Machinery Of Dominance Women Men And Technical Knowhow Northeastern Series In Feminist Theory:

Machinery of Dominance Cynthia Cockburn,1988 **The Everyday World As Problematic** Dorothy E.

Smith,2012-01-15 In this collection of essays sociologist Dorothy E Smith develops a method for analyzing how women and men view contemporary society from specific gendered points of view She shows how social relations and the theories that describe them must express the concrete historical and geographical details of everyday lives A vital sociology from the standpoint of women the volume is applicable to a variety of subjects and will be especially useful in courses in sociological theory and methods Feminist Bookstore News ,1990 **Feminist Media Studies** Alison Harvey,2019-11-20 Feminist

Media Studies is a cutting edge introduction to the core and emerging theories methods and approaches in a field that has blossomed over the past twenty five years Adopting an intersectional approach a framework concerning the interconnected character of oppression based on gender race class and other constructed identities Alison Harvey takes a global view of gendered practices in and around the media She provides an accessible overview of classical and contemporary issues in media culture by exploring the past present and future of feminist media studies accounting for changes in the media landscape from digital technologies and globalized media systems to emergent inequalities discourses and practices By engaging with research from a diverse body of scholarship this book situates feminist media studies as vital to researching and analysing a range of significant issues The go to textbook for a new generation of students as well as an important resource for scholars Feminist Media Studies is both an exciting invitation to the field and a passionate call to arms **The**

Conceptual Practices of Power Dorothy E. Smith,1990 Beginning with women s experience the author examines the field s actual practices of reasoning and conceptualization She argues that standard sociological methods of inquiry make use of ideological practices transforming the actualities of people s lives into a formalized picture lacking subjects and subjectivity The method of Smith recommends anchors a Marxist materialism based in people s activities to a woman s stand point based in experience She uses this method in a radically original way to explore ideology and objectified knowledge as the conceptual practices of ruling Smith is equally concerned with the application of sociological ideology to the human service bureaucracy and the way institutions of mental health reconstruct women s lives She provides meticulous accounts of the ways in which police reports government statistics hospital records and pschiatric files are ideologically interpreted transforming a person s life history in the process In a revelatory chapter on the biographer Quentin Bell s account of Virginia Woolf s suicide the author demonstrates how the text implicates the reader in the objectification of Woolf s psychiatric problems Highly critical of current sociological practices The Conceptual Practices of Power both recommends and exemplifies the alternative approach that Smith presented in her earlier work That Everyday World as Problematic also published by Northeastern University Press **Challenging Knowledge, Sex and Power** Julie E. Mills,Suzanne

Franzway,Judith Gill,Rhonda Sharp,2013-07-18 Women in the developed world expect to work in the labour force over the

course of their lives On finishing school more girls are entering universities and undertaking professional training for careers than ever before Males and females enter many high status professions in roughly equal numbers However engineering stands out as a profession that remains obstinately male dominated Despite efforts to change little progress has been made in attracting and retaining women in engineering This book analyses the outcomes of a decade long investigation into this phenomenon framed by two questions Why are there so few women in engineering And why is this so difficult to change The study includes data from two major surveys accounts from female engineers in a range of locations and engineering fields and case studies of three large engineering corporations The authors explore the history and politics of several organisations related to women in engineering and conclude with an analysis of a range of campaigns that have been waged to address the issue of women s minority status in engineering Challenging Knowledge Sex and Power will be of great interest to students of feminist economics and is also relevant to researchers in women s studies and engineering education

Feminist Vigilance Patty Sotirin, Victoria L. Bergvall, Diane L. Shoos, 2021-01-04 This collection advances vigilance as a critical feminist concept and strategy for addressing contemporary challenges The assembled chapters develop feminist vigilance by elaborating concrete examples that emphasize action ethics and hope Chapter authors expand on current feminist discussions about such issues as Black women s self care and anticipatory vigilance media portrayals of race gender and violence religion and social justice technofeminist activism postcolonial feminist critique research ethics and collective civic action The contributions engage with larger discussions of social precarity public anxiety post feminist appeals and future feminist trajectories Particular benefits of the collection include relatable content based in contemporary experiences insightful and pragmatic conceptions of vigilance from feminist perspectives and critical engagement with issues of intersectionality agency embodiment and care ethics The collection aims to address the need for productive academic responses to contemporary challenges to gendered identities feminism and intersectional relations that avoid abstractions or overwhelmingly negative analyses Instead this collection invites readers to engage in feminist vigilance as a fresh perspective commitment and strategy

Handbook of Gender and Technology Eileen M. Trauth, Jeria L. Quesenberry, 2023-02-14 Written in an accessible style with comprehensive coverage the Handbook of Gender and Technology provides an excellent foundation examining gender equity in technology fields Covering the state of the art chapters consider three key influences environmental identity and individual to highlight interventions to address the gender gap in technology

Women, Work and Computerization A. Frances Grundy, 1997-05-20 This volume considers the submissions to the 6th International IFIP TC 9 WG 9.1 Conference on Women Work and Computerization WWC 97 The conference provides an interdisciplinary forum for researchers practitioners and users in the field of information technology In this book the authors discuss how different areas of society are being transformed by computer technology but with particular emphasis on changes in women s work and life and how these have come about Such transformations include the transitions from women s traditional work to work

based on modern technology from communicating within personal communities to communicating within virtual communities from traditional job gendering to new perspectives on who does what

International Encyclopedia of Human Geography, 2019-11-29 International Encyclopedia of Human Geography Second Edition Fourteen Volume Set embraces diversity by design and captures the ways in which humans share places and view differences based on gender race nationality location and other factors in other words the things that make people and places different Questions of for example politics economics race relations and migration are introduced and discussed through a geographical lens This updated edition will assist readers in their research by providing factual information historical perspectives theoretical approaches reviews of literature and provocative topical discussions that will stimulate creative thinking Presents the most up to date and comprehensive coverage on the topic of human geography Contains extensive scope and depth of coverage Emphasizes how geographers interact with understand and contribute to problem solving in the contemporary world Places an emphasis on how geography is relevant in a social and interdisciplinary context

Feminization of the Clergy in America Paula D. Nesbitt, 1997-04-24 Feminization is said to occur when women enter any given occupation in substantial numbers and ostensibly leads to such dynamics as sex segregation reduced opportunities for men and depressed wages and diminished prestige for the occupation as a whole Spanning more than 70 years Paula Nesbitt's study of feminization concentrates on the Episcopal Church and the Unitarian Universalist Association utilizing both statistical results and interviews to compare occupational patterns prior and subsequent to the large influx of women clergy Among her findings the author discovers that a decline in men's opportunities is evident before the 1970s preceding the great influx of women over the last two decades She also finds that increases in the number of women ordained reduced occupational prospects for other women but enhanced those for men thus contradicting the popular myth that women in the workplace are responsible for occupational decline

Men as Managers, Managers as Men David Collinson, Jeff Hearn, 1996-09-28 Most managers in most organizations in most countries are men This book is the first international work to address the relationships between men masculinities and managements It examines the processes through which gendered managerial structures cultures and practices are reproduced Exploring top and middle managers entrepreneurs corporate executives and public and private sector managers the book breaks new ground by critically examining the gendered power processes that have largely been assumed and ignored by conventional organizational and management theory As well as providing new insights into how managements and masculinities may reinforce each other this challenging book ultimately explores the ways in which

Cultural Studies Michael Ryan, 2008-05-19 CULTURAL STUDIES This comprehensive anthology brings together classic and contemporary essays in the diverse field of Cultural Studies It is designed for classroom use in a variety of settings and departments from Communications and Film Studies to Literature and Anthropology With an international scope and interdisciplinary approach this book represents the diversity depth and leading scholarship of this complex field This

important new anthology Provides an overview of the history of the discipline and argues for better placement of Cultural Studies within the academy Offers a range of important perspectives on key topics including policy gender sexuality ethnicity identity visual culture and diaspora Has an advisory board composed of leading scholars and an internationally renowned general editor Cultural Studies An Anthology is an indispensable scholarly and pedagogical tool which fills a longstanding gap in the literature of the field It will be essential reading for scholars and students in Cultural Studies and the many related disciplines with which it engages

Rhetoric and Composition As Intellectual Work Gary A. Olson, 2002 In response to those who insist that rhetoric and composition should remain only a service discipline editor Gary A Olson's Rhetoric and Composition as Intellectual Work demonstrates that it already is an intellectual discipline that for at least a quarter of a century the field has developed an impressive tradition of intellectual work in a remarkable assortment of subject areas Rhetoric and Composition as Intellectual Work suggests the diversity of intellectual projects that have and will continue to make rhetoric and composition more than a service to the university more than a field devoted solely to improving writing pedagogy and more than a preliminary to literary studies This collection of nineteen essays by some of the most distinguished scholars in the discipline illustrates that rhetoric and composition has much to contribute to the intellectual milieu of the contemporary university as the field continues to push its disciplinary borders and discover new sites of investigation

Publisher's description **Power and Influence in Organizations** Roderick Moreland Kramer, Margaret A.

Neale, 1998-08-11 This volume is a readily accessible compilation of current original scholarly research in the area of power and influence in organizations It offers a rich exploration of emerging trends and new perspectives

New Frontiers of Space, Bodies and Gender Rosa Ainley *Nfa*, Rosa Ainley, 2002-01-04 This collection unravels the stereotypical images of gender and space and presents a series of new explorations into both lived and imagined spaces In New Frontiers of Space Bodies and Gender leading contemporary writers from across an eclectic mix of disciplines examine an exciting array of issues such as Jamaican Ragga music and female performance Feminist anti violence work Pregnant women's experience of shopping centres The fear of crime felt by women using urban greenspace Implications of technology in gendering identities This book forges new parameters for debates of gender and space leaving behind the simple focus on women as victim in the public arena and remapping considerations of space which look beyond bricks and mortar Contributors Aylish Wood Robyn Longhurst Ali Grant Lesley Klein Affrica Taylor Inga Lisa Sangregorio Jacqueline Leavitt Tracey Skelton Nina Wakeford Jos Boys Sally R Munt Doreen Massey Jacquie Burgess Maher Anjum Lynne Walker

Feminism, Republicanism, Egalitarianism, Environmentalism Yulia Maleta, 2019-08-23 This book addresses hegemonic ruling class masculinity and emphasized femininity within renewables organisational governance and critiques Anglo Celtic male privilege as a barrier to women's leadership participation Primarily using the Australian socio political context the author considers the patriarchal control of organisations and renewables governance and argues that women led emphasized femininity resistance strategies

can challenge the hegemonic status of ruling elites to create a leadership that is less power oriented more collaborative and open to change Utilising detailed interviews with Australian women environmentalists together with feminist sociological and social movement theory whilst considering the historic context of Red Vienna and contemporary political challenges Brexit Monarchism etc it puts forward an innovative policy framework for an Australian Bill of Rights Act and republican constitutional change Written for academics activists and policymakers alike this book offers a unique insight into women s inequity within patriarchal institutionalist governance It will be engaging and inspiring reading for feminist and environmentalist activists and practitioners in addition to professional associations focussing on gender justice and environmental change Academics and postgraduates in Gender Studies Ecofeminism Sociology and Organisational Studies will also find the book of key interest in its interdisciplinary discussions of Sustainable Scientific Technological Development Initiatives SSTDI and feminism in an Australian political context *Into the Future: The Foundations of Library and Information Services in the Post-Industrial Era*, 1993 *Space, Gender, Knowledge: Feminist Readings* Linda McDowell, Joanne Sharp, 2016-04-29 Space Gender Knowledge is an innovative and comprehensive introduction to the geographies of gender and the gendered nature of spatial relations It examines the major issues raised by women s movements and academic feminism and outlines the main shifts in feminist geographical work from the geography of women to the impact of post structuralism In making their selection the editors have drawn on a wide range of interdisciplinary material ranging across spatial scales from the body to the globe The book presents influential arguments for the importance of the intersection between space and gender Looking both at geography and beyond the discipline it explores the gendered construction of space and the spatial construction of gender Divided into a number of conceptual sections each prefaced by an editorial introduction this reader includes extracts from both landmark texts and less well known works making it an indispensable introduction to this dynamic field of study **Bodyspace** Nancy Duncan, 1996 A collection of some of the best known geographers currently writing on gender and sexuality Issues such as citizenship work domestic and homophobic violence and marginalized sexual identities are examined within a geographical context
