Rise Of Agrarian Democracy The United Farmers And Farm Women Of Alberta 1909 1921:

The Rise of Agrarian Democracy Bradford James Rennie,2000-01-01 Describes the events leading to the formation of the United Farmers of Alberta in 1909 and the growth of a grassroots movement culminating in the election of the United Farmers of Alberta in 1921 and in their governing the province for over a decade **We Are All Treaty People** Roger Epp,2008-12-18 In his collection of Prairie essays Roger Epp considers what it means to dwell attentively and responsibly in the rural West We Are All Treaty People invites those who feel the pull of a prairie heritage to rediscover the poetry surging through the landscapes of the rural West among its people and their political economy **Thirsty Land into Springs of Water** Brooke Kathleen Brassard,2025-07-15 Looking at the example of The Church of Jesus Christ of Latter day Saints Thirsty Land into Springs of Water answers questions about Canadian and religious identities immigration and integration Brooke Kathleen Brassard sheds light on the Latter day Saint experience in southern Alberta between 1887 and 1947 revealing how the Latter day Saints integrated into Canadian society while maintaining their peculiar identity through architecture business practices political participation gendered roles and family structures Drawing on family histories correspondence meeting minutes and oral histories Brassard explores how the Church negotiated the tension between integration and otherness The book demonstrates how Latter day Saints in southern Alberta embedded themselves in the social economic and political structures of Canada and how they adapted Mormonism to Canadian circumstances It draws on the concept of lived religion and historical methodologies to reveal the complications that occur in the process of negotiation for members of a minority religion in Canada Thirsty Land into Springs of Water ultimately illuminates the ways in which mainstream Canadian society forces newcomers to decide what they will adopt reject or adapt in order to belong

Insurgent Democracy Michael J. Lansing,2016-11-08 In 1915 western farmers mounted one of the most significant challenges to party politics America has seen the Nonpartisan League which sought to empower citizens and restrain corporate influence Before its collapse in the 1920s the League counted over 250 000 paying members spread to thirteen states and two Canadian provinces controlled North Dakota s state government and birthed new farmer labor alliances Yet today it is all but forgotten neglected even by scholars Michael J Lansing aims to change that *Insurgent Democracy* offers a new look at the Nonpartisan League and a new way to understand its rise and fall in the United States and Canada Lansing argues that rather than a spasm of populist rage that inevitably burned itself out the story of the League is in fact an instructive example of how popular movements can create lasting change Depicting the League as a transnational response to economic inequity Lansing not only resurrects its story of citizen activism but also allows us to see its potential to inform contemporary movements *Eugenics at the Edges of Empire* Diane B. Paul,John Stenhouse,Hamish G. Spencer,2017-11-16 This volume explores the history of eugenics in four Dominions of the British Empire New Zealand Australia Canada and South Africa These self governing colonies reshaped ideas absorbed from the metropole in accord with local conditions and

ideals Compared to Britain and the US Germany and Scandinavia their orientation was generally less hereditarian and more populist and agrarian It also reflected the view that these young and enterprising societies could potentially show Britain the way if they were protected from internal and external threat This volume contributes to the increasingly comparative and international literature on the history of eugenics and to several ongoing historiographic debates especially around issues of race As white settler societies questions related to racial mixing and purity were inescapable and a notable contribution of this volume is its attention to Indigenous populations both as targets and on occasion agents of eugenic ideology *The Prairie West as Promised Land* R. Douglas Francis, Chris Kitzan, 2007 Millions of immigrants were attracted to the Canadian West by promotional literature from the government in the late 19th century to the First World War bringing with them visions of opportunity to create a Utopian society or a chance to take control of their own destinies **Alan Bowker's Canadian Heritage 2-Book Bundle** Alan Bowker, 2015-12-07 In this two book bundle Alan Bowker sheds new light on two subjects with a surprising connection the great Canadian writer Stephen Leacock and the rise of Canada on the world stage which Leacock profiled with keen wit and observational skill With Bowker as your guide explore what it was really like to live through the great upheaval that pushed Canada to come into its own on the world stage *A Time Such as There Never Was Before* Ottawa Book Award 2015 Shortlisted The years after World War I were among the most tumultuous in Canadian history a period of unremitting change drama and conflict They were in the words of Stephen Leacock a time such as there never was before The war had been a great crusade and its end was supposed to bring a world made new But the conflict had cost sixty thousand Canadian lives with many more wounded and had stirred up divisions in the young diverse country With Canada struggling to define itself labour farmers business the church social reformers and minorities all held extravagant hopes irrational fears and contradictory demands Whose hopes would be realized and whose dreams would end in disillusionment Which changes would prove permanent and which would be transitory *A Time Such As There Never Was Before* describes how this exciting period laid the foundation of the Canada we know today *On the Front Line of Life* In the last decade of his life Stephen Leacock turned to writing informal essays that blended humour with a conversational style and ripened wisdom to address issues he cared about most education literature economics Canada and its place in the world and to confront the joys and sorrows of his own life With an introduction that sets them in the context of his life thoughts and times these essays reveal a passionate intelligent personal Leacock against a backdrop of Depression and war finding hope and conveying the timeless message that only the human spirit can bring social justice peace and progress [The Feminist Political Campaign for Eugenic Legislation in New Jersey, 1910-1942](#) Alan R. Rushton, 2023-01-12 As this book shows between 1910 and 1942 social feminists in New Jersey waged an unsuccessful campaign for legislation that would permit eugenic sterilization of feeble-minded and other undesirable citizens Church archives and religious periodicals described the conflict between Catholic and Protestant citizens regarding this issue Reform minded women persisted in their quest for such

progressive state legislation despite repeated failures Their number of potential voters was very small compared to the organized bloc of Catholic citizens who viewed such legislation as immoral and based on bad science and threatened to unseat any legislator who supported such a notion This insightful text highlights that public officials would only enact such laws when they were convinced that many citizens supported a particular eugenic goal and then would vote for legislators who satisfied this moral challenge Public opinion was unprepared for such radical legislation in New Jersey and legislators learned that to even consider a eugenic sterilization notion would be political suicide

Alberta Premiers of the Twentieth Century University of Regina. Canadian Plains Research Center,2004 From the optimism associated with provincial status in 1905 through the trials of Depression and war the boom times of the post war period and the economic vagaries of the 1980s and the 1990s the twentieth century was a time of growth and hardship development and change for Alberta and its people And during the century twelve men from a variety of political parties and from very different backgrounds led the government of this province The names of some like William Aberhart Ernest Manning and Peter Lougheed are still household names while others like Arthur Sifton Herbert Greenfield and Richard Reid have been all but forgotten Yet each in his unique way for better or for worse helped to mould and steer the destiny of the province he governed These are their stories

The Prairie Agrarian Movement Revisited Kenneth Murray Knuttila,2007 The formation of the Territorial Grain Growers Association in 1901 was not the only important event in the early history of what has come to be known broadly as the agrarian movement in the Canadian prairies but it was a defining moment in some respects Arguably it signalled the formation of an agrarian class but at least it was an indicator of an awakening of a democratic consciousness among family farmers Ultimately the Association provided a venue for analysis and critique the development of strategies and tactics and of course the nurturing of leadership and organizational forms that would have a profound influence upon politics and the state in the three prairie provinces and the Dominion as well as the creation of co-operatives and other forms of direct action These eighteen essays honouring the 100th anniversary in 2001 of the formation of the TGGA explore important aspects of the historical legacy of the agrarian movement and contemplate their relevance to the current setting for the rural prairies pub desc

Ours by Every Law of Right and Justice Sarah Carter, 2020-11-01 Many of Canada's most famous suffragists from Nellie McClung and Cora Hind to Emily Murphy and Henrietta Muir Edwards lived and campaigned in the Prairie provinces the region that led the way in granting women the right to vote and hold office In *Ours by Every Law of Right and Justice* award winning author Sarah Carter challenges the myth that grateful male legislators simply handed western settler women the vote in recognition that they were equal partners in the pioneering process Suffragists worked long and hard to overcome obstacles persuade doubters and build allies But their work also had a dark side Even as settler suffragists pressured legislatures to grant their sisters the vote they often approved of that same right being denied to foreigners and Indigenous men and women By situating the suffragists struggle in the colonial history of Prairie Canada this powerful and passionate book shows that the right to vote meant different things to different people political rights and emancipation for some domination and democracy denied for others [Alberta Formed - Alberta Transformed](#) Alberta 2005 Centennial History Society, 2006-04-18 *Alberta Formed Alberta Transformed* is a two volume set spanning a remarkable 12 000 years of history and showcasing the work of 34 of Alberta's most respected scholars Volume 1 sets the stage from human beginnings in Alberta to the eve of Alberta's inauguration as a province in 1905 while Volume 2 takes readers through the twentieth century and up to the 2005 centennial

Westward Bound Lesley Erickson, 2011-08-01 *Westward Bound* debunks the myth of Canada's peaceful West and the masculine conceptions of law and violence upon which it rests by shifting the focus from Mounties and whisky traders to criminal cases involving women between 1886 and 1940 Erickson's analysis of these cases shows that rather than a desire to protect official responses to the most intimate or violent acts betrayed an impulse to shore up the liberal order by maintaining boundaries between men and women Native people and newcomers and capital and labour Victims and accused could only hope to harness entrenched ideas about masculinity femininity race and class in their favour This fascinating exploration of hegemony and resistance in

key contact zones draws prairie Canada into larger debates about law colonialism and nation building *Farming across Borders* Timothy P. Boles, Bethany L. Johnson-Dylewski, 2003-10-31 In this thoughtful sophisticated book John B Boles and Bethany L Johnson piece together the intricate story of historian C Vann Woodward s 1951 masterpiece *Origins of the New South 1877 1913* published as Volume IX of LSU Press s venerable series *A History of the South* Sixteen reviews and articles by prominent southern historians of the past fifty years here offer close consideration of the creation reception and enduring influence of that classic work of history It is rare for an academic book

to dominate its field half a century later as Woodward's *Origins* does southern history. Although its explanations are not accepted by all, the volume remains the starting point for every work examining the South in the era between Reconstruction and World War I. In writing *Origins*, Woodward deliberately set out to subvert much of the historical orthodoxy he had been taught during the 1930s and he expected to be lambasted. But the revisionist movement was already afoot among white southern historians by 1951 and the book was hailed. Woodward's work had an enormous interpretative impact on the historical academy and encapsulated the new trend of historiography of the American South, an approach that guided both black and white scholars through the civil rights movement and beyond. This easily accessible collection comprises four reviews of *Origins* from 1952 to 1978, an origin of *Origins*, a chapter from Woodward's 1986 book *Thinking Back: The Perils of Writing History* that explains and reconsiders the context in which *Origins* was written, five articles from a fiftieth anniversary retrospective symposium on *Origins*, and three commentaries presented at the symposium and here published for the first time. A combination of trenchant commentary and recent reflections on Woodward's seminal study, along with insight into Woodward as a teacher and scholar, *Fifty Years Later* in effect traces the creation and development of the modern field of southern history.

Bucking Conservatism Leon Crane Bear, Larry Hannant, Karissa Robyn Patton, 2021-11-25. With lively informative contributions by both scholars and activists, *Bucking Conservatism* highlights the individuals and groups who challenged Alberta's conservative status quo in the 1960s and 70s. Drawing on archival records, newspaper articles, police reports, and interviews, the contributors examine Alberta's history through the eyes of Indigenous activists protesting discriminatory legislation and unfulfilled treaty obligations, women and lesbian and gay persons standing up to the heteropatriarchy, student activists seeking to forge a new democracy, and anti-capitalist environmentalists demanding social change. This book uncovers the lasting influence of Alberta's nonconformists, those who recognized the need for dissent in a province defined by wealth and right-wing politics, and poses thought-provoking questions for contemporary activists.
