Rethinking Experiences Of Childhood Cancer:

Rethinking Experiences Of Childhood Cancer: A Multidisciplinary Approach To Chronic Childhood Illness

Dixon-Woods, Mary, Young, Bridget, Heney, David, 2005-06-01 Written by a sociologist psychologist and practising paediatric oncologist this book offers a fresh theoretical approach to the experience of childhood cancer The book also discusses the impact on parents and other family members when a child is diagnosed with cancer **EBOOK: Rethinking Experiences**

of Childhood Cancer: A Multidisciplinary Approach to Chronic Childhood Illness Mary Dixon-Woods, Bridget Young, David Heney, 2005-06-16 The experiences of the families rang true throughout I have experienced many of these personally It made me think differently about my personal experience as a parent of a child with cancer and my son s current social experiences Macmillan Cancer Support This book offers a radical critique of existing psychosocial research on children s experiences of cancer and proposes an alternative view informed by recent interpretive perspectives Exploring topics from obtaining a diagnosis of childhood cancer through to sharing decision making and communication it reviews a wide ranging body of research and theory on childhood chronic illness and cancer The book also examines research that has focused on how parents and other family members experience childhood illness Written by a sociologist a psychologist and a practising paediatric oncologist this book is unique in its approach and provides key reading across traditional disciplinary boundaries In particular the book highlights the emerging contribution of interpretive work to understanding chronic childhood illness and further develops the dialogue that has only recently emerged between the sociology of illness and the sociology of childhood Rethinking Experiences of Childhood Cancer is aimed at researchers students and practitioners in the fields of social science childhood studies nursing medicine mental health care social work clinical psychology and other professions allied to medicine and will also be of interest to families who have been affected by childhood cancer **Young People**

Living With Cancer Grinyer, Anne, 2007-02-01 This book uses original data gathered from in depth research to present an account of what it is like to be an adolescent or young adult living with cancer **Ethical and Philosophical Aspects of**

Nursing Children and Young People Gosia M. Brykczynska, Joan Simons, 2011-01-19 Nurses and healthcare professionals are constantly faced with ethical and philosophical dilemmas when working with children in everyday practice Ethical and Philosophical Aspects of Nursing Children and Young People is a comprehensive text on the ethics and philosophy behind paediatric nursing that reflects the contemporary issues encountered while working with children and young people The title provides a philosophical and historical analysis of the subject looking at a review of sociological and political theories concerning the nature of childhood and providing a critical analysis of contemporary notions about childhood It then goes on to look at moral theories and their application to paediatric nursing practice ethical issues when caring for children of all ages from infancy to adolescence It considers issues of disabled children confidentiality mental health issues children s rights and pain management With case studies and activities throughout this book will enable students and newly qualified nurses

both to understand philosophical concepts and issues but also to articulate their own reflections and observations on these subjects Written by children s nurses for children s nurses With contributions from internationally recognised experts in the field Reflective scenarios further reading extensive referencing case studies guided questions and resources throughout Includes appendices on the RCPCH Guidelines on Withdrawal of Treatment the ICN Ethical Code the Summary of the UNCRC and the RCPCH Guidelines for the Conduct of Ethical Research **Uncertain Futures** Ignasi Clemente,2015-10-12 This book examines children and young people s attempts to participate in conversations about their own treatment throughout uncertain cancer trajectories including the events leading up to diagnosis treatment remission relapse and cure or death Clearly and compellingly written Clemente relies on a new multi layered method to identify six cancer communication strategies Illustrates that communication is central to how children parents and healthcare professionals constitute influence and make sense of the social worlds they inhabit or that they want to inhabit Provides ethnographic case studies of childhood cancer patients in Spain using children s own words Examines the challenges of how to talk to and how to encourage patients involvement in treatment discussions In his critique of the telling versus not telling debates Clemente argues that communication should be adjusted to the children s own needs and that children s own questions can indicate how much or little they want to be involved Uncertain Futures is the winner of the 15th Annual Modest Reixach Prize

Challenges Surrounding the Education of Children with Chronic Diseases Gordon, Maria,2015-10-02 While governing bodies have mandated that all students have the right to an education with disabled students treated to the same rights and opportunities as non disabled students policymakers do not always agree on what all inclusive education should look like Challenges Surrounding the Education of Children with Chronic Diseases explores the needs that children with certain conditions such as diabetes cancer juvenile idiopathic arthritis and inflammatory bowel disease might have in the classroom Featuring coverage on a wide range of topics relating to pre service teacher training school administrators policies and the experiences of children with chronic health conditions this book is an essential reference source for teachers educators school administrators policymakers and anyone else concerned with inclusive educational rights for all students

Principle of Nursing in Oncology Françoise Charnay-Sonnek,Anne E. Murphy,2019-05-17 This book provides a unique overview of oncology nursing care in a new health environment one in which oncology nurses play an increasingly important role In this regard it addresses not only the biomedical aspects of new drugs but also the challenges they pose in day to day nursing practice It also highlights the new skills that oncology nurses will need to develop in light of the changing care setting Drawing on evidence based practice in Europe and around the globe the book offers a holistic approach to nursing for adult and pediatric patients Written by respected professionals in the field it provides nurses interested in oncology with clear and comprehensive information on the specific abilities required with a focus on therapeutic education supportive care genetic counseling and e health In addition it addresses the new role of patients as decision makers and full partners

throughout their treatment cycle Art Therapy with Physical Conditions Marian Liebmann, Sally Weston, 2015-05-21 As the emotional components of physical illnesses become more recognised there is a renewed interest in the potential of art therapy to help patients come to terms with injury pain and terminal and life long conditions A wide range of experienced art therapists describe their work and its benefits to a variety of groups including those with cancer debilitating conditions such as myalgic encephalopathy M E and ulcerative colitis Physical conditions in combination with other factors such as homelessness or learning disabilities and children with life long and chronic conditions are also covered The book includes discussion of spiritual and philosophical issues when mortality is faced life change and adjustment issues practical considerations and which models of practice art therapists find most helpful with various groups This will be essential reading for arts therapists and students as well as for professionals with an interest in psychological issues and wellbeing for patients with physical illness or long term conditions such as psychotherapists and counsellors complementary therapists doctors nurses and other healthcare professionals **Oxford Textbook of Palliative Care for Children** Richard Hain, Ann Goldman, Adam Rapoport, Michelle Meiring, 2021-07-27 The importance of palliative care for children facing life threatening illness and their families is now widely acknowledged as an essential part of care which should be available to all children and families throughout the child s illness and at the end of life The new edition of the Oxford Textbook of Palliative Care for Children brings together the most up to date information current knowledge evidence and developments of clinical practice in the field The book is structured into four sections Foundations of Care describes core issues the foundations on which paediatric palliative care is based Child and Family Care looks at different aspects of psychological social and cultural care for the sick child or young person and their family These chapters cover the time course of the illness around the time of death and support for the bereaved family Symptom Care focuses on the uses of medication specific symptoms and their management Finally Delivery of Care examines practical approaches to care in different environments and the needs of clinicians Two new editors join the team from Canada and South Africa reflecting our aims to contribute towards the development of care for children across the world and to be a resource for both experienced clinicians and those new to the field Comprehensive in scope exhaustive in detail and definitive in authority this third edition has been thoroughly updated to cover new practices current epidemiological data and the evolving models that support the delivery of palliative medicine to children This includes two new chapters looking in detail at Decision Making and Perinatal Care and a new section highlighting the emerging importance of Palliative Care for Children in Humanitarian Crises This book is an essential resource for anyone who works with children worldwide *Palliative and End of Life Care, An Issue of Nursing Clinics* Mimi Mahon, 2010-09-28 This issue of Nursing Clinics Guest Edited by Mimi Mahon features subject topics such as Understanding Children s Involvement in Medical Decision Making Symptom Management at End of Life Assessing respiratory distress when the patient can t self report Barriers to Palliative Care Legislative Issues End Stage Liver Disease Symptoms Dying children

Palliative Care in Pediatric Oncology Joanne Wolfe, Barbara L. Jones, Ulrika Kreicbergs, Momcilo Jankovic, 2017-12-20
 This textbook is the first to focus on comprehensive interdisciplinary care approaches aimed at enhancing the wellbeing of children with cancer and their families throughout the illness experience Among the topics

addressed are the epidemiology of pediatric cancer distress including physical emotional social and spiritual dimensions the role of the interdisciplinary team communication and advance care planning symptom prevention and management care at the end of life family bereavement care and approaches to ease clinician distress The contributing authors are true experts and provide guidance based on the highest available level of evidence in the field The book has not only an interdisciplinary but also an international perspective it will appeal globally to all clinicians caring for children with cancer including physicians nurses psychosocial clinicians and chaplains among others

Rethinking Excessive Habits and Addictive Behaviors Tony Bevacqua, 2015-07-02 Twelve step programs are the foundation of conventional thinking and treatment for people with addictive behaviors But are they truly the best Here Tony Bevacqua explains why these one size fits all approaches are not appropriate for everyone since each person is a unique human being This book takes a humanistic perspective that offers guidance for sufferers their families and friends practitioners and anyone interested in understanding the nature of addictive behaviors What do we know about addictive behavior and mental health Bevacqua maintains our common perceptions are loaded with outdated emotionally charged and deficit based vocabulary Words like addiction addict alcoholic denial recovery clean and others have become absorbed into our vocabulary but conjure up the worst case descriptions of undesirable behavior These labels are generalized to all behaviors and to all people regardless of the details of their specific circumstances By rethinking and changing the language new learning can take place and new approaches to treatment can emerge While biology may play a role in addiction the author argues that the disease model strips sufferers of their ability to see their issues as within their control to address Understanding the role of learning and behavior allows people to redefine addiction in terms of their own personal circumstances allowing that the brain is an organ of social adaptation and is constantly able to wire and rewire itself through enriched environments and new learning Bevacqua proposes a language that also supports an individual with kindness compassion and empathy and suggests ways in which this new perspective and approach can help individuals improve the quality of their thinking which will improve the quality of their behavior

Ethical Issues in Pediatric Hematology/Oncology Kate A. Mazur, Stacey L. Berg, 2019-11-27 This book identifies the various ethical challenges that arise in pediatric hematology oncology and provides the necessary tools to overcome these challenges Aiming to expand upon and strengthen providers knowledge and experience in pediatric health care ethical issues the text positions providers to be beneficial resources to faculty staff patients and families within their institution It presents a multidisciplinary approach to sound ethical practices that is necessary to effectively care for these patients and their families The book reviews the principles of ethical decision making the unique difficulties in using children as research subjects common ethical conundrums involved in providing end of life care and general moralities of professional practice Written by experts in their fields *Ethical Issues in Pediatric Hematology Oncology* is an innovative and valuable resource for clinicians practitioners and trainees who work in the field of pediatric hematology oncology

Flourishing in

Rethinking Experiences Of Childhood Cancer Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rethinking Experiences Of Childhood Cancer has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rethinking Experiences Of Childhood Cancer has opened up a world of possibilities. Downloading Rethinking Experiences Of Childhood Cancer provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rethinking Experiences Of Childhood Cancer has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rethinking Experiences Of Childhood Cancer. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rethinking Experiences Of Childhood Cancer. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rethinking Experiences Of Childhood Cancer, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rethinking Experiences Of Childhood Cancer has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so,

individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rethinking Experiences Of Childhood Cancer Books

1. Where can I buy Rethinking Experiences Of Childhood Cancer books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
