

Maitland A Very Neat Village

Christian G. Meyer

Maitland A Very Neat Village:

No Turning Point Theodore Corbett, 2014-11-05 The Battle of Saratoga in 1777 ended with British general John Burgoyne's troops surrendering to the American rebel army commanded by General Horatio Gates. Historians have long seen Burgoyne's defeat as a turning point in the American Revolution because it convinced France to join the war on the side of the colonies thus ensuring American victory. But that traditional view of Saratoga overlooks the complexity of the situation on the ground. Setting the battle in its social and political context, Theodore Corbett examines Saratoga and its aftermath as part of ongoing conflicts among the settlers of the Hudson and Champlain valleys of New York, Canada, and Vermont. This long more local view reveals that the American victory actually resolved very little. In transcending traditional military history, Corbett examines the roles not only of enlisted Patriot and Redcoat soldiers but also of landowners, tenant farmers, townspeople, American Indians, Loyalists, and African Americans. He begins the story in the 1760s when the first large influx of white settlers arrived in the New York and New England backcountry. Ethnic and religious strife marked relations among the colonists from the outset. Conflicting claims issued by New York and New Hampshire to the area that eventually became Vermont turned the skirmishes into a veritable civil war. These pre-Revolution conflicts, which determined allegiances during the Revolution, were not affected by the military outcome of the Battle of Saratoga. After Burgoyne's defeat, the British retained control of the upper Hudson-Champlain valley and mobilized Loyalists and Native allies to continue successful raids there even after the Revolution. The civil strife among the colonists continued into the 1780s as the American victory gave way to violent strife amounting to class warfare. Corbett ends his story with conflicts over debt in Vermont, New Hampshire, and finally Massachusetts where the sack of Stockbridge, part of Shays's Rebellion in 1787, was the last of the civil disruptions that had roiled the landscape for the previous twenty years. No Turning Point complicates and enriches our understanding of the difficult birth of the United States as a nation.

The Conventional Man Robert Alexander Harrison, Osgoode Society for Canadian Legal History, 2003-01-01 Although unusual in his driving ambitions and his consuming need to accumulate a fortune, Harrison remained in most respects thoroughly conventional and Victorian, and his diary offers unrivalled insights into the voice of the mid-nineteenth century Toronto male.

Architecture and Town Planning in Colonial North America James D. Kornwolf, Georgiana Wallis Kornwolf, 2002 Incorporating more than 3,000 illustrations, Kornwolf's work conveys the full range of the colonial encounter with the continent's geography from the high forms of architecture through formal landscape design and town planning. From these pages emerge the fine arts of environmental design, an understanding of the political and economic events that helped to determine settlement in North America, an appreciation of the various architectural and landscape forms that the settlers created, and an awareness of the diversity of the continent's geography and its peoples. Considering the humblest buildings along with the mansions of the wealthy and powerful, public buildings, forts, and churches, Kornwolf captures the true dynamism and diversity of colonial communities, their rivalries and frictions.

their outlooks and attitudes as they extended their hold on the land *Tavern in the Town* Margaret McBurney, Mary Byers, 1987 **Looking for Old Ontario** Thomas F. McIlwraith, 1997-01-01 The slogan on Ontario's licence plates Yours to Discover was designed to promote travel opportunities within the province Every year thousands of tourists drive along country roads past farmyards and through hamlets en route to popular vacation spots In *Looking for Old Ontario* Thomas McIlwraith shows that many destinations are closer at hand than one might imagine and invites travellers to rediscover familiar countryside landmarks by reading them as chapters in a rich historical narrative Surveyors long ago scored Ontario's land and generations have since inscribed it with residences businesses and institutions This book the result of thirty years of field work and archival research is a reflection on and an interpretation of the ways in which the land and its inhabitants interrelate *Looking for Old Ontario* guides readers through the vernacular landscape of the province examining barns fences jails post offices inns mills canals railways roadsides cemeteries and much more McIlwraith emphasizes ordinary features of the cultural landscape which communicate social meaning to the observant eye The landscape tells us that Ontario has been inhabited by thrifty people this we can conclude by looking at the economical use and reuse of construction materials Yet the landscape also tells us that Ontario's residents have been inclined to show off consider the province's unusually large number of elegant brick dwellings To read a landscape is to think about such connections and McIlwraith's contemplative style differentiates his work from manuals or handbooks Since landscape interpretation is a highly visual subject *Looking for Old Ontario* is extensively illustrated with photographs drawings and maps It will be useful to general readers interested in recognizing the broader meanings of their communities heritage as well as to students of geography history and planning
