affected Borneo Besides the impact of the Korean and Vietnam Wars and the Malayan Emergency and communist uprisings in other Southeast Asian states there was within Borneo the attempted communist takeover of Sarawak from the 1950s a failed coup d tat in Brunei in 1962 Sukarno s Konfrontasi confrontation with Malaysia and the horrific purge of Leftists and ethnic Chinese in the late 1960s This book details these momentous events and assesses their impact on Borneo and its people It is a sequel to the author s earlier books *The Japanese Occupation of Borneo 1941 1945* 2011 and *Post War Borneo 1945 1950 Nationalism Empire and State Building* 2013 collectively a trilogy

*Nation Building* Wang Gungwu, 2005 The book addresses questions such as how should historians treat the earlier pasts of each country and the nationalism that guided the nation building tasks Where did political culture come in especially when dealing with modern challenges of class secularism and ethnicity What part do external or regional pressures play when the nations are still being built The authors have thought deeply about the issues of writing nation building histories and have tried to put them not only in the perspective of Southeast Asian developments of the past five decades but also the larger areas of historiography today

Singapore Edwin Lee, 2008 In 2015 Singapore celebrates its 50th anniversary of independence This book covers the complex historical forces and circumstances that shaped this nation It tells of Britain s imperial visions and schemes and of how their failure cast a shadow on the story of Singapore s incorporation into the Federation of Malaysia and expulsion from it

Limbang Rebellion Eileen Chanin, 2020-01-31 In early December 1962 there was a surprise rebel uprising in northern Borneo The leader of the anti colonialist North Kalimantan National Army Sheikh Azahari mounted the insurrection that

became known as the Brunei Revolt. It aimed to thwart Britain and Malaya's plan to combine the British territories of Borneo into a new Federation of Malaysia. The river town of Limbang, an administrative centre in the British colony of Sarawak, became the pivot of the rebellion that was to be the opening act of the military and diplomatic conflict known as Konfrontasi. Combining eyewitness accounts with thorough research, *Limbang Rebellion* reveals what it was like to be thrown into this intense and unexpected conflict in which hostages were taken and threatened with execution. It describes the involvement of the Royal Marines under Captain Jeremy Moore MC and the daring rescue mission he led under challenging circumstances which included being vastly outnumbered by the rebel forces. The result is a gripping account of seven dramatic days when a small town in northern Borneo suddenly seized the world's attention. *The Hakkas of Sarawak* Kee Howe Yong, 2013-12-06

This book tells the story of the Hakka Chinese in Sarawak, Malaysia, who were targeted as communists or communist sympathizers because of their Chinese ethnicity in the 1960s and 1970s. Thousands of these rural Hakkas were relocated into new villages surrounded by barbed wire or detained at correction centres where incarcerated people were understood to be sacrificial gifts to the war on communism and to the rule of Malaysia's judicial administrative regime. *The Hakkas of Sarawak* looks at how these incarcerated people struggled for survival and dealt with their defeat over the course of a generation. Using methodologies of narrative theory and exchange theory, Kee Howe Yong provides a powerful account of the ongoing legacies of Cold War oppression and its impact on the lives of people who were victimized by these policies. **Fair Land Sarawak** Alastair Morrison, 2018-05-31

An officer's first person account of British colonial disengagement from Sarawak, Morrison explains the daily bureaucracy of colonial life from an inside perspective and details the changes that occurred during his years in Sarawak: the growth and expansion of Communist movements, the emerging modernization of various districts, and the formation of Malaysia. **The Malays** Anthony Milner, 2011-03-25

Just who are the Malays? This provocative study poses the question and considers how and why the answers have changed over time and from one region to another. Anthony Milner develops a sustained argument about ethnicity and identity in an historical Malay context. *The Malays* is a comprehensive examination of the origins and development of Malay identity, ethnicity, and consciousness over the past five centuries. It covers the political, economic, and cultural development of the Malays, explores the Malay presence in Brunei, Singapore, Indonesia, Thailand, Cambodia, Sri Lanka, and South Africa, as well as the modern Malay state of Malaysia. It offers diplomatic speculation about ways Malay ethnicity will develop and be challenged in the future. *Malaysia@50: Economic Development, Distribution, Disparities* Jomo Kwame Sundaram, Chong Hui Wee, 2013-09-16

Malaysia has grown and changed a great deal since it was formed on 16 September 1963. It was then seen as an unlikely nation hastily put together as a federation of British controlled territories in the region. Brunei's refusal to join at the eleventh hour and Singapore's secession before its second birthday only seemed to confirm such doubts. Yet it has not only survived but even thrived, often cited as a developing country worthy of emulation. Ruled by the same ruling coalition since the mid 1950s, it has

been tempting to emphasize continuities and there certainly have been many Looking back at its last half century this volume first considers changes in development policy in response to national as well as international developments The remaining three parts consider how public policy has been influenced by and has in turn influenced economic distribution public finance and economic federalism Besides the familiar focus on ethnic disparities regional and other distribution issues are considered The discussion of government taxation as well as spending also focuses on distribution implications Although constitutionally a federation Malaysia has been more centralized than most federal states The way forward requires greater sensitivity to the complex political economy of Malaysia s unlikely but nonetheless resilient federation and ruling coalition This book is published and distributed worldwide by World Scientific Publishing Co Pte Ltd except Malaysia
