Watson,2010-06-19 Military public relations endeavors ultimately seek to build a sense of common interests and aims and so generally foster good relations with the people they defend and there in ensure a stable society The armed forces when engaging on any public relations exercise have traditionally sought to provide an entertaining spectacle For years this has been typified by parades bands mock battles drill displays and other relevant feats of military prowess which have captured the imagination of the public and inspired potential recruits The 20th Century brought a new dimension to the field of warfare and subsequently added a new strand to the fabric of public ceremony and displays by the armed forces That new dimension was the arrival of powered flight Display flying began within five years of the Wright Brothers making their milestone first flight The first events staged in Britain which centered on demonstrations by flying machines were organized by the town councils of Blackpool and Doncaster and were held within days of each other in October 1909 1920 was the year that the first of the famed and legendary Hendon Air Pageants was staged and this is where military air shows traditionally began The Hendon Displays were organized and staged by the still fledging Royal Air Force and it was probably due in no small part to the prestige and spectacle of this fresh new dimension of military pageantry together with other like events held at RAF airfields through the next two decades that the very existence of the RAF was saved from the threat of abolition The history of the RAF s commitment one that compares almost uniquely with other air forces toward display flying through the years after World War II has now come of age This account of their record in this often overlooked but then again traditional field of military customs describes and illustrates the major public RAF events since 1920 It's All Going Terribly Wrong Michael Parker,2013-12-01 Who would have guessed in the 1960s that Michael Parker a typical young British Army officer would turn into one of the most remarkable international showmen of his generation This book is a wonderfully funny account of the many different events he has staged in Europe America and the Middle East Amongst these are the launch of twin ships in Fort Lauderdale America s Cup Ball in Long Island the opening of the new Memphis Symphony Hall the naming of P O ship the Grand Princess in New York Harbor royal weddings in Jordan victory commemorations charity events and some of the world s biggest military shows in Berlin Edinburgh and London s Royal Tournament RAF in Camera Keith Wilson,2022-09-15 In July 2018 the nation looked skyward over Buckingham Palace in awe as the Royal Air Force celebrated its first 100 years with a spectacular parade and flypast over London This event demonstrated a very different perspective of the RAF well away from its operational commitments The expertise and precision of those RAF pilots flying in some of the most famous aircraft in the world has been displayed since the very first days of military aviation The Inter War period was dominated by the Hendon Air Pageants where many aircraft made their public appearance Post war it was the turn of the jet display teams with the Black Arrows and Firebirds laying the foundations for the aerial mastery that is today s Red Arrows

The various anniversaries have seen a growth in special artwork being applied to aircraft flown by squadrons celebrating key anniversaries This is covered in considerable detail within this volume On the ground the RAF is represented at major celebrations and key public events by the Queen's Colour Squadron which demonstrates its world famous continuity drill routine while providing a guard of honor for visiting Heads of States They are frequently accompanied with the Service's own bands which have grown from those created by its squadrons over a century ago From the Berlin Airlift in 1948 to flood relief in Kenya and the international relief effort in the Caribbean following Hurricane Irma in 2017 the RAF has been deployed overseas in response to numerous international crises But aid operations have also been mounted at home Under the banner of Military Aid to the Civil Powers helicopters and aircraft have airlifted food and supplies to areas cut off by severe weather Sea King helicopters have rescued villagers stranded by flash flooding in Boscastle while Chinook helicopters have assisted with the rebuilding of flood defenses breached by severe floods across the country The golden age of record breaking also features in this book From long range flights to South Africa and Australia the Schneider Trophy triumph speed records in the jet age along with altitude records with pilots in special pressure suits the RAF has demonstrated its reputation as a truly pioneering Air Arm Keith Wilson takes us on a journey through the Royal Air Force's public persona during their 100 year history All landmark events are referenced in this thorough well researched and image packed publication As with the three previous releases this new addition to the In Camera series is sure to be regarded as something of a collector's edition and a real enthusiast's favorite

**The Illustrated London News**, 1886 *Reflections from the Top of the World* Gerry Pye, 2024-10-11 Mount Kilimanjaro is the highest free standing mountain in the world It can be climbed successfully with minimal technical skill but the physical and mental challenges are huge The secret to conquering Mount Kilimanjaro is to just keep going a maxim that applies equally when facing the trials of life such as bereavement heartbreak and loneliness Loneliness is perhaps one of the

most insidious legacies of the COVID 19 pandemic People increasingly live alone work alone and play alone disconnected from society through the modern cultures of home working absolute dependence on smartphones and the ability to stream television and cinema into their living rooms on demand These modern factors conspire to break the connections between fellow human beings and this can render recovering from bereavement heartbreak and other life trials especially hard The enforced isolation of lockdown served to strengthen and normalize human disconnection which has arguably led to a disturbing deterioration in the nations mental health Reflections from the Top of the World presents a powerful alternative philosophy of connection mutual endeavour and achievement A philosophy that does not necessarily require individuals to climb the world s largest freestanding mountain but one that encourages reflection on the root causes of sadness and joy The ultimate conclusion is a convincing belief that whatever life throws you there will always be new happiness to look forward to if you just keep going

The Gramophone ,1927      **The Aeroplane** ,1919      *Flying, Fighting and Reflection* Peter Jacobs,2018-09-30 This is the thrilling account of the last remaining Battle of Britain ace fighter pilot Tom Ginger Neil Neil was one of an elite band nicknamed The Few by Winston Churchill he flew Hurricanes during 141 combat missions in that battle and went on to command the first Spitfire XII squadron during 1942 43 as the RAF went on the offensive in north west Europe In this the only full account of Neil s life to be published in collaboration with his family we learn how he became a poster boy for the war effort and how he credits his sixth sense for keeping him alive during the Second World War There was however one terrifyingly close brush with death when in 1940 he had a mid air collision with another Hurricane With the rear section of his aircraft gone the plane was out of control and hurtling to the ground yet somehow he managed to bail out and miraculously survived with only a minor leg injury As well as RAF service during the Siege of Malta Wing Commander Neil who is now in his late nineties also served with the Americans during the D Day landings During his career Neil was awarded two Distinguished Flying Crosses for the destruction of at least fourteen enemy aircraft and was a successful test pilot after the war before commanding a jet fighter reconnaissance squadron in Egypt s troubled Canal Zone during the 1950s for which he was awarded the Air Force Cross With contributions from the man himself this book also looks at his life after the RAF and his career as a successful author For military buffs and novices alike it is a must read account of a true war hero
