Nineteenth-Century Germany  
and the Origins of the Third  
Reich

Richard J. Evans

# Rethinking German History

**H. Glenn Penny**

## **Rethinking German History:**

**Rethinking German History (Routledge Revivals)** Richard J. Evans, 2015-08-11 In *Rethinking German History* first published in 1987 Richard J. Evans argues for a social historical approach to the German past that pays equal attention to objective social structures and subjective values and experiences. If German history has been seen as an exception to the normal development of Western society, this is not least because historians have until recently largely failed to look beyond the world of high politics, institutions, organizations, and ideologies to broader historical problems of German society and German mentalities. By applying and adapting approaches learned from French and British social history as they have been developed over the last quarter of a century, it is possible to achieve a rethinking of German history which does away with many of the textbook myths that have encrusted the historiography of Germany for so long. This book will be valuable for students of German history and politics and brings together essays widely used in teaching. Its broad coverage of social history will also be useful to all those interested in contemporary historiography or the comparative study of European history.

**Rethinking German History** Richard J. Evans, 1987-01-01

**Rereading German History (Routledge Revivals)** Richard J. Evans, 2015-06-05 In *Rereading German History* first published in 1997 Richard J. Evans draws together his seminal review essays on the political, economic, cultural, and social history of Germany through war and reunification. This book provides a study of how and why historians mainly German, American, British, and French have provided a series of differing and often conflicting readings of the German past. It also presents a reconsideration of German history in the light of the recent decline of the German Democratic Republic, collapse of the Berlin Wall, and the reunification of Germany. *Rereading German History* re-examines major controversies in modern German history such as the debate over Germany's special path to modernity in the nineteenth and twentieth centuries and the discussions in the 1980s on the uniqueness or otherwise of Auschwitz. Evans also analyses the arguments over the nature of German national identity. The book offers trenchant and important analytical insights into the history of Germany in the last two centuries and is ideal reading material for students of modern history and German studies.

*Rethinking German Idealism* S.J. McGrath, Joseph Carew, 2016-06-27 The death of German Idealism has been decried innumerable times since its revolutionary inception, whether it be by the 19th-century critique of Western metaphysics, phenomenology, contemporary French philosophy, or analytic philosophy. Yet in the face of two hundred years of sustained, extremely rigorous attempts to leave behind its legacy, German Idealism has resisted its philosophical death sentence. For this exact reason, it is timely to ask: What remains of German Idealism? In what ways do its fundamental concepts and texts still speak to us? Drawing together new and established voices from scholars in Kant, Fichte, Hegel, and Schelling, this volume offers a fresh look on this time-honoured tradition. It uses myriad of recently developed conceptual tools to present new and challenging theories of its now canonical figures.

**The Oxford Handbook of Modern German History** Helmut Walser Smith, 2011-09-29 This is the first comprehensive multi-author survey of German

history that features cutting edge syntheses of major topics by an international team of leading scholars Emphasizing demographic economic and political history this Handbook places German history in a denser transnational context than any other general history of Germany It underscores the centrality of war to the unfolding of German history and shows how it dramatically affected the development of German nationalism and the structure of German politics It also reaches out to scholars and students beyond the field of history with detailed and cutting edge chapters on religious history and on literary history as well as to contemporary observers with reflections on Germany and the European Union and on multi cultural Germany Covering the period from around 1760 to the present this Handbook represents a remarkable achievement of synthesis based on current scholarship It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany s dramatic often destructive integration into the community of modern nations As it brings this story to the present it also places the current post unification Federal Republic of Germany into a multifaceted historical context It will be an indispensable resource for scholars students and anyone interested in modern Germany

**German History** Hans Kohn, 2019-06-28 Originally published in 1954 this book presents the view of nine liberal German historians in reconsideration of the dominant concepts of German political and cultural history in the immediate post war years They review critically not only the rise and rule of National Socialism but also the strength of authoritarianism and militarism the weakness of democracy and liberal attitudes in 19th Century Germany The essays were published in German periodicals and pamphlets between 1945 and 1952 and collected in this volume and translated into English they represent a survey of one of the most important intellectual movements of reconsideration and of political and moral readjustment after World War II

Rewriting German History Jan Rüger, Nikolaus Wachsmann, 2015-10-11 Rewriting German History offers striking new insights into key debates about the recent German past Bringing together cutting edge research and current discussions this volume examines developments in the writing of the German past since the Second World War and suggests new directions for scholarship in the twenty first century

Germany from the Outside Laurie Johnson, 2022 The nation state is a European invention of the 18th and 19th centuries In the case of the German nation in particular this invention was tied closely to the idea of a homogeneous German culture with a strong normative function As a consequence histories of German culture and literature often are told from the inside as the unfolding of a canon of works representing certain core values with which every person who considers him or herself German necessarily must identify But what happens if we describe German culture and its history from the outside And as something heterogeneous shaped by multiple and diverse sources many of which are not obviously connected to things traditionally considered German Emphasizing current issues of migration displacement systemic injustice and belonging the essays in this volume explore new opportunities for understanding and shaping community at a time when many are questioning the ability of cultural practices to effect structural change Located at the nexus of cultural political

historiographical and philosophical discourses this volume will inform discussions about next directions for German Studies and for the Humanities in a fraught era **Gendering Modern German History** Karen Hagemann, Jean H.

Quataert, 2008-08 To provide a critical overview in a comparative German American perspective is the main aim of this volume which brings together experts from both sides of the Atlantic Through case studies it demonstrates the extraordinary power of the gender perspective to challenge existing interpretations and rewrite mainstream arguments Modern

Germany Reconsidered Gordon Martel, 2002-11-01 First Published in 2004 In this major textbook leading international scholars provide clear concise summaries of many of the most important controversies and developments in German history from 1870 1945 Twelve contributors distinguished for their detailed and original work summarize the nature of the controversies explain the various interpretations and offer their own conclusions and arguments Each essay is new and has been specially commissioned for this book Modern Germany Reconsidered represents essential reading for second and third year undergraduates on a range of Modern Germany courses The book has been designed and written exclusively for students to function as a major course text or as a set of supplementary readings to support other texts Modern Germany Reconsidered follows the chronological development of the whole range of modern German history whilst highlighting themes of special interest the role of women economics German liberalism the Holocaust **The Course of German**

**History** A.J.P. Taylor, 2024-11-01 One of A J P Taylor's best known books The Course of German History is a notoriously idiosyncratic work Composed in his famously witty style yet succinct to the point of sharpness this is one of the great historian's finest if more controversial accomplishments As Taylor himself noted the history of the Germans is a history of extremes It contains everything except moderation He could of course simply be referring to his own book The German Idea of Militarism Nicholas Stargardt, 1994-03-17 This 1994 book examines the development of the modern idea of militarism from its inception in the 1860s until the outbreak of World War I Often regarded as the archetypical militarist state imperial Germany in fact witnessed a major controversy over the issue which became a touchstone of political opposition Issues like the arms race and the military industrial complex displaced more traditional concerns about authoritarian rule and militarism gradually acquired its modern meaning The book is part of a wider discovery by historians of the way political identities and ideas intermeshed contributing to the rise of civil society and new types of politics in modern Europe The political history of the main protagonist of anti militarism German social democracy is examined as Nicholas Stargardt reveals the lasting influence of older radical traditions and reappraises the role played by its espousal of Marxism **Reformers, Critics, and**

**the Paths of German Modernity** Kevin Repp, 2000 Modernity was an inescapable fact of life for the first generation to come of age in the German Empire Even the most extreme political opponents saw the chaotic transformation of all spheres of life in the wake of industrial capitalism as the central problem facing young men and women at the fin de siècle This fresh look at Wilhelmine perceptions of modernity challenges both the traditional emphasis on anti modernism as a peculiarly

German response that led to the rise of National Socialism and the more recent post Foucauldian studies on the pathologies of modernity which point instead to an unreflective faith in science and efficiency on the part of German progressives

Shifting the focus away from radical extremes on either side Kevin Repp explores the more moderate agendas of hundreds of mainstream intellectuals and activists from diverse social backgrounds who sought to surmount the human costs of industrialization without relinquishing its positive potential Repp combines detailed case studies of Adolf Damaschke Gertrud B umer and Werner Sombart with an innovative prosopography of their milieu to show how leading reformers enlisted familiar tropes of popular nationalism eugenics and cultural pessimism in formulating pragmatic solutions that would be at once modern and humane Easily obscured by radical voices on right and left this quiet search for alternatives nevertheless succeeded in building a nationwide network of educational centers associative ties and institutions that substantially altered the landscape of Wilhelmine political culture in the decades before the First World War

*A History of Modern Germany* Martin Kitchen, 2011-01-25 Featuring revised and extended coverage the second edition of *A History of Modern Germany* offers an accessible and engagingly written account of German history from 1800 to the present Provides readers with a long view of modern German history revealing its continuities and changes Features updated and extended coverage of German social change and modernization class religion and gender Includes more in depth coverage of the German Democratic Republic Examines Germany's social political and economic history Covers the unification of Germany the German Empire the Weimar Republic the Third Reich post war division the collapse of Communism and developments since re unification Addresses regional history rather than focusing on the dominant role of Prussia

**Origins of Liberal Dominance** Andrew C. Gould, 2010-06-02 How did liberal movements reshape the modern world *Origins of Liberal Dominance* offers a revealing account of how states churches and parties joined together in France Belgium Switzerland and Germany to produce fundamentally new forms of organization that have shaped contemporary politics Modern political life emerged when liberal movements sought to establish elections constitutions free markets and religious liberty Yet liberalism even at its height faced strong and often successful opposition from conservatives What explains why liberals overcame their opponents in some countries but not in others This book compares successful and unsuccessful attempts to build liberal political parties and establish liberal regimes in France Belgium Switzerland and Germany from 1815 to World War I Andrew Gould argues that relations between states and churches set powerful conditions on any attempt at liberalization Liberal movements that enhanced religious authority while reforming the state won clerical support and successfully built liberal institutions of government Furthermore liberal movements that organized peasant backing around religious issues founded or sustained mass movements to support liberal regimes *Origins of Liberal Dominance* offers striking new insights into the emergence of modern states and regimes It will be of interest to political scientists sociologists comparative historians and those interested in comparative politics regime change and state building democratization religion and politics and European politics Andrew

C Gould is Assistant Professor of Government and Kellogg Institute Fellow University of Notre Dame

**The Civilization of Crime** Eric Arthur Johnson, Eric H. Monkkonen, 1996 Along with most of the rest of Western culture has crime itself become more civilized This book exposes as myths the beliefs that society has become more violent than it has been in the past and that violence is more likely to occur in cities than in rural areas The product of years of study by scholars from North America and Europe The Civilization of Crime shows that however violent some large cities may be now both rural and urban communities in Sweden Holland England and other countries were far more violent during the late Middle Ages than any cities are today Contributors show that the dramatic change is due in part to the fact that violence was often tolerated or even accepted as a form of dispute settlement in village dominated premodern society Interpersonal violence declined in the seventeenth and eighteenth centuries as dispute resolution was taken over by courts and other state institutions and the church became increasingly intolerant of it The book also challenges a number of other historical sociological theories among them that contemporary organized crime is new and addresses continuing debate about the meaning and usefulness of crime statistics CONTRIBUTORS Esther Cohen Herman Diederiks Florike Egmond Eric A Johnson Michele Mancino Eric H Monkkonen Eva sterberg James A Sharpe Pieter Spierenburg Jan Sundin Barbara Weinberger

**Rereading German History** Richard Evans, 2002-11-01 In this text the author draws together his review essays on the political economic cultural and social history of Germany through war and reunification This book provides a study of how historians mainly German American British and French have provided a series of differing and often conflicting readings of the German past in recent years It also presents a reconsideration of German history in the light of the recent decline and fall of the German Democratic Republic collapse of the Berlin Wall and the reunification of Germany

Health, 'Race' and Empire: Popular-Scientific Spectacles and National Identity in Imperial Germany, 1871-1914 Eike Reichardt, 2008 Establishing the context within which organizers who staged spectacular popular science exhibitions for urban middle class audiences and the physicians as well as activists who provided commentaries functioned this dissertation is a study in social history that seeks to determine how presentations of what it meant to be German evolved from the 1870s to the eve of the Great War in 1914 Research topics include Hagenbeck s Ethnographic People Shows The Berlin Hygiene Exhibition of 1883 The Berlin Trade Colonial Fair of 1896 Karl August Lingner mouthwash magnate philanthropist and innovator of the textbook style exhibit Taking the first major international health exhibition from idea to reality The International Hygiene Exhibition in Dresden in 1911 Reprint of Dissertation with Minor Corrections and New Pagination

**Central Europe** Lonnie Johnson, 1996-10-31 Throughout the Cold War era the Iron Curtain divided Central Europe into a Communist East and a democratic West and we grew accustomed to looking at this part of the world in bipolar ideological terms Yet many people living on both sides of the Iron Curtain considered themselves Central Europeans and the idea of Central Europe was one of the driving forces behind the revolutionary year of 1989 as well as the deterioration of Yugoslavia and its ensuing wars Central Europe provides a

broad overview and comparative analysis of key events in a historical region that encompasses contemporary Germany Poland the Czech Republic Slovakia Austria Hungary Slovenia and Croatia Starting with the initial conversion of the pagan peoples of the region to Christianity around 1000 A D and concluding with the revolutions of 1989 and the problems of post Communist states today it illuminates the distinctive nature and peculiarities of the historical development of this region as a cohesive whole Lonnie R Johnson introduces readers to Central Europe s heritage of diversity the interplay of its cultures and the origins of its malicious ethnic and national conflicts History in Central Europe he shows has been epic and tragic Throughout the ages small nations struggled valiantly against a series of imperial powers Ottoman Turkey Habsburg Austria imperial Germany czarist Russia Nazi Germany and the Soviet Union and they lost regularly Johnson s account is present minded in the best sense in describing actual historical events he illustrates the ways they have been remembered and how they contribute to the national assumptions that still drive European politics today Indeed the constant interplay of reality and myth the processes of myth making and remembrance animates much of this history Since the fall of the Iron Curtain in 1989 the unanticipated problems of transforming post Communist states into democracies with market economies the wars in the former Yugoslavia and the challenges of European integration have all made Central Europe the most dynamic and troubled region in Europe In Central Europe Johnson combines a vivid and panoramic narrative of events a nuanced analysis of social economic and political developments and a thoughtful portrait of those myths and memories that have lives of their own and consequences for all of Europe      *German History Unbound* H. Glenn Penny, 2022-06-30 Offers a new polycentric vision of modern German history focusing on the great plurality of Germans across Europe and around the world

### **Rethinking German History Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Rethinking German History has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rethinking German History has opened up a world of possibilities. Downloading Rethinking German History provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rethinking German History has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rethinking German History. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rethinking German History. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rethinking German History, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rethinking German

History has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## **FAQs About Rethinking German History Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rethinking German History is one of the best book in our library for free trial. We provide copy of Rethinking German History in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rethinking German History. Where to download Rethinking German History online for free? Are you looking for Rethinking German History PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Rethinking German History. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Rethinking German History are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands

or niches related with Rethinking German History. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Rethinking German History To get started finding Rethinking German History, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Rethinking German History So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Rethinking German History. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Rethinking German History, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Rethinking German History is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Rethinking German History is universally compatible with any devices to read.
