The Guinness Book of Classic British TV Paul Cornell, Martin Day, Keith Topping, 1996 Video Sourcebook Supplement Furtaw, 1994-03 **The British Sitcom Spinoff Film** Stephen Glynn, 2023-12-07 This book constitutes the first full volume dedicated to an academic analysis of theatrically released spinoff films derived from British radio and television sitcoms Regularly maligned as the nadir of British film production and marginalised as a last resort for the financially bereft industry during the 1970s this study demonstrates that the sitcom spinoff film has instead been a persistent and important presence in British cinema from the 1940s to the present day and includes occasional works with distinct artistic merit Alongside an investigation of the economic imperative underpinning these productions i e the exploitation of proven product with a ready made audience it is argued that with a longevity stretching from Arthur Askey and his wartime Band Waggon 1940 to the crew of Krupt FM and their recent People Just Do Nothing Big in Japan 2021 the British sitcom spinoff can be interpreted as following a full generic life cycle Starting with the formative stage where works from Hi Gang 1941 to I Only Arsked 1958 establish the genre s characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like Till Death Us Do Part 1969 On the Buses 1971 The Likely Lads 1976 and Rising Damp 1980 the genre s revival since the late 1990s reveals a more parodic final stage with films like The League of Gentlemen s Apocalypse 2005 adopting a consciously self reflective mode It is also posited that the sitcom spinoff film is a viable source for social history with the often stereotypical re presentations of characters and events an often blatant ideological metonym for the concerns of wider British society notably in issues of class race gender and sexuality **The Video Source Book** David J. WEINER, 1990 Facets Video Encyclopedia Catherine Foley, Milos Stehlik, 1999 Calling it a virtual cinemath que on video the Telluride Film Festival gave its coveted Silver Medallion award to Facets Video Encyclopedia The Encyclopedia lists more than 35 000 rare films on video laser disc and DVD Included are foreign independent classic American silent documentary experimental cult and children s films Each is carefully described and lists director country of origin year and running time credits and is categorized and cross referenced by director and country All films are available for sale or rent from Facets Multimedia Casting Shadows: DIY Black Magic Spells For The Modern Practitioner www.witchcraftvibes.com, Casting Shadows DIY Black Magic Spells For The Modern Practitioner delves into the world of black magic providing a comprehensive guide for those interested in practicing the dark arts The book explores the history of black magic its modern day practice and the ethics and responsibility associated with it Readers will gain insight into harnessing negative energy working with spirits and the power of curses The author also covers essential tools and techniques such as altars magical implements candles and incense The book offers guidance on casting spells with intention as well as protection and defense against psychic attacks and negative entities Additionally it provides instructions on summoning otherworldly entities practicing dark divination crafting hexes and curses performing rituals and ceremonies and

That Old Black Magic Ronald Slaton, 2020-03-28 Ron Slaton's take on life is not only magical but also downright supernatural He gives us a peek into a realm that most of us are intimidated by yet he makes it feel warm and fuzzy From the ancient art of witchcraft to the new mysteries of cloning Slaton ushers us into his head and his heart He invites us in then locks the door Don't worry it is a pleasant and sometimes sensuous stay He summons demons and angels plots and plans coupes casts spells and conjures spirits and forces parents and children and husbands and wives to deal with each other all in the name of human survival Through both comedy and tragedy Slaton hypnotizes his readers into thinking about age old conflicts but with a newer and broader vision We've all seen the battle between Good and Evil but the possibility of a lifelong friendship between the two is shocking Similarly we've heard the old adage There is someone for everyone but how many of us take it seriously enough to believe that there is someone or some spirit actually guiding the happy couples to each other That is what Slaton does best He makes us think outside of the proverbial box He makes us think outside of the entire realm of our mundane realities To say the least Slaton's stories are thought provoking emotive and cathartic He writes what we are all afraid to think feel or heaven forbid say out loud So conjure up a cup of chamomile tea and a nice cozy spot on the rug and join us in a new realm Relax Don't be afraid This journey is a trip
