Expect...The Unexpected** Ripley's Believe It Or Not!, Geoff Tibballs, 2006-08 An encyclopedia of oddities features unexpected and unimaginable people places and creatures from around the world THE EVOLUTION OF THE GOD ILLUSION Ir. Jim K K Wong, 2012-06-16 As one may have read Cicero in The Nature Of The Gods ancient people were vivid observers of the sky and the celestial bodies because of their livelihood they were mostly engaged in agriculture and animal husbandry The cycles of nature and seasons were the most important factors affecting farming civilizations The brilliant stars Jupiter Saturn Venus and the zodiac were also objects of great interest These heavenly bodies were regarded as deities even by learned philosophers Cicero and Socrates had a field day demolishing these strongly held prevailing ideas One popular god illusion of the West and Middle East began with patriarch Abraham who was an astronomer from Mesopotamia He studied Jupiter avidly and could predict its behavior which he used it to his advantage in his migration to the Fertile Crescent and in his encounters with hostile inhabitants Abraham had the delusion that Jupiter Yahweh was a deity who could be depended to assist him in troubled times The Yahweh Delusion was passed down from Abraham to son Isaac and grandson Jacob Jacob's 12 sons migrated to Egypt multiplied and eventually became slaves Moses a pariah Egyptian prince became the rebel leader of the Hebrew slaves when he discovered his roots At the opportune moment c 1450 BCE Venus erupted from unstable fast spinning Red Giant Jupiter and shot into the inner solar system like a billiard ball along a highly elliptical orbit It had several close encounters with Earth Moon and Mars and created stunning phenomena or miracles such as the much exaggerated Ten Plagues parting of the Red Sea the rain of manna apparent stopping of the Earth's rotation and even the destruction of the mighty army of Sennacherib near Jerusalem Moses and his successors apparently knew and could predict more or less unusual celestial phenomena and attributed them to a tribal deity Yahweh who was connected with their deliverance and survival Every successful prediction or expectation resulted in augmenting the god illusion The god illusion evolved through stupendous sagas cross fertilized by neighbors and reformers roughly from 1500 BCE to 500 BCE However the Hebrews had a confused idea of this savior deity and its feminine aspects such as the Celestial Cow giving manna milk In the evolutionary process Yahwist patriarchs literally wrote off the influential Goddess and made Yahweh a lone male god of Judaism and Christianity The underlying motive developing this god illusion is Moses and Israel's covetousness of the fertile Holy Land Moses needed a justification to commit genocide to rob loot destroy and drive out people inhabiting the land of milk and honey The justification is a tribal god of Israelites who gives mandate to his chosen race to rob and steal the Promise Land from evil worshippers of false gods The underlying theory for this god illusion evolution hypothesis is based on Immanuel Velikovsky's bestseller of the 1950s Worlds in Collision This hypothesis met fierce opposition in academia and Establishment Science The AAAS Symposium 1974 was convened to address the serious

challenge Here the author produces abstracts from various experts in various disciplines of sciences and arts to counter objections to the underlying theory The god illusion presented here is my own interpretation of the psychological impacts and aspects of these astounding celestial phenomena I am using appropriate knowledge in several disciplines to support my thesis such as radiation chemistry upper atmosphere chemistry and behavioral science My training as a stock analyst to read the underlying environment enables me to read in between the lines to speculate and connect the gaps and dots together and present a satisfying version of the god illusion *Ripley's Believe It or Not!* Ripley's Believe It Or Not!,2011-12-06 Facsimile of the original 1929 book From the original 1929 promotion Robert Ripley describes the land where rain has fallen for a million years here he talks with you about the Ever Standing Men and the Upside Down Men of Benares Sport enthusiasts will prick up their ears at the queer tales told by the man who it is said can answer more questions on sports than any other living man All these stores all these marvelous adventuring into the countries of the fantastically true are lavishly illustrated with a multitude of those vivid cartoons which are followed eagerly every night in the New York Evening Post and more than 100 other newspapers You will find your old favorites and some new puzzlers which Mr Ripley has uncorked now for the first time Believe It Or Not this volume contains a thousand new things under the sun *The Odds* Stewart O'Nan,2012-01-19 In the new novel from the author of Emily Alone and Henry Himself a middle age couple goes all in for love at a Niagara Falls casino Stewart O Nan s thirteenth novel is another wildly original bittersweet gem like his celebrated Last Night at the Lobster Valentine s weekend Art and Marion Fowler flee their Cleveland suburb for Niagara Falls desperate to recoup their losses Jobless with their home approaching foreclosure and their marriage on the brink of collapse Art and Marion liquidate their savings account and book a bridal suite at the Falls ritziest casino for a second honeymoon While they sightsee like tourists during the day at night they risk it all at the roulette wheel to fix their finances and save their marriage A tender yet honest exploration of faith forgiveness and last chances The Odds is a reminder that love like life is always a gamble
