Lyrik und Lyriker Richard Maria Werner, 1890 **Lyrik und Lyriker** Werner, 1890 *Handbook of Empirical Literary Studies* Donald Kuiken, Arthur M. Jacobs, 2021-09-20 This handbook reviews efforts to increase the use of empirical methods in studies of the aesthetic and social effects of literary reading The reviewed research is expansive including extension of familiar theoretical models to novel domains e.g. educational settings enlarging empirical efforts within under represented research areas e.g. child development and broadening the range of applicable quantitative and qualitative methods e.g. computational stylistics phenomenological methods Especially challenging is articulation of the subtle aesthetic and social effects of literary artefacts e.g. poetry film Increasingly the complexity of these effects is addressed in multi variate studies including confirmatory factor analysis and structural equation modeling While each chapter touches upon the historical background of a specific research topic two chapters address the area's historical background and guiding philosophical assumptions Taken together the material in this volume provides a systematic introduction to the area for early career professionals while challenging active researchers to develop theoretical frameworks and empirical procedures that match the complexity of their research objectives 3000-3999, *Modern languages and literature* Princeton University.
