*Risk Trends of U.S. Multinational and Domestic Firms* Mehmet Yasar Geyikdagi,1982      *Risk Trends of U.S. Multinational and Domestic Firms* Mehmet Y. Geyikdagi,1982-11-01      *International Business in the Middle East* Erdener Kaynak,2015-10-16 No detailed description available for *International Business in the Middle East*      **Multinational Risk Assessment and Management** Wenlee Ting,1988-03-11 An inclusive treatment of political risk assessment aimed at a readership consisting of students of international business and executives of multinational firms concerned with this issue Ting examines the sociopolitical foundations of the issue approaches to political risk assessment found in the literature micro risk assessment associated with individual projects forms of business macro policy and exchange rates The author also considers host country investments applications of risk rating systems and integration of political risk assessment into a risk return calculus Extremely clear the book is more usable than earlier volumes Choice Ting argues that a preoccupation with catastrophic and revolutionary changes such as those that occurred in Iran and Nicaragua has skewed models of risk analysis away from the most significant and likely forms of political risk legal regulatory and technocratic changes in the host country toward the much rarer dramatic and cataclysmic event He proposes instead a model based on a micro or project specific analysis and demonstrates how to integrate this analysis and the information it generates into actual international planning and operational decisions abroad      *Bulletin of the Public Affairs Information Service* Public Affairs Information Service,1983      **A Competitive Assessment of the U.S. International Construction Industry** ,1984      American Book Publishing Record ,1984-04      Global Corporate Finance: A Focused Approach (Fourth Edition) Suk Hi Kim,2023-11-02 *Global Corporate Finance A Focused Approach* 4th edition GCF4 introduces students and practitioners to the principles that are essential to the understanding of global financial problems and the policies that global business managers contend with The objective of this book is to equip current and future business leaders with the tools they need to interpret the issues to make sound global financial decisions and to manage the wide variety of risks that modern businesses face in a competitive global environment In line with its objective the book stresses practical applications in a concise and straightforward manner without complex treatment of theoretical concepts All the chapters in the 4th edition have been updated to include new materials eliminate unnecessary outdated materials and include more non US materials Each chapter contains the following four new items an opening mini case a global finance in practice a list of key terms at the end of each chapter and a closing mini case The GCF4 is suitable for appropriate courses no matter where in the world it is taught because it does not adopt any specific national viewpoint Moreover it is self contained and it combines theory and applications The earlier editions of the GCF4 have been adopted by many colleges universities and management development programs worldwide particularly because the book stresses practical applications in a user friendly format Supplementary materials are available to instructors who adopt this textbook These include      *The Law and Policy of International Business, Selected Issues* John R.

Lacey,1991-05-31 Papers from a symposium held at the Fletcher School Oct 1989      **Currency Manipulation and Its Effect on U.S. Businesses and Workers** United States. Congress. House. Committee on Ways and Means. Subcommittee on Trade,2009      *Foreign Economic Trends and Their Implications for the United States* ,1989      International Management in Service Firms Dirk Klimkeit,Pengji Wang,Huiping Zhang,2024-05-22 This textbook examines how service firms manage their international operations For the first time it brings together insights from the fragmented literature on this subject into an accessible textbook Further it is unique in its focus on service firms internationalization and international management Beginning with an overview of the international environment in which service firms operate it subsequently describes multinational service firms and their internationalization processes strategies and organization Unlike most texts on international services the book goes beyond internationalization to address the ongoing management of service firms It not only addresses functions such as global service marketing financial management and human resource management but also discusses aspects such as global account management global service delivery and international project management as well as the topical issue of managing distributed virtual teams A dedicated chapter focuses on offshore shared services and business process outsourcing These chapters are complemented by a discussion on international corporate governance and corporate social responsibility The book is intended for students preparing for international careers in the service sector Each chapter includes case studies illustrations highlighted definitions a chapter summary and exercises      **FDIC Banking Review** ,1997      **Global Trends in Manufacturing Supply Chains** Jing Wu,2025-03-21 This book offers an in depth and comprehensive analysis of global supply chains through the dual dimensions of time and region which include their origins current challenges and future trajectories It highlights the impact of natural disasters and geopolitical risks illustrating how these factors underscore the vulnerabilities and dependencies within supply chain networks The focus on China s role in global supply chains is particularly relevant given the country s significant impact on global trade manufacturing and economic health Additionally by offering concrete case studies and detailed discussions on the overseas expansion of Chinese companies the book serves as a valuable resource for understanding their strategies the challenges they face and the impacts of their global activities on both their home economy and the global economic landscape The book s unique approach combines rigorous analysis with practical advice making it an indispensable resource for anyone looking to understand and respond to the evolving dynamics of global supply chains      **The Literature of International Business Finance** Raj Aggarwal,1984      Global Corporate Intelligence George Roukis,Hugh Conway,Bruce H. Charnov,1990-05-08 In this volume noted experts in a variety of information business and management fields offer a comprehensive overview of the role information plays in global business and its impact on competition and competitiveness At the core of the collection is a common belief in the essential value of information to the modern business and a recognition that the corporate intelligence function must today cope with changing realities produced by both new technology and the globalization of markets Taking

these as their points of departure the contributors discuss a broad spectrum of corporate intelligence issues ranging from the uses of artificial intelligence and the structure of the corporate intelligence system to the nature of security threats financial warfare and corporate risk assessment The chapters are divided into five sections and begin with two essays on the emerging interrelated global world order George Roukis discusses the corporate intelligence process as it embodies the global view while Hugh Conway shows how modern technology has changed the corporate intelligence function Three chapters explore the information applications of new technologies including the use of the computer to further all aspects of corporate intelligence gathering and the emergence of an information industry to serve the needs of intelligence gatherers The following section contains chapters that address in turn the use of intelligence in strategic decisionmaking coping with bad news the process of intelligence gathering and field marketing intelligence Turning to a discussion of outside threats to corporate intelligence data security the contributors examine computer security in general defense related computer security and the terrorist threat to corporations In the final section the contributors look at a number of strategic challenges A particularly interesting chapter examines corporate intelligence in Japan others look at geography and corporate risk assessment the Soviet foreign intelligence service and corporate responses to financial warfare Competitive intelligence and marketing executives as well as students in international business programs will find this volume enlightening and provocative reading
