Accessions Index, 1956 **Redefining Hungarian Music from Liszt to Bartók** Lynn M. Hooker, 2013-10-25 Some of the most popular works of nineteenth century music were labeled either Hungarian or Gypsy in style including many of the best known and least respected of Liszt's compositions In the early twentieth century Béla Bartók and his colleagues questioned not only the Hungarianness but also the good taste of that style Bartók argued that it should be discarded in favor of a national style based in the genuine folk music of the rural peasantry Between the heyday of the nineteenth century Hungarian Gypsy style and its replacement by a new paradigm of authentic national style was a vigorous decades long debate one little known inside or outside Hungary over what it meant to be Hungarian European and modern Redefining Hungarian Music from Liszt to Bartók traces the historical process that defined the conventions of Hungarian Gypsy style Author Lynn M Hooker frames her study around the 1911 celebration of Liszt's centennial In so doing she analyzes Liszt's problematic role as a Hungarian born composer and leader of Hungarian art music who spent most of his life outside of Hungary and questioned whether Hungary's national music was more the creation of Hungarians or Roma Gypsies The themes of race and nation that emerge in the discussion of Liszt are further developed in an analysis of discourse on Hungarian national music throughout the Hungarian press in the late nineteenth and early twentieth centuries Showing how the discovery of genuine folk music by Bartók and Kodály often depicted as a purely scientific matter responds directly to concerns raised by earlier writers about the problem of Hungarian music Hooker argues that the innovations of Bartók and Kodály and their circle are not so much in correcting a flawed concept of the national as in using the idea of national authenticity to open up freedom for composers to explore more stylistic options including the exploration of modernist
