Sanford Sternlicht, 1999-11-01 Sternlicht includes little known facts about Forester's background his days in Hollywood as a screenwriter and the genesis of the models for the major characters in the Saga many of whom were friends and acquaintances of Forester's Sternlicht discusses extensively the research and writing techniques Forester used in his depiction of naval warfare and specific campaigns and actions of the Napoleonic period with actual procedures events and outcomes In addition Sternlicht offers readings and historical background to Forester's two other great historical novels *The African Queen* and *The General* *Death to the French* C. C. S. FORESTER, 2021-07-19 This is a book about the 95th Rifles When I saw it was written by C S Forester I thought it was from the Hornblower series but was surprised to find out it was based on the true story of Rifleman Dodd who wound up behind the lines of the main French army during their Winter before the Lines Of Torres Vedras Rifleman Dodd has to survive on his own after being separated from his patrol due to an attack by a French Cavalry patrol He joins some Portuguese partisans and shows then how a professional wages war Dodd must rely on his training and skills of a Rifleman to survive and take the war to the French *Professional Journal of the United States Army*, 1960 *The Good Soldier* Field-Marshal Earl Wavell, 2016-01-18 The Good Soldier contains the distilled wisdom of

Field Marshal Wavell collected from his numerous articles and speeches Practically all the articles collected here were written between the two Great Wars between 1926 and 1938 a few were written during the late war Nearly all have been previously published in newspapers or military journals Whether they are worth collection and republication I must leave readers to judge Inoculation with the deadly virus of war does not seem to confer immunity on any people or on the world as a whole for more than a very limited period There must still be soldiers and I fear there will still be wars in spite of UNO and ATOM So long as war has to be studied there may be something of value in these notes of one who has studied war for close on fifty years That is my only excuse for re enlisting these old soldiers of my pen Some of them may be thought old fashioned and out of date with little more to tell the modern student of war than would a visit to the pensioners of Chelsea Hospital But passing down their ranks and looking them over with I admit an indulgent eye I still believe that there may be something in each of these veterans or at least in some of them to induce thought and perhaps to sow the germ of a fresh idea If I can claim to any merit as a soldier it is that I have always tried to keep my mind receptive to fresh ideas and that I have striven to present these ideas in as simple and practical a form as possible in battle dress rather than in review order If these old soldiers of mine can in any way help a young soldier to learn his trade the training and handling of men in circumstances of great complexity and difficulty they will not have come back from the Reserve in vain Author s Preface 1946      **Cumulative Paperback Index, 1939-1959** R.
