body of Christ** Susannah Cornwall, 2016-04-08 Mainstream Christian theology has valued the integrity of the body and the goodness of God reflected in creation However it has also asserted the complementarity of normal male and female physiology Sex and Uncertainty in the Body of Christ offers the first systematic theology of the intersexed body The book analyzes the theological implications of physical intersex conditions and their medical treatment The medical assumption of what constitutes male and female bodies is shown to raise essential questions about the meaning of incarnation and bodiliness The book argues for a theology that speaks to stigmatized and marginal bodies examining the impact of such a theology on sex marriage sexuality perfection healing and the resurrected body A Homiletic Encyclopaedia of Illustrations in Theology and Morals Robert Aitkin Bertram, 1889 **Metropolitan Pulpit and Homiletic Monthly** , 1892 Religion and the Body Sarah Coakley, 1997 This book aims to highlight the distinctive and unfamiliar ways in which diverse religious traditions understand the body and also in doing this to raise to greater consciousness some of the assumptions and problems of contemporary attitudes to it It brings together essays by established experts in the history of religion the social sciences and philosophy Part I is devoted to an analysis of current secularized discourses on the body and to exposing both their anti religious and their covertly religious content Parts II and III provide essays on traditional Western and Eastern religious attitudes to the body Each contributor focuses on some especially characteristic devotional practices or relevant texts each carefully outlines the total context in which a distinctive religious attitude to bodiliness occurs The result is a rich source for comparative studies of the body and of its relation to society and to the divine **Messenger and Visitor** , 1908 *Basics of the Faith* Carl F.
