Macintosh Troubleshooting Pocket Guide for Mac OS David Lerner, Aaron Freimark, Tekserve Corporation, 2002-11-20 The press has called Tekserve Corporation the idiosyncratic Macintosh repair store in New York City. The Epicenter of Mac Culture in NYC. The leader in Apple triage services and warm and eclectic, maybe even a little eccentric. Unfortunately not everyone can get down to Tekserve's West 23rd St location for the clear down to earth Mac troubleshooting advice that Tekserve's owners dispense. For the rest of us O'Reilly Associates has published the Macintosh Troubleshooting Pocket Guide 12/95 written by David Lerner and Aaron Freimark of the world's best Macintosh repair shop. This slim pocket guide has the answers to frequently asked Macintosh troubleshooting questions. Imagine the quirky record store in the movie *High Fidelity* or the popular Car Talk show on National Public Radio and you'll have a good idea of this book's flavor. Tekserve has long provided its customers with a free Frequently Asked Questions document. We recently discovered this FAQ sheet and realized that like New York itself it was too good to leave just for the New Yorkers. With the help of Tekserve we turned this FAQ sheet into the Macintosh Troubleshooting Pocket Guide. The Macintosh Troubleshooting Pocket Guide covers the most common user hardware and software trouble from disks stuck in drives to lost files. It's not just a book for Mac OS X although it includes tips for OS X and Jaguar the latest release it's for anyone who owns a Mac of any type there are software tips going back as far as OS 6. The Macintosh Troubleshooting Pocket Guide distills the answers to the urgent questions that Tekserve's employee's answer every week into a handy guide that fits in your back pocket or alongside your keyboard
