Rethinking The Synoptic Problem:

Rethinking the Synoptic Problem David Alan Black, David R. Beck, 2001-10-01 The problematic literary relationship among the Synoptic Gospels has given rise to numerous theories of authorship and priority The primary objective of Rethinking the Synoptic Problem is to familiarize students with the main positions held by New Testament scholars in this much debated area of research The contributors to this volume all leading biblical scholars highlight current academic trends within New Testament scholarship and updates evangelical understandings of the Synoptic Problem **Three Views on the Origins of the Synoptic Gospels** Robert L. Thomas, Noted evangelical scholars present the best contemporary insights into the three dominant views on the origins of the Synoptic Gospels **Is There a Synoptic Problem?** Eta Linnemann, 1992 Theological science as research a historical review New Testament criticism in academic studies The composition of Matthew and Luke Commonality in the narrative thread of the Synoptic Gospels The extent of parallelism between Matthew Mark and Luke a longitudinal investigation Quantitative synoptic comparison a representative cross section The significance of the extent of similarities in vocabulary The probability of literary dependence The possibility of understanding the Synoptic Gospels without literary dependence The origin of the Synoptic Gospels The purpose of the four Gospels The treatment of the four Gospels A Biblical-Theological Introduction to the New Testament Michael J. Kruger, 2016-05-31 Introductions to the New Testament often take a defensive stance focusing on historical critical issues but failing to address the interests and needs of pastors and Bible teachers However with an emphasis on the theology key themes and overall message of each book in the New Testament this collaborative effort of nine biblical scholars takes a more positive and pastorally relevant approach Written from a distinctly Reformed covenantal and redemptive historical perspective this theologically rich expositional resource will equip readers to study and teach each book in the New Testament with clarity and insight **Four Portraits, One Jesus, 2nd Edition** Mark L. Strauss, 2020-03-24 A thorough introduction to the four biblical Gospels and their subject the life and person of Jesus Like different artists who render the same subject using unique styles and points of view the Gospels paint four distinctive portraits of the same Jesus of Nazareth To Christians worldwide he is the centerpiece of history the object of faith hope and worship Even those who do not follow him admit the vast influence of his life With clarity and insight biblical scholar Mark Strauss illuminates these four books addressing the following important areas The nature origin methods for study and historical religious and cultural backgrounds of each of the Gospels A closer study of the narratives and themes found in Matthew Mark Luke and John and their contribution to our understanding of Jesus A detailed examination of what the Gospels teach about Jesus ministry message death and resurrection with excursions into the quest for the historical Jesus and the historical reliability of the Gospels For anyone interested in knowing more about Jesus study of the four biblical Gospels is essential This fully updated textbook together with its workbook video lectures and laminated sheet gives students everything they need for a thorough and enriching study of Jesus and the Gospels **Matthean and**

Lukan Special Material Brice C. Jones, 2011-12-08 For the first time the Gospel material unique to both Matthew and Luke is brought together into one volume in both Greek and English For more than a century New Testament scholars have asserted that Matthew and Luke drew on sources in addition to Q and Mark during the composition of their Gospels For convenience the non paralleled material in Matthew has traditionally been labeled M and the non paralleled material in Luke has traditionally been labeled L We learn only from Matthew for example particular stories like Joseph and Mary s escape to Egypt and the Great Commission from Luke stories like the Prodigal Son and Jesus appearance on the Emmaus road Studying the material unique to each Gospel in isolation from their narrative contexts will allow students and scholars alike to engage these stories on their own In this book the individual special pericopae from Matthew and Luke are collected and arranged in Greek and English in the order in which they appear in the Greek New Testament An introductory essay is provided to introduce readers to the Synoptic Problem the notions of M and L and where they come from what the parameters are for selection and the critical debate so that readers know how the selections were made and what is being asserted by their inclusion This book will be a wonderful teaching tool for seminary and university professors and will facilitate student engagement with distinctive Matthean and Lukan stories It will also be a valuable resource for New Testament scholars doing research on this special material since having it all in one place will no longer require them to search for the distinctive passages among the larger Gospel narratives

The Pericope of the Adulteress in Contemporary Research David Alan Black, Jacob N. Cerone, 2016-04-21 The contributors to this volume J D Punch Jennifer Knust Tommy Wasserman Chris Keith Maurice Robinson and Larry Hurtado re examine the Pericope Adulterae John 7 53 8 11 asking afresh the question of the paragraph s authenticity Each contributor not only presents the reader with arguments for or against the pericope s authenticity but also with viable theories on how and why the earliest extant manuscripts omit the passage Readers are encouraged to evaluate manuscript witnesses scribal

tendencies patristic witnesses and internal evidence to assess the plausibility of each contributor's proposal. Readers are presented with cutting edge research on the pericope from both scholarly camps: those who argue for its originality and those who regard it as a later scribal interpolation. In so doing, the volume brings readers face to face with the most recent evidence and arguments, several of which are made here for the first time, with new evidence brought to the table, allowing readers to engage in the controversy and weigh the evidence for themselves. **Christ and the Law in Matthew** Brice L.

Martin, 2001-02-20 Martin argues that Jesus' relationship to the law is not described in terms of keeping therein, doing poiein, establishing histemi, making firm, bebaion, interpreting hermeneuein, adding prostithemi, completing or making perfect telein, or teleioun, but of fulfilling pleroun. Jesus' eschatological mission is not in any way to take away from the law or add a foreign mixture to the law, but to fill the law full to bring all of it into eschatological fullness. This he does in the events of his coming, his earthly life, death, resurrection, and return, but he also does it with his teaching. *The New Testament* Donald A.

Hagner, 2012-11-15 This capstone work from widely respected senior evangelical scholar Donald Hagner offers a substantial introduction to the New Testament. Hagner deals with the New Testament both historically and theologically, employing the framework of salvation history. He treats the New Testament as a coherent body of texts and stresses the unity of the New Testament without neglecting its variety. Although the volume covers typical questions of introduction, such as author, date, background, and sources, it focuses primarily on understanding the theological content and meaning of the texts, putting students in a position to understand the origins of Christianity and its canonical writings. Throughout, Hagner delivers balanced conclusions in conversation with classic and current scholarship. The book includes summary tables, diagrams, maps, and extensive bibliographies. *The Branch* Preston T. Massey, 2018-07-24 The thesis of the book may be stated simply: it is an argument based upon the four prophetic texts of Jer 23:5, Zech 3:8, 6:12, and Isa 4:2 as a foundational pattern for the four Gospels. These four prophetic texts will be argued mention a King Branch, a Servant Branch, a Man Priest Branch, and a Lord God Branch. This study seeks to show how Matthew presents Jesus as the King Branch, Mark as the Servant Branch, Luke as the Priest Man Branch, and John as the Lord God Branch. Consideration will also be given to explore the ramification of the four living Beings as described in Rev 4:6-7. Given the sum total of this sequence of literary facts, the conclusion of this book will raise a number of possible implications. One of these implications will offer the conclusion that the four evangelists could not have written their four Gospels solely on their own human, unaided efforts. *The Ending of the Canon* Külli

Tõniste, 2016-02-25 Revelation studies have been typically characterised by two very different types of study emanating from academia and the church. Academia has been engaged in historical-critical and source-critical studies which typically dissect the text. Whilst the methods used in the church treat Revelation as scripture and keep the text intact, these approaches often lack the tools for sound interpretation. Tõniste observes the need for a more holistic and thoughtful methodology to study Revelation. Tõniste develops an approach that respects Revelation as a part of Christian scripture composed by and for the

church whilst simultaneously making use of respected modern academic methods that support unity literary canonical and narrative criticism intertextuality and canonical location to arrive at theologically sensible and satisfying interpretations The basic key to unlocking the mysteries of Revelation lies in its abundant use of intertextuality an area that remains still under researched This integrated methodology is explored through a reading of Revelation 21 22

THE Gnostic Jesus Edward D. Andrews, 2021-06-09 Jesus is identified by some Gnostics as an embodiment of the supreme being who became incarnate to bring gnosis to the earth In contrast others adamantly denied that the supreme being came in the flesh claiming Jesus to be merely a human who attained enlightenment through gnosis and taught his disciples to do the same Among the Mandaeans Jesus was considered a mihakdaba or false messiah who perverted the teachings entrusted to him by John the Baptist Still other traditions identify Mani and Seth the third son of Adam and Eve as salvific figures In the course of a century and a half Gnosticism comes and goes before us like a splendid vision And yet its influence upon Christianity was profound and permanent It gave occasion to a great expansion of Christian thought to a clearer idea of the historical relation of Christianity to earlier and surrounding religions and to a better definition of the basis of true faith Therefore it deserves a more careful study than it has only recently received
