**Theology of the Soul** Martine C. L. Oldhoff, 2024-06-10 Theology of the Soul engages with a thoroughly theological and philosophical subject in fresh and profound ways the soul The author examines the possibility of a concept of the soul in modern Western theology In the second part of the 20th century speaking about the soul was strongly criticized in Theology and Philosophy Consequently many academic theologians consider the word soul problematic Remarkably the word soul is very much present in contemporary culture This book takes cultural notions of the soul as employed by for example Marilynne Robinson and Oprah Winfrey as a point of departure The author then investigates the functions of the soul in classical theologies and provides elucidating overviews of the ways in which the soul is discussed and problematized in contemporary Philosophy and Biblical Studies After introducing the apostle Paul as conversation partner she reconsiders various contemporary concepts from a Pauline perspective and offers a constructive systematic theological proposal to speak of the soul in today s modern theological and cultural contexts This interdisciplinary study integrates continental and analytic methods and discussions on the soul in Philosophy and Theology providing a very comprehensive study of the soul **This**

**Tragic Gospel** Louis A. Ruprecht, Jr., 2008-07-23 This Tragic Gospel suggests that the Gospel of John intended to supplant the first three gospels and succeeded in gaining undue influence on the early churches This study focuses on the tragic moment when Jesus prays for deliverance from his impending death in the garden of Gethsemane Ruprecht contends that John rewrote this scene in order to convey a very different dramatic meaning from the one reflected in Mark s gospel In John s version not only did Jesus not pray to be spared he actually mocked this prayer embracing his imminent demise with godlike confidence Ruprecht believes that this dramatic reinterpretation undermined the tragedy of Jesus s death as Mark imagined it and so paved the way for the development of a kind of Christianity that focused far less on compassion in the face of human suffering John s Jesus offers the faithful food so that they will never hunger water so that they will never thirst and the promise of a world in which no faithful person ever sheds a tear Mark s Christians do suffer but they witness to suffering and death differently with compassion Mark s Christ suffers like all Christians after him but he embodies a tragic hope in the promise of a faith shored up by love and compassion **The Morality of Self-Defense and Military Action** David B.

Kopel, 2017-02-16 Shedding new light on a controversial and intriguing issue this book will reshape the debate on how the Judeo Christian tradition views the morality of personal and national self defense Are self defense national warfare and revolts against tyranny holy duties or violations of God s will Pacifists insist these actions are the latter forbidden by Judeo Christian morality This book maintains that the pacifists are wrong To make his case the author analyzes the full sweep of Judeo Christian history from earliest times to the present combining history scriptural analysis and philosophy to describe the changes and continuity of Jewish and Christian doctrine about the use of lethal force He reveals the shifting patterns of thought in both religions and presents the strongest arguments on both sides of the issue The book begins with the ancient

Hebrews and Genesis and covers Jewish history through the Holocaust and beyond The analysis then shifts to the story of Christianity from its origins through the Middle Ages and the Reformation up the present day Based on this scrutiny the author concludes that contrary to popular belief the legitimacy of self defense is strongly supported by Judeo Christian scripture and commentary by philosophical analysis and by the respect for human dignity and human rights on which both Judaism and Christianity are based

**Reading Humility in Early Modern England** Jennifer Clement,2016-03-03 While humility is not especially valued in modern Western culture Jennifer Clement argues here it is central to sixteenth and seventeenth century understandings of Christian faith and behavior and is vital to early modern concepts of the self As this study shows early modern literary engagements with humility link it to self knowledge through the practice of right reading and make humility foundational to any proper understanding of human agency Yet humility has received little critical interest and has often been misunderstood as a false virtue that engenders only self abjection This study offers an overview of various ways in which humility is discussed deployed or resisted in early modern texts ranging from the explicitly religious and autobiographical prose of Katherine Parr and John Donne to the more politically motivated prose of Queen Elizabeth I and the seventeenth century reformer and radical Thomas Tryon As part of the wider turn to religion in early modern studies this study seeks to complicate our understanding of a mainstream early modern virtue and to problematize a mode of critical analysis that assumes agency is always defined by resistance

**The Promise of Martin Luther's Political Theology** Michael Richard Laffin, 2016-10-20 Michael Laffin demonstrates the promise of Martin Luther s

thought for contemporary political theology by showing how Luther has been over determined in standard genealogies of modernity which frequently deafen us to his unique contribution Laffin argues that contemporary theologians have typically followed a narrative derived from the work of a previous generation of political historians and philosophers which tend to screen out or distort the Reformers contribution to political theory Common to these narratives are charges against Luther for his perceived univocal and nominal ontology resulting in a privatized and spiritualized Christianity thus falsely dividing the world into autonomous spheres Additionally the narratives claim that Luther follows in the wake of voluntarism leading to an insistence on human passivity that leaves no room for pagan virtue Thus politics is reduced to an authoritarian imposition of order In contrast to the dominant narratives of political modernity Laffin re examines these narratives by focusing on the political significance of areas in Luther s corpus often neglected in contemporary accounts of his political thought especially his commentaries on Scripture and writings on the sacraments Attention to these writings brings forth the crucial themes of the two ecclesiae and the three institutions Constructively these themes are deployed in critical engagement with contemporary political theology particularly as represented in Radical Orthodoxy and the new Augustinianism *TPT The Book of Galatians* Brian Simmons,2023-07-05 The book of Galatians proclaims heaven s freedom Richly steeped in the glorious grace gospel of Jesus Christ this letter releases us from religious bondage and teaches us to use that freedom to overflow with the fruit of the Holy Spirit This 12 lesson study guide on the book of Galatians provides a unique and welcoming opportunity to immerse yourself in God s precious Word as expressed in The Passion Translation Begin your journey with a thorough introduction that details the authorship of Galatians date of composition first recipients setting purpose central message and key themes The lessons then walk you through every portion of the book and include features such as notable verses historical and cultural background information definitions of words and language cross references to other books of the Bible and character portraits of figures from the Bible and church history Enrich your biblical understanding of the book of Galatians experience God s love for you and share his heart with others **Eschatological Discipleship** Trevin Wax,2018-04-01 Discipleship is eschatological in nature because the church that makes and receives disciples is eschatological in nature Often eschatology is thought to refer only to last things doctrines However eschatology in its broader sense encompasses the Christian view of time and the future of the world informing both one s evangelism and ecclesiology Failing to relate the eschatological dimension to discipleship leaves one with an incomplete worldview imbalanced discipleship and eventually a tragic inability to model the Christian way of life By answering questions like What time is it and Where is history going Trevin Wax helps Christians view the past present and future biblically and shapes their understanding of following Jesus
