 Pears are one of the few fruits that do not fully ripen on the tree; they are harvested when they are fully mature but before they are ripe.

 To speed ripening, keep pears out of the cooler. After pears are ripe, place in the cooler to slow further ripening.

 Pears come in many shapes, sizes, and colors, each with a different flavor and texture profile.

 Other than Bartlett pears, most varieties do not dramatically change color as they ripen. Since pears ripen from the inside out, check for ripeness by gently pressing near the neck or stem. When it yields to gentle pressure it is ripe.

This was reflected in the number and type of stores and locations from regional shopping malls and out of town superstores to concept and flagship stores. Retail design became an essential part of its success by creating distinctive brands and formats. However, the economic recession in the developed world and competition for consumer goods from the developing world has led to a re-assessment of the growth-led conventions of the retail industry. In addition, the rapid advance of e-commerce and online shopping has created new challenges for physical stores and the communication and distribution of retail brands. The book will provide students, researchers, and practitioners a detailed assessment of retail design, taking a distinctive global approach to place design practice and theory in context. Chapters are devoted to key issues in the visual and structural contribution of design to retail brands and format development and to the role of design in communication. In the course of the book, the authors engage with problems of convergence between retailing and other services and between the physical and virtual worlds and also changing patterns of use, re-use, and ownership of retail spaces and buildings. Retail Design concerns designers and organisations but also defines its broader contribution to society, culture, and economy.

The Australian & New Zealand Grapegrower & Winemaker, 2004 **Experiments in Modern Living** Milton Cameron, 2012-05-01

When a group of brilliant young scientists arrived in Australia's national capital after World War II to take up leading roles in the establishment of national research institutions, they commissioned Australia's leading architects to design their private houses. The houses that resulted from these unique collaborations rejected previous architectural styles and wholeheartedly embraced modernist ideologies and aesthetics. The story of how these progressive clients contributed to the innovative design of their houses brings fresh insights to mid-twentieth-century Australian domestic architecture and to Canberra's rich cultural history. *Aircraft*, 1981 *Old Farm Machinery in Australia* Margaret Simpson, Phillip Simpson, 1988

Reissue with corrections of a guide first published in 1988 designed to assist in identifying and understanding agricultural implements, machinery, and engines that were used on farms in Australia from 1880-1930. Includes a list of Australian and foreign manufacturers with details of location, machinery made, dates of operation, and sources of further information. A bibliography and an index are included. **The New Modernist House** Patricia Callan, 2023-10-31

The intuitive design, sunlit spaces, and tranquil vibe of Modernist houses still have an enduring appeal today. But can these homes be updated for contemporary living while maintaining the integrity of the original architecture? The New Modernist House presents twenty-one mid-century homes respectfully restored and renewed for future generations to enjoy. Designs by some of the period's heavyweights, including Anatol Kagan, Alistair Knox, and Ernest Fooks, have been sensitively updated by today's creative innovators. Alongside stories of the passionate homeowners, architects, and collaborators who have given these homes new life, a historical overview and section on practical considerations inform those drawn to a Modernist dream house. This colourful volume is both a useful resource for those embarking on their own renovation journey and a sourcebook of inspiration for delighting in moments of nostalgia.
