The Rise and Fall of Religions in the World LAWS., 1913

Confucianism as a World Religion Anna Sun, 2013-04-21 Is Confucianism a religion If so why do most Chinese think it isn't From ancient Confucian temples to nineteenth century archives to the testimony of people interviewed by the author throughout China over a period of more than a decade this book traces the birth and growth of the idea of Confucianism as a world religion The book begins at Oxford in the late nineteenth century when Friedrich Max Müller and

James Legge classified Confucianism as a world religion in the new discourse of world religions and the emerging discipline of comparative religion Anna Sun shows how that decisive moment continues to influence the understanding of Confucianism in the contemporary world not only in the West but also in China where the politics of Confucianism has become important to the present regime in a time of transition Contested histories of Confucianism are vital signs of social and political change Sun also examines the revival of Confucianism in contemporary China and the social significance of the ritual practice of Confucian temples While the Chinese government turns to Confucianism to justify its political agenda Confucian activists have started a movement to turn Confucianism into a religion Confucianism as a world religion might have begun as a scholarly construction but are we witnessing its transformation into a social and political reality With historical analysis extensive research and thoughtful reflection Confucianism as a World Religion will engage all those interested in religion and global politics at the beginning of the Chinese century Glimpses of the Scriptures of Major World Religions Ashok K. Sinha, 2014-04-11 This book A COLLECTION OF EXCERPTS FROM THE SCRIPTURES OF MAJOR WORLD RELIGIONS consists of three major Parts PART I adopted from an earlier book by the author pertains to major religions that originated in INDIA at different epochs of history namely HINDUISM BUDDHISM JAINISM and SIKHISM PART I I contains excerpts from the main scriptures of the three religions that originated in European and the Middle Eastern regions with their original roots in Prophet Abraham namely JUDAISM CHRISTIANITY And ISLAM Thus PART I contains excerpts from the Vedas and the Upanishads Hinduism the Dhammapad Buddhism the Agam Jainism and the Guru Granth Saheb Sikhism A number of essays on the historical backgrounds the leading figures and events and their interrelations are also included for a deeper appreciation of the pertinent philosophies PART II similarly contains excerpts from The Old Testament Judaism and The New Testament Christianity of the Bible and the Koran Islam with a brief Introduction in each case The main purpose of presenting this book is to illustrate the commonality of the Indian religions due to their common root Hinduism that came into being in India some 10 15 millennia ago and was modified from time to time These religions have coexisted peacefully and harmoniously for centuries and millennia and have contributed much in the global spiritual development In particular Buddhism has been adopted in a significant portion of Asia China Japan South East Asia and has been also attracting the intellectuals in the West in recent years Interrelations among the other three religions are also evident due to their common root though significant historical schisms and ideological differences among them are also well known As the world enters the Twentieth Century it is imperative for world peace that people across the globe try to understand one another better in terms of the spiritual and religious beliefs philosophies mentalities and traditional tendencies that shape their individual lives as well as their mutual interaction patterns It is hoped that this book makes a small contribution in that direction
