Byzantine Philosophy and its Ancient Sources Katerina Ierodiakonou,2002-03-28 Byzantine philosophy is an almost unexplored field Being regarded either as mere scholars or as primarily religious thinkers Byzantine philosophers for the most part have not been studied on their own philosophical merit and their works have hardly been scrutinized as works of philosophy Thus although distinguished scholars in the past have tried to reconstruct the intellectual life of the Byzantine period there is no question that we still lack even the beginnings of a systematic understanding of the philosophy of the Byzantines Byzantine Philosophy and its Ancient Sources is conceived as a concerted attempt in this direction It examines the attitude the Byzantines took towards the ancient philosophical tradition and the specific ancient sources which they relied upon to form their theories But did the Byzantines merely copy ancient philosophers or interpret them the way they already had been interpreted in late antiquity Does Byzantine philosophy as a whole lack a distinctive character which differentiates it from the previous periods in the history of philosophy Eleven scholars representing different disciplines from philosophy and history to classics and medieval studies approach these questions by thoroughly investigating particular topics which give us some insight as to the directions in which we should look for possible answers These topics

range in modern terms from philosophy of language theory of knowledge and logic to political philosophy ethics natural philosophy and metaphysics The philosophers whose works our contributors study belong to all periods from the beginnings of Byzantine culture in the fourth century to the demise of the Byzantine Empire in the fifteenth century Esoteric Psychology and the Science of the Rays and Chakras of God Joshua D Stone,2001-09-12 This book is a most wonderful compilation of the psychological science of the Seven Rays and Chakras from all the best chapters in my 40 volume Ascension Book Series The esoteric science of the Rays and Chakras may be the single most important understanding in the entire field of psychology and is totally not understood in the world today This book contains the most cutting edge information you will find on this entire planet on this subject It is explained in a very easy to understand and practical manner and is guaranteed to completely revolutionize your understanding of self God and Spiritual and Soul Psychology Absolutely Spiritually electrifying reading Must reading for all Spiritual Seekers at all levels of understanding and self mastery *Centrist Rhetoric* Antonio de Velasco,2010-03-08 What exactly is happening when politicians evoke a center space beyond partisan politics to advance what are unmistakably political arguments Drawing from an analysis of pivotal speeches surrounding Bill Clinton's 1992 presidential campaign and first term in office *Centrist Rhetoric: The Production of Political Transcendence in the Clinton Presidency* takes an extended look at this question by showing how the possibility of political transcendence takes form in the rhetoric of the political center Faced with a divided and shrinking party and later with a pitched battle against a resurgent conservative movement Clinton used the image of a political center a third way beyond liberal and conservative orthodoxies to advance his strategic goals define his adversaries and overcome key political challenges As appeals to the center helped Clinton to achieve these advantages in specific cases however they also served to define the means ends and very essence of democracy in ambiguous and contradictory ways Touching on controversies from the early 1990s over the future of the Democratic Party racial identity in American politics the threat of rightwing extremism and the role of government Antonio de Velasco shows how centrist rhetoric's call to transcendence weaved together forms of identification and division insight and blindness so as to defy the conventional assessments of both Clinton's supporters and his detractors *Centrist Rhetoric* thus offers general insight into the workings of political rhetoric and a specific appreciation of Clinton's attempts to define and adjust to the political exigencies of a critical period in history of the Democratic Party and politics in the United States **Lectures on Systematic Theology ...** Charles Grandison Finney,1851 *Chant-All the Alchemist Fairy Returning to the Source of All* Chantal Leduc,2013-02-27 Do you feel that you are not connected to Mother Earth not grounded Do you live according to your passions Do you have problems with sensitivity Do you live a life of abundance and wealth Do you find it difficult to listen to the voice of your intuition Here are among many others some of the questions to be found in this book and which are studied in depth to help you understand your relationship with yourself The aim of this book is to guide you to your own Source to what YOU believe You will find it within because ALL the resources are in YOU
