I the Supreme Augusto Roa Bastos, 2019-02-26 I the Supreme imagines a dialogue between the nineteenth century Paraguayan dictator known as Dr Francia and Policarpo Pati o his secretary and only companion The opening pages present a sign that they had found nailed to the wall of a cathedral purportedly written by Dr Francia himself and ordering the execution of all of his servants upon his death This sign is quickly revealed to be a forgery which takes leader and secretary into a larger discussion about the nature of truth In the light of what Your Eminence says even the truth appears to be a lie Their conversation broadens into an epic journey of the mind stretching across the colonial history of their nation filled with surrealist imagery labyrinthine turns and footnotes supplied by a mysterious compiler A towering achievement from a foundational author of modern Latin American literature I the Supreme is a darkly comic deeply moving meditation on power and its abuse and on the role of language in making and unmaking whole worlds
