The Magic of Spider Woman Lois Duncan, 2014-04-30 Award winning author Lois Duncan and Navajo artist Shonto Begay collaborate in this enchanting Navajo teaching tale Through the magic of Spider Woman a young girl learns one of the most vital lessons of Navajo culture the importance of leading a balanced life      **Magic of Spider Woman** Lois

Duncan, 2000-01-01 Retells the Navajo tale of how a stubborn girl learns from the Spider Woman how to keep life in balance by respecting its boundaries      **Hopi Stories of Witchcraft, Shamanism, and Magic** Ekkehart Malotki, Ken

Gary, 2006-02-01 The traditional Hopi world as reflected in Hopi oral literature is infused with magic a seamless tapestry of everyday life and the supernatural That magic and wonder are vividly depicted in this marvelous collection of authentic folktales For the Hopis the spoken or sung word can have a magical effect on others Witchcraft the wielding of magic for selfish purposes by a powaqa or sorcerer has long been a powerful malevolent force Sorcerers are said to have the ability to change into animals such as a crow a coyote a bat or a skeleton fly and hold their meetings in a two tiered kiva to the northeast of Hopi territory Shamanism the more benevolent but equally powerful use of magic for healing was once commonplace but is no longer practiced among the Hopis Shamans or povosyaqam often used animal familiars and quartz crystals to help them to see diagnose and cure illnesses Spun through these tales are supernatural beings otherworldly landscapes magical devices and medicines and shamans and witches One story tells about a man who follows his wife one night and discovers that she is a witch while another relates how a jealous woman uses the guise of an owl to make a rival woman s baby sick Other tales include the account of a boy who is killed by kachinas and then resurrected as a medicine man and the story of a huge rattlesnake a giant bear and a mountain lion that forever guard the entrance to Maski the Land of the Dead      Knowing - A Study In Spiritual Genealogy Kurt Edward Fishback, 2014-08-29 This book contains the story of my

nine year journey to understanding my true identity as a spiritual being having a human experience A number of modalities were used to discover what I now know shamanic journey dream awareness and past life regression both self directed and using a professional hypnotherapist This is my story and need be no one s else The simple truth is that all this was shared with me through a desire to know myself and how I might be of service as an incarnated human being on Earth The peace I have found is inestimable and also very simple In truth there are no words that can fully describe my experience or the knowing I have gained The stories shared with me are layers of who I am and exist on paper to help my human mind make sense of what I feel and know on a much deeper level It is my hope that the peace I have found can be of assistance as an example of what is possible to someone else      Grand Expectations James T. once the most particular and the most universal feature of civilization representing common concerns that each society voices in its own idiom Whether an Egyptian story of creation or the big bang theory of modern physics myth is metaphor mirroring our deepest sense of ourselves in relation to existence itself Now in *The World of Myth* Leeming provides a sweeping anthology of myths ranging from ancient Egypt and Greece to the Polynesian islands and modern science We read stories of great floods from the ancient Babylonians Hebrews Chinese and Mayans tales of apocalypse from India the Norse Christianity and modern science myths of the mother goddess from Native American Hopi culture and James Lovelock's Gaia Leeming has culled myths from Aztec Greek African Australian Aboriginal Japanese Moslem Hittite Celtic Chinese and Persian cultures offering one of the most wide ranging collections of what he calls the collective dreams of humanity More important he has organized these myths according to a number of themes comparing and contrasting how various societies have addressed similar concerns or have told similar stories In the section on dying gods for example both Odin and Jesus sacrifice themselves to renew the world each dying on a tree Such traditions he proposes may have their roots in societies of the distant past which would ritually sacrifice their kings to renew the tribe In *The World of Myth* David Leeming takes us on a journey not through a maze of falsehood but through a marvellous world of metaphor metaphor for the story of the relationship between the known and the unknown both around us and within us Fantastic tragic bizarre sometimes funny the myths he presents speak of the most fundamental human experience a part of what Joseph Campbell called the wonderful song of the soul's high adventure
