The Nouveau Roman and Writing in Britain After Modernism Adam Guy, 2019 This volume explores the influence of the avant garde French novel form known as Nouveau Roman on experimental prose fiction and post war literary culture in Britain

Understanding Alain Robbe-Grillet Roch C. Smith, 2000 Transforming bewilderment into understanding and pleasure while preserving a sense of Robbe Grillet s considerable richness and complexity Smith elucidates the defining elements of the writer s fictional world characters that barely exist changeable narrators plots that defy logic notoriously meticulous descriptions that never quite form a complete story Smith examines Robbe Grillet s embrace of discontinuity circularity indeterminacy and linguistic play Smith also poses questions about how we should view this perplexing writer as an author of hyperobjective novels and short stories a subjective novelist a realist or a writer who undermines the narrative s claim to represent reality In addition Smith evaluates the sado erotic imagery of Robbe Grillet s middle and late novels as a metaphorical play with textual and social conventions

Jalila Hadjji, 2016 Un objet qui cache un homme et un homme qui devient un objet telle est la problématique principale de cette recherche Soit deux postures quasiment inverses respectivement portées par les œuvres de Robbe-Grillet et de Mahfouz d'un côté et par J. Hadjji et que cette critique n'aura de cesse d'interroger tout au long de ce travail En effet cette divergence entre ces deux auteurs l'un français et l'autre égyptien est dans le même temps recouverte par leur commune appartenance au mouvement du Nouveau roman et par les rapports étroits que tous deux ont entretenus avec le cinéma De l'un à l'autre autopsie donc des relations qui se trament entre l'homme et le réel entre le dedans et le dehors au sein de leurs textes

romanesques de l'esthétique qui s'engage mais encore de la philosophie qui en mane Si l'essai littéraire de J Hadjji est l'occasion de relire les oeuvres de Robbe Grillet il est encore grâce à l'entreprise comparatiste une fenêtre ouverte sur la production de l'égyptien Mahfouz L m me se situe certainement la vertu principale de cet ouvrage qui largit nos perspectives nous initie à l'originalité et à l'histoire d'autres littératures tout en soulignant les mouvements réflexifs et esthétiques qui animent par-delà les frontières des textes apparemment distants

Page 4 of cover **Exposure** Kathryn Banks, Joseph Harris, 2004 The notion of exposure underlies much modern thinking about identity representation ethics desire and sexuality This provocative notion is explored in a collection of essays selected from and inspired by the proceedings of a conference held in the Department of French at the University of Cambridge in 2002 The authors engage with exposure as both object and mode of representation in a range of cultural media literature critical theory visual art and film They analyse a variety of works from the medieval early modern and modern periods examining not only canonical texts such as Montaigne's *Essais* but also lesser studied works such as the psychoanalytic theory of Didier Anzieu the photomontage self portraits of Claude Cahun and the novel *La Nouvelle Pornographie* by Marie Nimier This volume thus both illustrates and more importantly interrogates the richness of the term exposure in a way that is stimulating for students and researchers alike

Historical Dictionary of French Literature John Flower, 2013-01-17 Almost all of us know French literature even if we don't know French because it is probably the second largest and certainly the most translated into English And even if we don't read we would have seen film and television versions think Count of Monte Cristo and even a musical rendition Les Mis So this is a particularly interesting volume in the literature series since it covers French literature from the earliest times to the present It is also a particularly rich literature espousing every genre from poetry to novel to biography to drama and adopting every style including realism and surrealism and expressing the views of all classes and political stands with recently strong feminist and gay strains Obviously the core dictionary section includes among its panoply of often substantial and detailed entries hundreds of authors dozens of significant works the various styles mentioned above and many others events that have impacted literature such as the Dreyfus Affair and the Algerian War and literary prizes The chronology manages to cover about 1 200 years of literary output And the introduction sets it all out neatly from one historical and literary period to the next The bibliography broken down by period and author directs us to further reading in both French and English

The Survival of the Novel Neil McEwan, 1981-11-26 Claude Simon Celia Britton, 2014-09-19 This is a major study of the Nobel prize winning French novelist Claude Simon Simon is a complex figure for all that he writes in a distinctively modern fictional tradition exemplified by Proust Joyce Beckett and Robbe Grillet his novels contain strong elements of visual representation alongside a very different kind of free floating anti realist writing

International Postmodernism Hans Bertens, Douwe W. Fokkema, 1997-02-20 Containing more than fifty essays by major literary scholars International Postmodernism divides into four main sections The volume starts off with a section of eight introductory studies dealing with the subject from different

points of view followed by a section that deals with postmodernism in other arts than literature while a third section discusses renovations of narrative genres and other strategies and devices in postmodernist writing The final and fourth section deals with the reception and processing of postmodernism in different parts of the world Three important aspects add to the special character of International Postmodernism The consistent distinction between postmodernity and postmodernism equal attention to the making and diffusion of postmodernism and the workings of literature in general and the focus on the text and the reader i e the reader s knowledge experience interests and competence as crucial factors in text interpretation This comprehensive study does not expressly focus on American postmodernism although American interpretations of postmodernism are a major point of reference The recognition that varying literary and cultural conditions in this world are bound to produce endless varieties of postmodernism made the editors Hans Bertens and Douwe Fokkema opt for the title International Postmodernism

Defective Inspectors: Crime-fiction Pastiche in Late Twentieth-century French Literature Simon Kemp, 2017-07-05 Crime fiction is a popular target for literary pastiche in France From the nouveau roman and the Oulipo group to the current avant garde writers have seized on the genre to exploit it for their own ends toying with its traditional plots and characters and exploring its preoccupations with perception reason and truth In the first full length study of the phenomenon Simon Kemp s investigation centres on four major writers of the twentieth century Alain Robbe Grillet b 1922 Michel Butor b 1926 Georges Perec 1936-82 and Jean Echenoz b 1947 Out of their varied encounters with the genre from deconstruction of the classic detective story to homage to the roman noir Kemp elucidates the complex relationship between the pasticheur and his target which demands an entirely new assessment of pastiche as a literary form

Limits of the Novel David I. Grossvogel, 2019-06-30 What are the limits of the novel What is the relationship between a work of fiction and reality How does the writer engage the reader s commitment and how do successive generations of readers affect the work of art These are some of the questions that Professor Grossvogel seeks to answer in his wide ranging new study of the novel After a chapter on the relation between the novel and its reader he explores in detail the significant efforts of increasingly sophisticated authors to respond to increasingly sophisticated readers from the Middle Ages to the present Various experimental works such as *Troilus and Criseyde* *Don Quixote* *La Princesse de Cleves* *Tristram Shandy* *The Trial* *Remembrance of Things Past* and *Nausea* give lively evidence for his thesis There is also a comparative study of Joyce and Robbe Grillet as well as the concluding chapter *The Novel as Ritual* based on *Robinson Crusoe* and *The Idiot* In developing a new methodology for analyzing fiction Professor Grossvogel clarifies and characterizes the most recent experiments in novelistic technique and places them in perspective by comparing them to earlier ones His conclusions about the nature of the novel about the continuing interaction between author and reader and about the evolutions of the novel as a form are an original contribution to modern critical theory One of the first works in English to make extensive use of the methods of postwar European philosophical criticism the book will stimulate controversy and make fascinating reading for

anyone concerned with the history and future of the novel French VII Bibliography ,1964 *The Games of Fiction* David Gascoigne,2006 This book presents the first complete overview in English of the prose fiction of Georges Perec recognised since his death in 1982 as one of the most influential and innovative French writers of his generation In particular it explores in depth the nature of the numerous and often astonishing games and ludic devices which he used to generate and develop his material and to draw his readers into a playful interaction with his texts Moreover this study situates Perec s writings as the culmination of a significant tradition in twentieth century French writing that of ludic fiction whose evolution is traced from Roussel to Ricardou and the Nouveau Roman and Oulipo movements In so doing it seeks to answer two important questions why did ludic writing reach such particular prominence in the 1960s and 1970s What made its appeal for Georges Perec so special that it came to shape his whole approach to writing and led this orphan of war and holocaust to invest literary game playing with such a profound personal and cultural importance
