D. Frater, U. D. (Frater), 2001 HARNESS THE MOST POWERFUL ENERGIES YOU HAVE EVER EXPERIENCED Unlock the powerful energies raised during the sex act and use them to manifest your deepest desires During the sex act your attention becomes focused into a laser beam of concentration This power of concentrated thought is the foundation of all magical systems Sex Magic's secret is that it's a tremendously powerful and easily learned way to consciously direct sexual energy and accomplish material and personal goals Male and female energies are often entirely different and it would be folly to deny this but experience shows that female magicians can be particularly successful in using and developing Sex Magic Consequently this book is aimed at both male and female readers unlike more traditional teachings written for men Of all secret lore Sex Magic has been reputed through the centuries to be the most dangerous Today we know that this attitude was largely a reflection of the hostility held towards the flesh held by repressive religions If we learn one thing from the shamanic cultures it is the strong emphasis upon the role of the body in magic Mind and Body are two facets of the One Thing in which Will Imagination and Gnostic Trance are the three pillars of success Contrary to the principles of Eastern Tantra Western Sex Magic emphasizes the importance of actual orgasm both male and female Orgasm is the moment when the walls between consciousness and subconsciousness are sundered and direct access to the deeper levels of the psyche become possible freeing up possible paranormal powers

Orgasm itself is sufficient to achieve gnostic trance provided that control is maintained and one does not simply lose consciousness as most people do at the moment of ecstasy *Secrets Western Sex Magic* teaches one of the oldest disciplines of this secret lore It is a complete system of Sex Magic in theory and practice with exercises to develop related abilities for visualization concentration breath control psychic energy arousal and flow along with full instructions on the projection of sexual energies for healing and manifestation their use in Sigil Magic and the charging of Amulets Talismans Group Ritual and the assumption of god forms when working as a priestly couple and the divine Chymical Marriage of ultimate union This book is also an introduction to the entire field of practical magic using our natural interest and involvement in sexual pleasure to illustrate and develop magical abilities and techniques

**Same Sex, Different Cultures** Gilbert H. Herdt, 1997 Because homoerotic relations can be found in so many cultures Gilbert Herdt argues that we should think of these relations as part of the human condition This new cross cultural study of gays lesbians and bisexuals around the world *Same Sex Different Cultures* provides a unique perspective on maturing and living within societies both historical and contemporary that not only acknowledge but also incorporate same gender desires and relations Examining what it means to organize sex in a society that lacks a category for sex or to love someone of the same gender when society does not have a homosexual or gay lesbian role Herdt provides provocative new insights in our understanding of gay and lesbians lives Accurate in both its scientific conceptions and wealth of cultural and historical material examples range from the ancient Greeks and feudal China and Japan to the developing countries of Africa India Mexico Brazil and Thailand from a New Guinea society to contemporary U S culture including Native Americans For all of these peoples homoerotic relations emerge as part of culture and not separate from history or society In many of these groups loving or engaging in sexual relations is found to be the very basis of the local cultural theory of human nature and the mythological basis for the cosmos and the creation of society The mistake of modern Western culture Gilbert contends is to continue the legalization of prejudice against lesbians and gays In this light the book addresses the issue of universal versus particular practices and reveals positive role models that embrace all aspects of human sexuality Finally it offers knowledge of the existence of persons who have loved and have been intimate sexually and romantically with

the same gender in other lands through divergent cultural practices and social roles The most important lesson to learn from this cross cultural and historical study of homosexuality is that there is room for many at the table of humankind     **Sex, Sects and Society** Russell Davies,2018-03-28 This book will provide an educational and entertaining read It will explain the contradictions and complexities of the Welsh national identity This book will reveal the hardships and horrors of some people's lives It will reveal how religion and superstition ebbed and flowed together     Sex and Repression in Savage Society ,1953
