

A pair of hands, one light-skinned and one dark-skinned, are clasped together in a prayerful gesture. The hands are positioned on the left side of the frame, with the fingers interlaced. The background is a textured, parchment-like surface with a warm, golden-brown hue. The lighting is soft, creating a gentle glow around the hands and highlighting the texture of the background.

and definite expression without change is the cause of our problems This is the reason for distrust You are less likely to trust a stranger because you have not been present to observe a consistency in a particular expression of behavior so you are less likely to trust them because you are well aware of their ability to choose to do as they please therefore rendering the free will of man kind the root cause of all problems Nevertheless although it has been established that our will to choose especially under the influence of ignorance has rendered the abilities of prudence in such regard limited Wisdom however can profit highly from the limitations of prudence to avoid the issues of ignorance This is said to say although we may not be able to avoid problems we can surely solve them So I hereby entail my words of wisdom that is to say I am offering the cure to all problems the universal antidote of which I have formulated as an answer to my riddle My presence is the solution to all problems and my absence is the cause what am I Ladies and Gentlemen my name is Eastwood Bempoh and I want to introduce to you The universal antidote This book explains The Bempoh Quantification Tree of all Problems including the following below The 4 categories all problems fall under The 2 realms problems come from The 3 aspects of your being that are affected by problems How to cure and prevent such problems given you choose to remain consistent in certain dealings And much more This book will help you overcome Fear Sickness Unforgiveness And more *Till He Come* Ch. H. Spurgeon,
