Rights Right Conduct:

Rights Peter Jones,1994-10-28 This book provides a comprehensive introduction to contemporary thought about rights It examines what it is to have a right and what is distinctive about political moralities that give a fundamental place to rights The varied grounds and implications of claiming rights to liberties socio economic rights and democratic rights are considered and the book concludes with an examination of the theoretical objections and the practical difficulties that proponents of rights have to confront **The Ashgate Research Companion to Military Ethics** James Turner Johnson,Eric D. Patterson,2016-03-23 This Companion provides scholars and graduates serving and retired military professionals members of the diplomatic and policy communities concerned with security affairs and legal professionals who deal with military law and with international law on armed conflicts with a comprehensive and authoritative state of the art review of current research in the area of military ethics Topics in this volume reflect both perennial and pressing contemporary issues in the ethics of the use of military force and are written by established professionals and respected commentators Subjects are organized by three major perspectives on the use of military force the decision whether to use military force in a given context the matter of right conduct in the use of such force and ethical responsibilities beyond the end of an armed conflict Treatment of issues in each of these sections takes account of both present day moral challenges and new approaches to these and the historical tradition of just war Military ethics as it has developed has been a particularly Western concern and this volume reflects that reality However in a globalized world awareness of similarities and differences between Western approaches and those of other major cultures is essential For this reason the volume concludes with chapters on ethics and war in the Islamic Chinese and Indian traditions with the aim of integrating reflection on these approaches into the broad consideration of military ethics provided by this volume Encyclopedia of Ethics Lawrence C. Becker,Charlotte B. Becker,2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more Society, Ethics, and the Law: A Reader David A. Mackey,Kathryn M. Elvey,2020-02-06 Society Ethics and the Law A Reader is an engaging thoughtful and academic text designed to help students make connections to ethical issues using real world examples and thought provoking discussion questions Comprised of 57 original articles topics range from traditional philosophical based academic articles to conversational style narratives of practitioners experiences with ethical issues within the criminal justice system Content spans areas of criminal justice from traditional police courts and corrections to popular culture rap social media and technology to timely immigration gun control and mental health Authored by real world experts Character in Context

sections illustrate how ethics impacts daily life These include among others Jim Obergefell s perspective on society ethics and the law as it relates to his experience as plaintiff in the Supreme Court Case Obergefell V Hodges the case that legalized gay marriage **The Law Quarterly Review** ,1895 **International Law, Security, and Military Power** Howard Hensel,Carlos Alberto Leite da Silva,2025-09-01 This book contributes to our understanding and appreciation of the contemporary relevance of international humanitarian law and international human rights law by analyzing and assessing the foundational norms principles and provisions contained within these bodies It also explores the ways in which they inform and condition military doctrine and the planning and the execution of military operations in the land air cyber and space domains as perceived through the lens of two of the most important military establishments in the Western Hemisphere the United States and Brazilian militaries The expert contributors promote a better awareness and comparative understanding of the rapidly changing diverse traditional and non traditional challenges and demands of the 21st century This volume will be useful to both scholars whose research focuses on international law and military professionals *Indian Ethics: Classical traditions and contemporary challenges* Purusottama Bilimoria,Joseph Prabhu,Renuka M. Sharma,2007 Indian ethics is one of the great traditions of moral thought in world philosophy whose insights have influenced thinkers in early Greece Europe Asia and the New World This is the first systematic study of the spectrum of moral reflections from India **Political Order** Ian Shapiro,Russell Hardin,1998-05 In many parts of the world constitutions are being written and rewritten with a great many possibilities being explored and much that matters deeply to millions of people hangs on the results Here major scholars address some of the most pressing questions about political order *Science and Technology Policy - Volume I* Rigas Arvanitis,2009-07-20 Science and Technology Policy theme is a component of Encyclopedia of Technology Information and Systems Management Resources in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias Science and technology policy covers all the public sector measures designed for the creation funding support and mobilization of scientific and technological resources The content of the Theme on Science and technology policy provides the essential aspects and a myriad of issues of great relevance to our world such as Science and Technology Policy International Dimensions of Science and Technology Policy The Innovation System The Policy Making Process in Science and Technology Regional Perspectives A New Scenario for Science and Technology Policies in the Developed and Developing World These two volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs **Encyclopedia of Ethics: P-W** Lawrence C. Becker,Charlotte B. Becker,2001 A revised expanded and updated edition with contributions by 325 renowned authorities in the field of ethics All of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features The Government Factor Richard T. Kaplar,Patrick D.

Maines,1995 The role of government in determining journalists ethical decision making **Applicability of International Humanitarian Law** Ziv Bohrer,Janina Dill,Helen Duffy,2020-01-23 Brings together three diverse perspectives on the law relating to armed conflict **The Ethics and Economics of Liberal Democracies** Carl Cavanagh Hodge,Andrew David Irvine,2024-04-17 Rarely in the short history of liberal democratic government has a primer on basic liberal democratic values and institutions been more needed than now Popular discontent even anger with democratic governments has grown steadily over the past twenty years Not since the 1930s have citizens and their elected officials been so baffled about their respective roles in the maintenance of both democratic governments and liberal economies This book attempts to address this growing need Especially written as a primer for courses in Philosophy Politics and Economics PPE it has introductory chapters on all three main disciplines It also has chapters on the rule of law and on three important public policy areas Corruption Climate and Civil Society Individual topics discussed include free and fair elections populism responsible government republican and Westminster systems of government regulated free markets the Great Recession of 2008 globalization greenwashing identity politics academic freedom utilitarianism social contract theory positive and negative liberty and the good life Historically informed The Ethics and Economics of Liberal Democracies Foundations for PPE is sure to be of interest to students who are interested in public policy work as well as those who are interested in both the theory and practice of democratic government Key Features Written especially for PPE Philosophy Politics and Economics courses and students Focuses on the key values and institutions of modern democracies Includes chapters on both the theory and practice of democratic government and public policy work Provides a comprehensive glossary of relevant terms from all three disciplines **Essays on Culture, Religion and Rights** Peter Jones,2020-10-09 Culture and religion are overlapping phenomena cultures are normally understood to subsume religions and religions are very often central to cultures The two are particularly closely associated when we focus on the kinds of difference that generate issues for public policy The world has always been culturally and religiously diverse but recent movements of population have intensified the internal diversity of societies That increased diversity has presented societies with a number of pressing questions How much should cultural differences matter Can they and should they be treated impartially Should they receive equal recognition and what sort of recognition might that be Are cultural and religious differences at odds with human rights thinking or do universal human rights demand respect for those differences When the demands of a religious faith clash with those of a society's rules which should take precedence Should the religious have to endure whatever burdens their beliefs bring their way or should they be accommodated so that their religious faith does not become a source of social disadvantage Should they have to put up with unwelcome treatments of their beliefs or should they be protected from the offensive and the disrespectful These are some of the many issues examined in Culture Religion and Rights **EU Law** Paul Craig,Gráinne De Búrca,2020 Respected as the definitive textbook on the subject this is the stand alone guide to EU law The world renowned authors offer the ideal balance

of commentary key cases and materials to provide the most authoritative coverage and analysis How Might We Live?
Global Ethics in the New Century Ken Booth, Timothy Dunne, Michael Cox, 2001-10-18 This volume looks outward to the new century and to the dynamics of this first truly global age It asks the fundamental question how might human societies live The contributors believe that there is nothing more political than ethics By exploring in the newest context some of the oldest questions about duties and obligations within and beyond humanly constructed boundaries the essays help us ponder the most profound question in world politics today who will the twenty first century be for **The Public Uses of Coercion and Force** Ester Herlin-Karnell, Enzo Rossi, 2021-07-16 The Kantian project of achieving perpetual peace among states seems at best an unfulfilled hope Modern states authority claims and their exercise of power and sovereignty span a spectrum from the most stringently and explicitly codified the constitutional level to the most fluid and turbulent acts of war The Public Uses of Coercion and Force investigates both these individual extremes and also their relationship Using Arthur Ripstein s recent work Kant and the Law of War as a focal point this book explores this connection through the lens of the just war theory and its relationship to the law The Public Uses of Coercion and Force asks many key questions what if any are the normatively salient differences between states internal coercion and the external use of force Is it possible to isolate the constitutional level from other aspects of the state s coercive reach How could that be done while also guaranteeing a robust conception of human rights and adherence to the rule of law With individual replies by Ripstein to chapters this book will be of interest to students and academics of constitutional law justice philosophy of law criminal law theory and political science **The SAGE Encyclopedia of Business Ethics and Society** Robert W. Kolb, 2018-03-27 Spans the relationships among business ethics and society by including numerous entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment New Essays on the Nature of Rights Mark McBride, 2017-08-24 This original collection of jurisprudential essays furthers our understanding of the nature of rights In Part 1 Halpin considers the value of Hohfeldian neutrality when theorising about law in general and legal rights in particular and Kurki focuses on Hohfeld s operative notion of power In Part 2 Kramer rebuts Wenar s objections to his Interest Theory of rights and May provides a comparative defence of the Interest Theory against Wenar s Kind Desire theory of claim rights Penner then pursues legal doctrine focusing on whether judges hold the powers of their office as rights an issue over which Wenar and Kramer have clashed Sreenivasan utilising a novel test case involving pure public goods argues that the third party beneficiary objection to the Interest Theory is fatal McBride builds on Sreenivasan s Hybrid Theory of claim rights to construct his new Tracking Theory of rights Cruft then argues that the best extant versions of the Interest and Will Theories of rights cannot avoid a form of circularity and Van Duffel argues that meeting four adequacy constraints which he proposes counts in favour of any theory of rights In Part 3 Andersson proposes a tie breaking procedure for rights conflicts in the

applied realm of politics and Steiner concludes by alleging that Kant's principle of right a standard of corrective justice has distributive implications A fine collection of cutting edge essays on the most important normative concept of modernity Professor Leif Wenar King's College London This important collection proceeds much beyond the famous 1998 A Debate Over Rights which sets the stage for the debates concerning rights since then It explores three aspects of rights First it re-examines the Hohfeldian classification and highlights its importance and relevance Second it investigates and develops the debates between the interest and the will theory It includes essays by the main established proponents of these two positions as well as essays by newcomers to this field The different essays in this part address each other in ways which sharpen and clarify the disagreements and provide new original arguments for the contending views Last it provides a new perspective on the debates concerning conflicts of rights and the ways to overcome them This collection will no doubt dominate the future conceptual discussions concerning the nature of rights and their role in political theory Professor Alon Harel The Hebrew University of Jerusalem

Morrison-Valfre's Foundations of Mental Health Care in Canada, 1e Boris Bard, Eric MacMullin, Jacqueline Williamson, 2020-12-24 Build a broad fundamental knowledge of Canadian mental health concepts and disorders Morrison Valfre's Foundations of Mental Health Care in Canada uses an easy to read multidisciplinary approach to describe current therapeutic interventions and treatments for mental health conditions Ideal for nurses and other caregivers this guide provides concise coverage of skills and principles therapeutic skills mental health problems throughout the lifecycle and common psychological and psychosocial conditions Included are topics such as new research the latest mental health legislation and new psychotropic drugs Adapted for a Canadian audience by Boris Bard Eric MacMullin and Jacqueline Williamson this resource enables you to provide effective therapy to clients with a wide range of maladaptive behaviours Coverage of psychotropic medications emphasizes the latest in safe pharmaceutical treatment in mental health care Coverage of internet usage features emerging mental health issues surrounding use of the internet highlighting related addictions and violence Updated DSM 5 diagnoses include the latest information on new mental health diagnoses recognized by the American Psychiatric Association Sample client care plans show how members of the health care team work collaboratively to meet client needs Case studies use realistic client situations to strengthen critical thinking and ensure that students consider psychosocial aspects of therapeutic care Critical Thinking boxes include practice scenarios with client issues as well as questions that stimulate more careful analysis Cultural Consideration boxes highlight cultural issues and address the varied mental health needs of culturally diverse clients Medication Alert boxes identify the risks and possible adverse reactions of psychotherapeutic medications Chapter objectives focus on the most important concepts Key terms include phonetic pronunciations and text page references and are listed in a comprehensive glossary making it easier for students to understand and use mental health terminology NEW Comprehensive coverage includes Canadian statistics research references and resources guidelines assessment and screening tools therapies drugs terminology and more NEW

Canadian cultural considerations are included when content relates to race ethnicity Indigenous people and the LGBTQ2 community NEW Coverage of trending topics includes medical assistance in dying MAID the opioid crisis legalization of cannabis Bill C 45 the Cannabis Act vaping harm reduction violence against women and more NEW Balanced coverage of mental health care addresses a variety of workplace settings NEW Critical Thinking Questions are included at the end of each chapter allowing students to apply concepts to practice
