Rethinking The Beloved Community Ecclesiology Hermeneutics Social Theory:

Rethinking the Beloved Community Lewis Seymour Mudge, 2001 This book drawing for its title upon Josiah Royce's well known turn of phrase presents twelve essays written over forty years of the author's life which together see ecclesiology as a form of hermeneutical social theory intelligible both to theologians and scholars in the human sciences This perspective is presented as one in which members of Christian communions and others of good will can wrestle in common with contemporary issues of human life in a context open to transcendence The book is arranged in five parts Social Reality Hermeneutics Ecclesiology Civil Society and Householding An analytical introduction by the author links the essays situationally and conceptually The principal interlocutors in addition to Royce are Paul Ricoeur Alfred Schutz Ernst Troeltsch Dietrich Bonhoeffer G W F Hegel Robert Bellah John Rawls and Jürgen Habermas A Reader in Ecclesiology Bryan P. Stone, 2016-03-16 This Reader presents a diverse and ecumenical cross section of ecclesiological statements from across the twenty centuries of the church's existence It builds on the foundations of early Christian writings illustrates significant medieval reformation and modern developments and provides a representative look at the robust attention to ecclesiology that characterizes the contemporary period This collection of readings offers an impressive overview of the multiple ways Christians have understood the church to be both the body of Christ and at the same time an imperfect social and historical institution constantly subject to change and reflective of the cultures in which it is found This comprehensive survey of historical ecclesiologies is helpful in pointing readers to the remarkable number of images and metaphors that Christians have relied upon in describing the church and to the various tensions that have characterized reflection on the church as both united and diverse community and institution visible and invisible triumphant and militant global and local one and many Students clergy and all interested in Christianity and the church will find this collection an invaluable resource

Democracy in the Christian Church Luca Badini Confalonieri, 2012-05-10 Are church structures divinely willed and consequently both permanent and irreversible Can Christians modify the polity of their church like they do with that of civil society What would be the role of the office of oversight in a Christian church democratically organized What would its relationship with specialized authorities within the community be Building on a remarkable number of specialist studies in exegesis church history political philosophy canon law and ecclesiology this book convincingly fulfils three goals First it encourages Christians to determine the political outlook of their faith community Secondly it provides some fundamental criteria for judging the ethical value of church structures on the basis of Bernard Lonergan's cognitional theory and with the help of recent insights from contemporary political philosophy Thirdly it outlines a largely novel and groundbreaking understanding of a democratic church In the process it engages with some of the most difficult ecclesiological issues faced by most Christian churches **Engaging with Contemporary Culture** Martyn Percy, 2016-04-29 Theology and the churches are often considered to be at the margins of contemporary culture frequently struggling for identity and attention In this

important new book Martyn Percy argues that a rich form of practical theological engagement is needed if the churches are to comprehend their situation in the modern world thereby enabling them to engage more confidently with society Drawing on a range of perspectives in the religion culture debate and from case studies in the USA and Europe the book explores the myriad of ways in which culture is now shaping contemporary Christianity and how vital an appreciation of this dynamic is for the self understanding of churches and theology This book explores the crucial and continuing contribution that theology can make to public life in an era that is often perceived to be dominated by consumerism and secularity It will especially appeal to scholars of contemporary religion practical theologians and all those who are engaged in ministerial formation

Beyond Evangelicalism Steven Knowles, 2016-12-05 A prolific author and thinker Stanley J Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world Amongst the many issues tackled by him it is perhaps his revisioning of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world Advocating a nonfoundationalist methodology Grenz attempts to re position evangelical theology in line with postmodern concerns This work examines the main traits of postmodern thought that would seem to directly challenge how evangelical theology is traditionally done An examination of the seminal influences on Grenz will be traced in order to understand more fully the position he takes A rigorous critique and assessment of his theological methodology will follow with the conclusion that his work goes beyond evangelicalism This will be the first book length treatment on Grenz s work on theological methodology and therefore will break new ground in this important area of study

Encountering Cruelty: The Fracture of the Human Heart Michael Trice, 2011-04-21 Drawing on Nietzsche s challenge to the western tradition this book is a theological exploration of cruelty in its personal communal and institutional encounters in human life Cruelty undermines care trust respect and justice and its study opens a window into the theological possibility of reconciliation today

The Community of the Weak Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical

horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story

Church, Community and Power Roy Kearsley, 2016-05-23 In the era of post Christendom how can church as a sociological reality be switched on to the destructive dangers yet constructive possibilities of power flowing in and around its community Attuned to the current distrust of church power this book creatively works out responses that could turn painful censure into a re visioning of church power relations helped by neglected critical studies The approach exposes a complexity to power and filters that insight into a theology of church The book shows how lessons are available for a religious community from post modern philosopher Michel Foucault and from recent feminism The topic of power has universal importance in the study of religion though the response to analysis and critique in this book is drawn specifically from Christian sources Kearsley concludes with an exploration for a future renovated self critical authentic and growing community sensitive to power while remaining in line with classic Christianity

An/Other Praxis Herry M. Mukdani, 2013-12-01 Today s ecclesial praxis has to add something to human capacity in order for the church to envision itself whole This book addresses multiple struggles as creative acts theologically for rethinking a possibly constructive ecclesial praxis that addresses God s new creation in its relation to God s people By examining it in broader paradigms Herry Mukdani proposes an Other praxis as a critical option for ecclesial freedom An Other Praxis searches not only new impulses for theological practices but the extension of voices from the margins that have contributed both to fresh ideas and to new opportunities for life It also demands ecclesial praxis to put all existing voices into account and responsibly re dis cover the subaltern or subordinated others Thus this praxis helps the subaltern communities of faith claim their own identities as border crossers in the midst of cultural and religious plurality They will be active subjects of new theological productions from and for the church They are able to prove theological creativity possible today that expands beyond its ecclesial limits An Other Praxis will be of interest to readers not merely because they want to learn something beyond the existing forms of praxis Rather it will always give them refreshing energies capable of making rich and sometimes risky responses to the ministry possible and real It will also give them attitude and perspective to improve a culturally diverse conversation in theology and thus it adds divers al ity in ministry and leadership in today s church

Rendering the Word in Theological Hermeneutics Mark Alan Bowald, 2016-04-08 This book proposes an original typology for grasping the differences between diverse types of biblical interpretation fashioned in a triangle around a major theological and philosophical lacuna the relation between divine and human action Despite their purported concern for reading God's word most modern and postmodern approaches to biblical interpretation do not seriously consider the role of divine agency as having a real influence in and on the process of reading Scripture Mark Bowald seeks to correct and clarify this deficiency by demonstrating the inevitable role that divine agency plays in contemporary proposals in relation to human agency enacted in the composition of the biblical text and the reader This book presents an important contribution to the emerging field of theological hermeneutics Bowald discusses in depth the hermeneutics of George Lindbeck Hans Frei Kevin Vanhoozer Francis Watson Stephen Fowl David Kelsey Werner Jeanrond Karl Barth James K A Smith and Nicholas Wolterstorff

[Reasonable Radical?](#) Ian S. Markham, Joshua Daniel, 2018-01-16 One of the most interesting voices in the Academy and the Church today is Martyn Percy Percy the Dean of Christ Church Oxford and a leading voice in the Anglican Communion is both theologically orthodox yet deeply

unconventional While remaining engaged in the scholarly community Percy writes with clarity and passion on topics that range from ecclesiology to music from sexuality to the Trinity from advertising to ministerial training he is a polymath This book is two books in one The first half contains a series of articles written both by church leaders and academics that serve as substantial critical introductions to Percy's thought In the second half the reader gets to hear from Percy himself in a collection of wide ranging material from his corpus While producing a dialectical engagement of some depth as Percy offers written responses to his interlocutors this volume should prove useful for a variety of communities beyond academic circles especially ones engaged with contemporary issues facing ecclesiology churches and the wider Anglican Communion
