Ogren, 1992-06-04 Born of African rhythms the spiritual call and response and other American musical traditions jazz was by the 1920s the dominant influence on this country's popular music Writers of the Harlem Renaissance Langston Hughes Claude McKay Zora Neale Hurston and the Lost Generation Malcolm Cowley F Scott Fitzgerald and Gertrude Stein along with many other Americans celebrated it both as an expression of black culture and as a symbol of rebellion against American society But an equal number railed against it Whites were shocked by its raw emotion and sexuality and blacks considered it devil's music and criticized it for casting a negative light on the black community In this illuminating work Kathy Ogren places this controversy in the social and cultural context of 1920s America and sheds new light on jazz's impact on the nation as she traces its dissemination from the honky tonks of New Orleans New York and Chicago to the clubs and cabarets of such places as Kansas City and Los Angeles and further to the airwaves Ogren argues that certain characteristics of jazz notably the participatory nature of the music its unusual rhythms and emphasis gave it a special resonance for a society undergoing rapid change Those who resisted the changes criticized the new music those who accepted them embraced jazz In the words of conductor Leopold Stowkowski Jazz had come to stay because it was an expression of the times of the breathless energetic superactive times in which we were living it was useless to fight against it Numerous other factors contributed to the growth of jazz as a popular music during the 1920s The closing of the Storyville section of New Orleans in 1917 was a signal to many jazz greats to move north and west in search of new homes for their music Ogren follows them to such places as Chicago New York and San

Francisco and using the musicians own words as often as possible tells of their experiences in the clubs and cabarets Prohibition ushered in by the Volstead Act of 1919 sent people out in droves to gang controlled speak easies many of which provided jazz entertainment And the 1920s economic boom which made music readily available through radio and the phonograph record created an even larger audience for the new music But Ogren maintains that jazz itself through its syncopated beat improvisation and blue tonalities spoke to millions Based on print media secondary sources biographies and autobiographies and making extensive use of oral histories The Jazz Revolution offers provocative insights into both early jazz and American culture

**The Jazz Scene** Eric Hobsbawm, 2014-11-20 From 1955-65 the historian Eric Hobsbawm took the pseudonym Francis Newton and wrote a monthly column for the New Statesman on jazz music he had loved ever since discovering it as a boy in 1933 the year Adolf Hitler took power in Germany Hobsbawm's column led to his writing a critical history *The Jazz Scene* 1959 This enhanced edition from 1993 adds later writings by Hobsbawm in which he meditates further on why jazz is not only a marvellous noise but a central concern for anyone concerned with twentieth century society and the twentieth century arts All the greats are covered in passing Louis Armstrong Billie Holiday while further space is given to Duke Ellington Ray Charles Thelonious Monk Mahalia Jackson and Sidney Bechet Perhaps Hobsbawm's tastiest comments are about the business side and work ethics where his historian's eye strips the jazz scene down to its commercial spine Kirkus Reviews

**The Original Guitar Hero and the Power of Music** Dean Alger, 2014-04-15 Lonnie Johnson 1894-1970 was a virtuoso guitarist who influenced generations of musicians from Django Reinhardt to Eric Clapton to Bill Wyman and especially B B King Born in New Orleans he began playing violin and guitar in his father's band at an early age When most of his family was wiped out by the 1918 flu epidemic he and his surviving brother moved to St Louis where he won a blues contest that included a recording contract His career was launched Johnson can be heard on many Duke Ellington and Louis Armstrong records including the latter's famous Savoy Blues with the Hot Five He is perhaps best known for his 12 string guitar solos and his ground breaking recordings with the white guitarist Eddie Lang in the late 1920s After World War II he began playing rhythm and blues and continued to record and tour until his death This is the first full length work on Johnson Dean Alger answers many biographical mysteries including how many members of Johnson's large family were left after the epidemic It also places Johnson and his musical contemporaries in the

context of American race relations and argues for the importance of music in the fight for civil rights Finally Alger analyzes Johnson s major recordings in terms of technique and style Distribution of an accompanying music CD will be coordinated with the release of this book
