Rights Of Women Understanding Social Issues S:

Women's Rights Lynn Walter,2000-10-30 Are women fighting over the same issues and for the same rights all around the world What are the gains that have been made for women in different cultures over the past 200 years Students will find answers to these and similar questions in this unique resource of fifteen case studies exploring the problems surrounding the fight for women s rights in different countries ranging from Argentina to Zimbabwe The history the public perceptions contemporary problems the future of women s rights and the roles of activists concerning these rights are examined The detailed explorations provide readers with the opportunity to discover the different cultural attitudes toward women In order to facilitate comparisons each chapter follows a similar outcome The countries were chosen to represent every region of the world and to provide as broad a picture as possible of the issues presented by women s struggles for equality Each case study asks how national cultural class racial and religious differences have influenced women s rights These different views of ways in which women have sought their rights around the world will help students to understand the fight for women s rights in a broad sense as a social issue that affects all of humanity

Understanding How Women Vote Kelly L. Winfrey,2018-11-09 Uncovering the psychological and sociological reasons for the gender gap in American politics this fascinating volume explores how such factors influence women and lead to their political beliefs and behaviors Based on original research with women voters of varying ages around the United States from 2008 to the present the book delves into differences between voting women and men and indeed among women themselves The gender gap the author argues exists because women s social identity is tied to their group memberships and gender role beliefs Thus rather than grouping all women into one voting bloc the book examines how gender identity influences various sub groups of women It begins with a discussion of the gender gap in voting preferences throughout history then goes on to explore the roles of feminism and women s connectedness to their gender group as a primary cause of the gender gap in voting The remaining chapters discuss how these factors influence women s political engagement policy positions and candidate preferences

Human Rights, Gender and the Environment Priyam, Manisha,Menon, Krishna,Banerjee, Madhulika,2010 In Human Rights Gender and the Environment the authors unravel the complex themes of human rights gender and the environment basing their approach on the pivotal issue of inequality All three themes manifest unequal relationships that exist between humans and between humans and the environment It discusses human rights gender issues in contemporary India impact of socio economic development on the environment and examines the specific issues of the environment in an international context and presents policies and movements in India

Sex Crimes and Offenders Mary Clifford,Alison Feigh,2022-05-02 For decades and in some cases centuries individuals families and friends of victims sought out ways to help heal the hurts caused by sexual abuse and implement some way to protect against future harms The recent very public conversations about victims standing up to perpetrators has expanded the reach and public platform of sexual violence prevention efforts in critical ways

What might appear a relatively simple task on the surface to define healthy and harmful sexual practices inevitably raises even more questions When the questions and answers are framed and defined through historical cultural social and individual lenses solutions may seldom be simple Structured in five parts Sex Crimes and Offenders Exploring Questions of Character and Culture uses healthy sexuality as a back drop for exploring the complicated issue of identifying and punishing sex crimes defining the parameters of sexualized violence and sexual violence prevention The goal is to prevent harm address hurts hold perpetrators accountable and eventually eliminate to the degree possible all future harms The information presented explores individual treatment efforts as well as the social and political responses designed to hold perpetrators accountable and help support victims Essential resources made visible throughout this text are provided to help inform young people families faith communities and future practitioners to raise important reflective questions and to serve as a resource for anyone of any age who has suffered harm or perpetrated harm and is in need of support and healing Finally the book concludes by shining a light on the efforts each of us can take to identify reduce and work toward eliminating sexual violence and harms Additional resources for Instructors including PowerPoint Lecture Notes and Test Banks are provided

Teaching About Hegemony Paul Orlowski, 2011-06-21 Political progressives in Canada and the United States are deeply concerned by the manner in which their countries treat their poor They are dismayed at the dismantling of the social welfare state the weakening of public education systems and the grotesque and ever growing inequality of wealth To remedy this problem citizens need to be more aware of how political ideology influences attitudes and actions and they need to better comprehend the effects of hegemonic discourses in the corporate media and school curriculum This book informs educators how to develop context specific pedagogy that will help achieve a more enlightened citizenry and as a result a stronger democracy Teaching about Hegemony Race Class and Democracy in the 21st Century promotes a progressive agenda for teaching that is rooted in critical pedagogy it explains why ideological critique is necessary in raising political consciousness it deconstructs white middle class hegemony in the formal school curriculum and it examines corporate media and school curriculum as hegemonic devices It also covers recent theory and research about race class and democracy and how best to teach about these topics Combining theory and sociological research with pedagogical approaches and classroom narratives this book is fundamental for progressive educators interested in developing a politically conscious progressive and active citizenry hungry for a stronger civil society

, **One World Health** Lord Nigel Crisp, 2016-09-19 This brand new textbook presents a new approach to the teaching and understanding of global health It describes the shared opportunities but also the problems that we all face wherever we live and the particular needs of the poorest people in every society Covering subjects from epidemics and climate change the need to staff and resource health services appropriately the rich potential of science and technology and the impacts of social and political change in the world around us all is presented at a level appropriate for the student looking to gain an understanding of this broad and developing area Christian Theology

in Practice Bonnie J. Miller-McLemore, 2012-02-02 For the past fifty years scholars in both pastoral and practical theology have attempted to recapture human religious experience and practice as essential sites for theological engagement redefining in the process what theology is how it is done and who does it In this book Bonnie J Miller McLemore shows how this trend in scholarship has led to an expanded subject matter alternative ways of knowing and richer terms for analysis in doing Christian theology Tracing more than two decades of her own search for a more inclusive discipline one that truly grapples with theology in the midst of life Christian Theology in Practice shows not only where Miller McLemore herself has traveled in the field but also how pastoral and practical theology has developed during this time Looking forward Miller McLemore calls on the academy and Christian congregations to disrupt conventional theological boundaries and to acknowledge the multiplicity of shapes and places in which the wisdom of God appears 21st Century Political Science: A Reference Handbook John T Ishiyama, Marijke Breuning, 2011 Offering full coverage of major subthemes and subfields within political science this reference handbook includes entries on topics from theory and methodology to international relations and institutions **Women and Citizenship in Central and Eastern Europe** Jasmina Lukić, Joanna Regulska, Darja Zaviršek, 2006 The essays debate women s active citizenship in Central and Eastern Europe in light of transformations in the region since the fall of communism at the end of the 1980s Case studies show that social and political discrimination between genders still exists *Feminism Seduced* Hester Eisenstein, 2015-12-03 In a pioneering reinterpretation of the role of mainstream feminism Eisenstein shows how the ruling elites of developed countries utilize women s labor and the ideas of women s liberation and empowerment to maintain their economic and political power both at home and abroad Her explorations range from the abolition of welfare as we know it and the ending of the family wage in the United States to the creation of export processing zones in the global South that depend on women s nimble fingers and from the championing of microcredit as a path to women s empowerment in the global South to the claim of women s presumed liberation in the West as an ideological weapon in the war on terrorism Eisenstein challenges activists and intellectuals to recognize that international feminism is at a fateful crossroads and argues that it is crucial for feminists to throw in their lot with the progressive forces that are seeking alternatives to globalized corporate capitalism **Congressional Record** United States. Congress, 1982 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 *Introducing Gender and Women's Studies* Diane Richardson, Victoria Robinson, 2020-04-22 At a time where after decades of progress in gender and sexual rights people in many parts of the world are facing new forms of resistance and opposition to gender equality this timely publication confirms the continuing importance and relevance of gender and women s studies The fifth edition of this best selling textbook
