Main Works: Writings in the philosophy of culture Paul Tillich, 1990 **Theology at the End of Culture** Russell Re Manning, 2005 This book is a reconsideration of Paul Tillich's 1886-1965 project of a theology of culture and art Concentrating on Tillich's widely neglected pre-emigration writings 1910-1933 Re Manning reconstructs and defends Tillich's proposals for theology of culture as a philosophically sophisticated programme of theological engagement with culture and art On the boundary between the extremes of liberal Christian humanism and neo-orthodox isolationism Tillich's project is shown to be a powerful continuation of the mediatory intentions of the Schleiermacher-Troeltsch line of modern Protestant theology to overcome the intolerable gap between religion and culture Drawing heavily on Tillich's incorporation of Schelling's positive philosophy into the deep structure of this theology Re Manning argues that Tillich's Idealistic Romantic theology of mediation provides a way through the entrenched oppositions of the divided mind of twentieth-century theology to a constructive theology of cultural engagement Further this book offers an assessment of the continued relevance of Tillich's project in the situation of contemporary philosophical theology Beyond the dominant antithetical types of postmodern theology Mark C Taylor's a theology and the radical orthodoxy of John Milbank Re Manning argues for the possibility of a Tillichian postmodern theology of culture able to engage with the spiritual situation at the end of culture □□□□□□ □□□□ 2000, Being Versus Word in Paul Tillich's Theology / Sein versus Wort in Paul Tillich's Theologie Gert Hummel, Doris Lax, 2011-07-11 **Paulus, Then and Now** John Jesse Carey, 2002 Is The Courage to Be still a viable analysis of the human situation Does Tillich's positive sense of Eros illumine our intense discussions of human sexuality Does Postmodernism really dissolve Tillich's major assumptions Can Tillich contribute to the contemporary discussion of science and religion How does his work stand when compared to other writers on creation such as Langdon Gilkey and Sallie McFague Given the paradoxes of Tillich's life is his ethical theory still viable In *Paulus Then and Now: A Study of Paul Tillich's Theological World and the Continuing Relevance of his Work* John J Carey clarifies previously neglected foundational aspects of Tillich's thought Carey places Tillich's theological work in political, social, economic and scholarly context He also explains Tillich's thinking on Luther, Marx, history and politics and his unique perspective on the Bible and on biblical authority Having accomplished these things Carey then moves to show how Tillich's thinking can be applied to contemporary problems **The Young Bonhoeffer** Dietrich Bonhoeffer, 2003 Volume 11 in the sixteen-volume Dietrich Bonhoeffer Works English Edition Ecumenical, Academic and Pastoral Work 1931-1932 provides a comprehensive translation of Bonhoeffer's important writings from 1931 to 1932 with extensive commentary about their historical context and theological significance This volume covers the significant period of Bonhoeffer's entry into the international ecumenical world and the final months before the beginning of the National Socialist dictatorship It begins with Bonhoeffer's return to Berlin in June 1931 after his year of study in the United States In the crucial period that followed Bonhoeffer continued his preparations for the ministry began teaching at

Berlin University and became active at international ecumenical meetings His letters and lectures however also document the economic and political turbulence on the European and world stage and Bonhoeffer directly addresses the growing threat of the Nazi movement and what it portends not only for Germany but for the world Several of the documents in this volume particularly the student notes of his university lecture on The Nature of the Church and his lectures on Christian ethics give important insights into his theology at this point His ecumenical lectures and reports are significant documents for understanding the ecumenical debates of this period Publisher description

Religion - Kultur - Theologie Martin Harant,2009 Sowohl Ernst Troeltsch als auch Paul Tillich unternahmen den Versuch im Rahmen des neuzeitlichen Paradigmenwechsels in der Geistes und Kulturgeschichte eine Religions und Kulturtheorie in christentumstheoretischer Verantwortung zu entwickeln In dieser Arbeit wird gezeigt auf welchen methodologischen Grundentscheidungen die jeweils unterschiedlichen Verh

The Multi Business Model Innovation Approach Peter Lindgren,2022-09-01 It is argued in most academic literature that Business Model BM is a general model for how any business runs or should be run it is the blueprint of the business Conversely we argue that no business has just one BM one model on which it runs all its business or intends to run its business In other words the BM can be used for as is and the to be businesses However our research in

contrast to the other BM frameworks indicates that businesses have more BMs both as is and to be BMs the multi business model approach This was already theoretically indicated by Markides and Charitou in 2004 and again in the Casadesus Masanell and Ricart model of 2010 but sadly no one in the BM community has followed up on this since then It could have made a breakthrough in our understanding of BMs Business Model Innovation BMI and Strategic BMI The Multi Business Model Innovation Approach addresses the concerns in the BM community and in BMI practice to just focus on the ideation and conceptualization of BMs BM canvassing innovating BM building blocks or BM dimensions when carrying out BMI so called blind business model innovation is not sufficient to run and understand a business today BMs and BMI must address all the different levels in a business All BMs are objects to BMI and should be used to maximize the performance and sustainability of the business The core business and all levels BMs such as BM dimension components BM dimensions BM portfolio and Business Model Ecosystem BMES should all be considered for BMI The book addresses and documents a gap in BM research and the BM community but also proposes a generic definition and language of a BM and BMI layers The significance and importance of this work is related to significant and unexplored possibilities that BMI offers today and can offer tomorrow When we thoroughly understand all levels dimensions and components of the business and its business models and we are able to communicate work and innovate with business models at all levels together then a next step in BM and BMI research and practice can be taken It is proposed that any BMs are related to seven dimensions value proposition user and or customer value chain functions internal competence network relations and value formulae It is further proposed that seven different levels of a BMI from the most detailed level the BM dimension component to the BM dimension BM BM portfolio business and the vertical and horizontal business model ecosystem layer and these can be objects to BMI Conceptually the Business Model Cube was formed using the seven dimensions which could be used both in a 2D and a 3D version Herausforderungen an uns - lateinamerikanische Befreiungstheologie trifft auf Europa Detlef Schwartz, 2018-08-31 Dr theol Dr phil Detlef Schwartz Pfarrer i R und langj hriger nebenamtlicher Universit tsdozent in Deutschland und den USA beschreibt die Herausforderung die die lateinamerikanische Befreiungstheologie an uns stellt Er setzt dabei mit der Kulturtheologie Paul Tillichs an und ordnet sie der pluralistischen Religionsp dagogik zu Hieraus entwickelt er Denkstrukturen um sowohl in Gemeinde als auch im Religionsunterricht einen theologisch notwendigen Perspektivwechsel zu erlernen
