Vanden Bossche, 2014-02-01 How Victorian novels imagined the idea of social agency Reform Acts offers a new approach to prominent questions raised in recent studies of the novel By examining social agency from a historical rather than theoretical perspective Chris R Vanden Bossche investigates how particular assumptions involving agency came into being Through readings of both canonical and noncanonical Victorian literature he demonstrates that the Victorian tension between reform and revolution framed conceptions of agency in ways that persist in our own time Vanden Bossche argues that Victorian novels sought to imagine new forms of social agency evolving from Chartism the dominant working class movement of the time Novelists envisioned alternative forms of social agency by employing contemporary discourses from Chartism's focus on suffrage as well as the means through which it sought to obtain it such as moral versus physical force land reform and the cooperative movement Each of the three parts of Reform Acts begins with a chapter that analyzes contemporary conversations and debates about social agency in the press and in political debate Succeeding chapters examine how novels envision ways of effecting social change for example class alliance in Barnaby Rudge landed estates as well as finely graded hierarchy and politicians in Coningsby and Sybil and reforming trade unionism

in Mary Barton and North and South By including novels written from a range of political perspectives Vanden Bossche discovers patterns in Victorian thinking that are easily recognized in today's assumptions about social hierarchy **The Pharmacopoeia of the United States of America (The United States Pharmacopoeia)**, 1883 Hidden in Contradiction Jeff McSwain, 2023-09-22 Does God's grace grab you and stir you to purposeful Spirit-filled living Or is the gospel that you hear and preach big on belief and short on embodiment Do you see a need for change whether personal ecclesial or social that transcends us righteous vs them wicked polarizations Beginning with every person's participation in Christ as a keystone to creation Jeff McSwain introduces the vibrant reality of Trinitarian community and shows us the dangers of losing sight of the belovedness we share as humans hidden with Christ in God Avoiding simplistic categories McSwain exalts the total goodness of every person in this world by virtue of creation in Christ while also acknowledging the simultaneous contradiction the total depravity of every person by virtue of the fall If ignoring our human duplicity contributes to relational fractures at every level McSwain's dimensional view of human agency urges us to embrace the redemptive truth of our identity in Christ and to refuse our false destructive selves that have been crucified with Christ Filled with scriptural exegesis and practical illustrations that pastors and teachers will especially appreciate this project is a refreshing application of Christology to anthropology and everyday life an inspiring work of systematic theology aimed at systematic change

Second Report ... for the Years 1878 and 1879 United States Entomological Commission, 1880 Rise Above Greg Little, 2011-09-01 Rise Above is a detailed description of one man's journey of conquering adversity. You will read how the writer survived a near fatal motor vehicle accident which resulted in three skull fractures, a bruised brain, an eight day coma, and having to relearn how to walk and talk made all the more challenging by a lingering speech impediment acquired in childhood. Stuttering is an awful burden for a person to carry throughout life. Children can be cruel. The writer's utmost fear speaking in public would one day be an ally and allow him to present programs extensively throughout the United States. This book is not about surviving adversity.
