Balkans but also created a flourishing state in the Volga region of Russia The Khazars and the Alans share a chapter as do the Pechenegs and Cumans Kipchaks while the Turks merit a dedicated chapter Last but not least are the Mongols who are traced from the unification of their tribes to the death of the great Genghis Khan By describing the military organization weapons and tactics of these nomadic peoples the author shows how they dominated the battlefields of the world for almost 1 000 years thanks to their superior capabilities He also discusses how they interacted with other civilizations and how the latter learned a lot from them especially militarily Without the existence of the warlike nomadic peoples of the Eurasian steppes the history of the world would have been very different
