Rifleman's Progress:

Rifleman's Progress Ellis Christian Lenz, 1946 **A Rifleman's Diary** Eric Fawbert, 2008-02-18 In 1940 the author was accepted for RAF flying crew then changed his mind and opted for the infantry Why see book As he survived 6 years 4 in the front lines of N Africa Italy and NW Europe without a scratch he has never regretted the change Back in Civvy Street after the war and having voted Churchill out of office his diaries were relegated to the attic and brought out only recently as of interest in his old age and a change from the boredom of TV etc They did more than relieve boredom however as they reminded him that his service although not overtly recognised was something to be proud of He decided that an easy reading book would be of interest to his two children and the family name as well as an opportunity to dispel a number of fallacies of that time and to give a true insight into the life and thoughts of a ranker in the field The author believes that most war books are biased to some extent occasionally unintended but often intentionally so he stresses that this book adheres to the diary entries written on site at the time occasionally whilst still under fire His views tend to be confrontational but have not been challenged in the course of a private issue This book is intended for a wider readership Infantry Journal ,1922

an independent minded and quick witted survivor **The Mounted Rifleman** James Parker,1916 *A Rifleman Went to War* Herbert W. McBride,1935 Being a narrative of the author s experiences and observations while with the Canadian Corps in France and Belgium September 1915 April 1917 With particular emphasis upon the use of the military rifle in sniping its place in modern armament and the work of the individual soldier The Rifleman Christopher Sharrett,2005 A comprehensive analysis of what many consider to be television s most intelligent western The Rifleman is perhaps the most significant and intelligent of the TV westerns from the late 1950s an era when the western was the dominant television genre With its story of a single father raising a son in 1880s New Mexico The Rifleman offered many alternatives to the conventions of the western It also embodied many of the genre s contradictions setting its ideas about domesticity and level headedness alongside the gun violence adopted by westerns as central to the settling of the West and the creation of America With its initial episodes written and directed by celebrated auteur Sam Peckinpah and the overall series produced by veteran Dick Powell and the pioneering television production team of Jules Levy Arthur Gardner and Arnold Laven The Rifleman is distinguished by its stewardship of some of the most talented minds of early television In his succinct study of this television milestone Christopher Sharrett uses television studies psychoanalytic criticism gender studies and American studies to place The Rifleman within the TV western genre and early television culture While discussing the intelligence and lasting value of this series Sharrett also challenges the reader to consider the broader role of 1950s television in shaping the consciousness of the postwar generation The Rifleman remains one of the great examples of the stalemates within American mass culture the struggle between reason and violence
