Cornell,1936 **Shade Trees and Other Ornamentals (Classic Reprint)** Fabian Garcia,2015-06-29 Excerpt from Shade Trees and Other Ornamentals The planting of shade trees and shrubs in New Mexico in the towns and country is done only on a very small scale One cannot help but be impressed with the scarcity of shade trees either along drives and roads or in the home grounds Planting shade trees should be done more extensively throughout the Territory More interest should be taken in this important subject While a shade tree growing beside a drive or in the home grounds is not generally a source of income to the individual or community if it is properly placed and trained it may be a thing of beauty and comfort I am sure that all of us appreciate the beautiful and enjoy comfort Think of how much a collection or a group of trees when properly placed adds to the general surrounding of a place Why have there been so few trees generally planted throughout the Territory There must be a reason for this state of affairs and the following answer may be applicable to this question The early settlers cared little for such ornaments The later wave of immigration from the East was largely composed of settlers transitory in their habits This was a population largely of persons who were seeking fortunes with little or no intention of remaining here permanently and their efforts were turned in a different direction than that of home making Aside from these causes it has been somewhat difficult in the past to get trees except the cottonwood for planting The scarcity of water for irrigating trees has also had more or less to do in preventing the planting of shade trees About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Shade Trees for North Carolina William Willard Ashe,1908 **The Planting and Care of Shade Trees** New Jersey.
