## Lyricism In The Poetry Of T S Eliot:

**Lyricism in the Poetry of T. S. Eliot** Ann P. Brady,1978      The Narratological Analysis of Lyric Poetry Peter Hühn,Jens Kiefer,2011-08-11 This study offers a fresh approach to the theory and practice of poetry criticism from a narratological perspective Arguing that lyric poems share basic constituents of narration with prose fiction namely temporal sequentiality of events and verbal mediation the authors propose the transgeneric application of narratology to the poetic genre with the aim of utilizing the sophisticated framework of narratological categories for a more precise and complex modeling of the poetic text On this basis the study provides a new impetus to the neglected field of poetic theory as well as to methodology The practical value of such an approach is then demonstrated by detailed model analyses of canonical English poems from all major periods between the 16th and the 20th centuries The comparative discussion of these analyses draws general conclusions about the specifics of narrative structures in lyric poetry in contrast to prose fiction      *Aspects of Lyric in the Poetry of Emily Brontë* Maureen Peeck-O'Toole,2022-07-04      **Lyric Poetry and Space Exploration from Einstein to the Present** Margaret Greaves,2023 Anchored in the postwar period but drawing on a long history of poetry and science Lyric Poetry and Space Exploration from Einstein to the Present charts surprising connections between poetry and extraterrestrial space      **T. S. Eliot: The Poems** Martin Scofield,1988-03-10 The poems some of the poetic drama particularly Sweeney Agonistes and relevant sections of prose criticism are discussed in detail and placed in relation to the development of Eliot s oeuvre and more briefly to his life and a wider context of philosophical and religious enquiry

**Romanticism, Lyricism, and History** Sarah MacKenzie Zimmerman, 1999-01-01 Arguing against a persistent view of Romantic lyricism as an inherently introspective mode this book examines how Charlotte Smith William Wordsworth and John Clare recognized and employed the mode's immense capacity for engaging reading audiences in reflections both personal and social Zimmerman focuses new attention on the Romantic lyric's audiences not the silent passive auditor of canonical paradigms but historical readers and critics who can tell us more than we have asked about the mode's rhetorical possibilities She situates poems within the specific circumstances of their production and consumption including the aftermath in England of the French Revolution rural poverty the processes of parliamentary enclosure the biographical contours of poet's careers and the myriad exchanges among poets patrons publishers critics and readers in the literary marketplace

**Skepticism and Impersonality in Modern Poetry** V. Joshua Adams, 2025-06-12 Modern literature is often described in terms of its impersonality What is the significance of this fact In *Skepticism and Impersonality* V Joshua Adams follows the history of impersonality in modern poetry from Mallarmé and Eliot through to the present engaging with work by major poets and critics but also contemporary philosophers Rather than seeing impersonality exclusively as a literary historical phenomenon Adams argues that we should understand it as an attempt to address skeptical problems arising from the limitations of first person experience Defending impersonality as a response to skeptical problems including doubts about the publicity of our experiences our knowledge of other minds the capacity of our language to describe the world the relationship between mind and body and the fictionality and continuity of our sense of self Adams analyzes what he calls experiments in impersonality as means of working through skeptical doubt The writers discussed transform this doubt into art whilst also ironizing it as corrosive and self defeating Ultimately this leads Adams to reinterpret literary impersonality as a therapeutic

philosophical project Skepticism and Impersonality promises a new theoretical justification for our practical interest in literary texts to renovate our conception of how those texts might do philosophical work and to expand our sense of what a philosophical poem can be

**A Reader's Guide to the Narrative and Lyric Poetry of Thomas Lovell Beddoes** Rodney Edgecombe, 2015-10-05 Beddoes poses a peculiar problem for critics and scholars who wish to redress the marginal position that he occupies in the Romantic canon a problem seemingly unique to him and created in part by his misconception of his own strengths as a writer An extremely good poet who had things turned out differently might have functioned as a missing link between Keats and Tennyson he fatally divided his attention between verse and medicine a discipline that by his own admission made in the poem composed for Zo King served to wither his creative gift This fission of energy was bad enough but more damaging still was his misconception of metier for whatever mental resources remained to Beddoes after gruelling days in the classroom he invested in writing an unstageable drama instead of in his primary gift for lyric verse Whereas the Beddoes revival that has been gathering momentum in recent years has centred on *Death's Jest Book* the play onto which the poet directed some might say misdirected so much of his creative energy this study focuses wholly on his lyric and narrative verse much of which has received short critical shrift It follows the sequence of poems set out in the Donner edition and focuses on their verbal richness and inventiveness as they unspool upon the page

**Poetry in Exile** Josef Hrdlička, 2020-09-01 In his book Josef Hrdlička opens the question of what exactly constitutes Exile Poetry and indeed whether it amounts to a category as fundamental as Romantic or Bucolic lyricism He covers the intricately complex and diverse topic of exile by exploring selected literary texts from antiquity to the present giving due attention to writers that have influenced the exile discourse from Ovid Goethe and Baudelaire to the thinkers and poets of the 20th century like Adorno or Saint John Perse Against this backdrop of exile poetics he turns his attention to Czech poets who left their homeland after the Communist Coup of 1948 and were notable contributors to Czech literature abroad Hrdlička considers the works of Ivan Blatný Milada Součková Ivan Diviš and Petr Král to show the continuity and changes in the western poetic tradition and expressions of exile
