President and Beyond is a description of some significant events that have impacted our culture in negative and positive ways. The negative aspects of some of the events in the book is indicative of the kind of destructive behaviors that project some of the worst aspects of our culture people and nation. Nevertheless as stated by our president regarding race relations injustice violence and crime in general in America we are better than this we must summon our better angels as we interact with each other. The book in a sense is a challenge for us to examine the negative so that we can change those painful experiences into moments of learning and enhancing our attitudes and treatment of each other regardless of our national heritage ethnicity cultural differences economic status educational and professional backgrounds and racial differences. The book is a brief description of experiences that we should not just ignore since many of our great leaders have sacrificed so much to make sure that our nation fulfills its responsibility to all American citizens in terms of Justice equality civil rights and full access to achieving the American dream as we all pursue freedom and the accomplishment of our God ordained dreams. The book is also describing how much progress we have made towards achieving the dream of Dr Martin Luther Kings dream of justice and civil rights for all Americas regardless of race.

Griffin on Human Rights Roger Crisp, 2014 This volume presents responses to the work of James Griffin one of the most significant contributors to the contemporary debate over human rights. Leading moral and political philosophers engage with Griffin s views according to which human rights are best understood as protections of our agency and personhood and Griffin offers his own reply.
