Narrative and Consciousness Gary D. Fireman, Ted E. McVay, Owen J. Flanagan, 2003-06-12 We define our conscious experience by constructing narratives about ourselves and the people with whom we interact Narrative pervades our lives conscious experience is not merely linked to the number and variety of personal stories we construct with each other within a cultural frame but is subsumed by them The claim however that narrative constructions are essential to conscious experience is not useful or informative unless we can also begin to provide a distinct organized and empirically consistent explanation for narrative in relation to consciousness Understanding the role of narrative in determining individual and collective consciousness has been elusive from within traditional academic frameworks This volume argues that addressing so broad and complex a problem requires an examination from outside our insular disciplinary framework Such an open examination would be informed by the inquiries and approaches of multiple disciplines Recognition of the different approaches to examining personal stories will allow for the coordination of how narrative seems its phenomenology with what mental labor it does its psychology and how it is realized its neurobiology Only by overcoming the boundaries erected by multiple theoretical and discursive traditions can we begin to comprehend the nature and function of narrative in consciousness Narrative and Consciousness brings together essays by exceptional scholars and scientists in the disciplines of literary theory psychology and neuroscience to examine how stories are constructed how stories structure lived experience and how stories are rooted in material reality the human body The specific topics addressed include narrative in the development of conscious awareness autobiographical narrative fiction and the construction of self trauma and narrative disruptions narrative memory and identity and the physiological and neural substrate of narrative It is the editors hope that the multidisciplinary nature of this collection will challenge the reader to move beyond disciplinary confines and toward a

coherent interdisciplinary dialogue **The Annotated Lolita** Vladimir Nabokov, 2011-08-17 Nabokov's wise ironic and elegant masterpiece A controversial love story almost shocking in its beauty and tenderness This annotated edition assiduously illuminates the extravagant wordplay and the frequent literary allusions parodies and cross references Edited with a preface introduction and notes by Alfred Appel Jr Fascinatingly detailed Edmund Morris The New York Times Book Review When it was published in 1955 *Lolita* immediately became a cause célèbre because of the freedom and sophistication with which it handled the unusual erotic predilections of its protagonist Awe and exhilaration along with heartbreak and mordant wit abound in this account of the aging Humbert Humbert's obsessive devouring and doomed passion for the nymphet Dolores Haze *Lolita* is also the story of a hypercivilized European colliding with the cheerful barbarism of postwar America but most of all it is a meditation on love love as outrage and hallucination madness and transformation *Nabokov, Perversely* Eric Naiman, 2011-01-15 In an original and provocative reading of Vladimir Nabokov's work and the pleasures and perils to which its readers are subjected Eric Naiman explores the significance and consequences of Nabokov's insistence on bringing the issue of art's essential perversity to the fore Nabokov's fiction is notorious for the interpretive panic it occasions in its readers the sense that no matter how hard he or she tries the reader has not gotten Nabokov right At the same time the fictions abound with characters who might be labeled perverts and questions of sexuality lurk everywhere Naiman argues that the sexual and the interpretive are so bound together in Nabokov's stories and novels that the reader confronts the fear that there is no stable line between good reading and overreading and that reading Nabokov well is beset by the exhilaration and performance anxiety more frequently associated with questions of sexuality than of literature Nabokov's fictions pervert their readers obligingly training them to twist and turn the text in order to puzzle out its meanings so that they become not better people but closer readers assuming all the impudence and potential for shame that sexually oriented close looking entails In *Nabokov Perversely* Naiman traces the connections between sex and interpretation in *Lolita* which he reads as a perverse work of Shakespeare scholarship Pnin Bend Sinister and Ada He examines the roots of perverse reading in *The Defense* and charts the enhanced attention to the connection between sex and metafiction in works translated from the Russian He also takes on books by other authors such as *Reading Lolita in Tehran* that misguidedly incorporate Nabokov's writing within frameworks of moral usefulness In a final extraordinary chapter Naiman reads Dostoevsky's *The Double* with Nabokov trained eyes making clear the power a strong writer can exert on readers *Living to Tell about it* James Phelan, 2005 Phelan's compelling readings cover important theoretical ground by introducing a valuable distinction between disclosure functions and narrator functions **Lolita / Лолита. Amerikastudien, 1974 **Lolita** Vladimir Vladimirovič Nabokov, 1972 *Vladimir Nabokov and the Art of Moral Acts* Dana Dragunoiu, 2021-09-15 Winner 2022 Brian Boyd Prize for Best Second Book on Nabokov This book shows how ethics and aesthetics interact in the works of one of the most celebrated literary stylists of the twentieth century the Russian American novelist Vladimir Nabokov Dana Dragunoiu reads Nabokov's fictional worlds as battlegrounds between an autonomous will and heteronomous passions demonstrating Nabokov's insistence that genuinely moral acts occur when the will triumphs over the passions by answering the call of duty Dragunoiu puts Nabokov's novels into dialogue with the work of writers such as Alexander Pushkin William Shakespeare Leo Tolstoy and Marcel Proust with Kantian moral philosophy with the institution of the modern duel of honor and with the European traditions of chivalric literature that Nabokov studied as an undergraduate at Cambridge University This configuration of literary influences and philosophical contexts allows Dragunoiu to advance an original and provocative argument about the formation career and legacies of an author who viewed moral activity as an art and for whom artistic and moral acts served as testaments to the freedom of the will Five Fictions in Search of Truth Myra Jehlen, 2008-08-11 Fiction far from being the opposite of truth is wholly bent on finding it out and writing novels is a way to know the real world as objectively as possible In *Five Fictions in Search of Truth* Myra Jehlen develops this idea through readings of works by Flaubert James and Nabokov She invokes Proust's famous search for lost memory as the exemplary literary process which strives whatever its materials for a true knowledge In *Salammb* Flaubert digs up Carthage in *The Ambassadors* James plumbs the examined life and touches at its limits while in *Lolita* Nabokov traces a search for truth that becomes a trespass In these readings form and style emerge as fiction's means for taking hold of reality which is to say that they are as epistemological as they are aesthetic each one emerging by way of the other The aesthetic aspects of a literary work are just so many instruments for exploring a subject and the beauty and pleasure of a work confirm the validity of its account of the world For Flaubert famously a beautiful sentence was proven true by its beauty James and Nabokov wrote on the same assumption that form and style were at once the origin and the confirmation of a work's truth In *Five Fictions in Search of Truth* Jehlen shows moreover that fiction's findings are not only about the world but immanent within it Literature works concretely through this form that style this image that word seeking a truth that is equally concrete Writers write and readers read to discover an incarnate secular knowledge and in doing so they enact a basic concurrence between literature and science Some images inside the book are unavailable due to digital
